

THERE is no article of household utility that must stand the hard use that falls to the lot of rugs and carpets. They accumulate the soil incident to all hangings and draperies; they are the victims of the law of gravity; they fall heir to the grit that clings to footwear, large or dainty, to the feet of grown-ups or romping youngsters.

To add insult to injury, they must be the treadmill of the household, where this accumulated grit and soil grinds the life and wear out of the threads and fibres.

You have such rugs or carpets in your home. Thorough cleansing, such as we give them—at proper intervals—adds new life and greatly prolongs their usefulness.

May we not have the opportunity of demonstrating to you the excellent quality of our Rug and Carpet cleaning

### What About Your Washings?

Are you going to keep on being fretted and bothered with them, or will you let us put your clothes in our snowy suds and return them to you pure, clean and white, all flat pieces nicely ironed, the balance ready to iron? If you knew how many other women were employing us you would begin with us now.

### M. E. CHURCH

The special services—  
The special services begun last Sunday evening, hold the center of attention. Every effort will be made to enlist the cooperation of every Christian person in carrying this campaign into every home in the community; to bring a renewed sense of the presence of the Spirit of God and His power to those Christians who thru neglect of Christian duties and privileges and indulgence of the individual desires, and ambitions, have lost the clear consciousness of the indwelling Christ and the peace and abundant joy derived from His service; to awaken those persons who have experienced certain inexplicable outgoings of soul toward the unseen, hungerings and thirstings that nothing, so far, has satisfied; who have been lavish in the expenditure of time, money and energy in the effort to satisfy and who are willing to go the limit in every way to secure the satisfaction they feel they must have but who up to date have found after each effort the vacuum enlarged, the needs intensified and the soul more shriveled and dwarfed; to awaken these persons to the fact that it is the God revealed in Jesus Christ whom they desire and that He can only satisfy and cause the life to glow with a desire to serve.

This campaign has been born in prayer. The business men's gospel teams have been praying for the success of these meetings long since. We of the church have also been praying. These earnest prayers will be answered.

Last Sunday's Services—

Sunday was a big day. In addition to Mrs. Valentine of Granville church Chicago to represent the W. F. M. S. we had Mr. Morris, a mechanical engineer, a member of the second Presbyterian church of Chicago, with us at the morning, afternoon and evening services. In the evening Mr. W. O. LaMonte, the lawyer-evangelist, of the same church, Mr. Gresham of the Munson Supply Co., and a young man member of the gospel teams with us. These men make religion the most up-to-date matter on earth.

We most heartily invite the people of Highland Park and Highwood to attend these meetings.

Services for the week—

There will be a service each night this week. A different team will be present each night.

S. S. at 9:30.

Morning worship at 10:45.

Conference and prayer service at 3 p. m.

Epworth League at 6:30.

Evangelistic service at 7:30. At this service Mr. N. D. Nielson, a prominent manufacturer and business man of Cincinnati, will be in charge.

Mr. Nielson has built up a great business and is a man of independent means. He is devoting all of his time to the National Gospel team work.

For a period he will be in Chicago. He has a wonderful message. We assure you that no business man can afford to miss hearing him.

### HIGH SCHOOL NOTES

La Grange high school scored a double victory over Deerfield's quintets on Friday afternoon. Both games were very close and many times during the struggle for supremacy on the floor the rooters were thrilled by spectacular attempts of one team or the other to cage a shot. The Deerfield lightweights led by a score of 6 to 4 until the final minute of the game, when the referee deemed it necessary to call two fouls on the home team, one of them giving their opponents two shots. Heapses of La Grange made all of the throws successfully and won for his team by a score of 7 to 6. The local heavyweights were outplayed during the first half but during the second half they made a desperate attempt to overtake La Grange. When the final whistle sounded they were but two points behind, the score being La Grange 17, Deerfield 15.

A leap year party was held in the community house Friday evening by some of the intermediate girls.

Have You Traveled in Italy?

If you have not done so, you should go over now. I believe you will find some of the beautiful gardens left, not destroyed during the war. You would get an idea of the beautiful surroundings it is possible to have right here on your own grounds.

You say the climate is different. That is true; but we have a great variety of trees, shrubs, evergreens, roses and other flowers which grow very well here. Even with the limited variety we have in this country you can make your home not only beautiful, but wonderful, in Italian styles.

I am prepared to draw plans for your garden and grounds after the Italian style, and will be glad to talk over such plans with the owners of North Shore property. I handle the work either on a time basis or by contract. No job is too small to have my attention; still I am prepared to handle contracts running into thousands of dollars.

Won't you think it over? If you would like to beautify your grounds, call up Highland Park 523 now, and I will prepare a plan during the Winter. The work can then be done early next Spring. Bear in mind that a job of this kind well done never needs to be done again. You save money by having it done right.

Effects of Cigarette Habit

On Monday morning in general assembly Mr. Sandwick gave a very interesting talk on the evil effects of the cigarette habit.

He pointed out that no boy who smokes cigarettes has an equal chance in the business world; that during the war our boys needed the stimulation afforded by it. But now the war is over and there is a need for clear headed business men. In closing Mr. Sandwick made an earnest appeal to the students not to impair their health or demoralize their minds by indulging in the deadly "coffin nail."

On Friday, Feb. 20, the English students of the junior and senior classes submitted essays on "The Benefits of One Year of Military Service to a Young Man," to a board of literary critics at Ft. Sheridan. Elizabeth Dickinson's essay was considered to be the best theme but it was 180 words too long. Georgina Thompson's theme was the next best and has been sent to Washington. This contest is open to all High School students in the United States and the student who writes the best theme will be rewarded with a free trip to Washington.

The new building is nearly completed and the students are eagerly looking forward to the day when it will be at their disposal. The chemistry laboratory is practically complete. Due to the efforts of Mr. Ball, Deerfield may boast of the most up-to-date high school laboratory in the country.

Tryouts for the senior play were held on Monday afternoon in the English club room. A great many seniors entered tryouts. The results have not yet been announced.
