The Supreme Economy of the Electric Washing Machine

It assumes the heaviest drugery in the house while you merely look on. It performs the job in part of the time required in the ordinary method and does the work better. Forceful language is needed to describe its ability as a saver of labor, time and money, for contrast the few cents' worth of electricity the machine consumes in doing the week's washing with the wages of a laundress.

GRAHAM CANDIDATE FOR LOWER HOUSE

Representative Thomas Graham of Ingleside, Lake County, is to be a candidate for re-nomination and re-election as minority representative from this district which includes Lake, Boone and McHenry Counties. Mr. Graham admitted he will be a candidate at the September primaries. To date he has had no opposition in this or the other counties and reports are that the other counties, seeing that Mr. Graham has won so heavily in former elections will leave the path clear for him this year.
