WILL be glad to quote low prices for Hardy Trees, Evergreens, Flowering Shrubs, Vines, Roses, Fruit Trees, etc. We handle Seeds, Lawn Fertilizer and Garden Tools also. By close personal buying we obtained very low prices for most of our planting material. Our California Roses, mostly on their own roots, will surely please our customers as well as the price. A carload of selected Evergreens will be on the tracks in about two weeks and you can select whatever you desire personally by calling at our Sales Yards next to the Highland Park Press Office. We like to show them to you, an inspection of them does not oblige you to buy. Let us figure on whatever you want for your garden, be it a Cherry Tree or a good foundation planting.

Yours for good gardening and more of it.

Sincerely,

O. C. DOERRIER

THE SONG BIRDS OF SPRING

The annual migration of birds is one of the most wonderful things of natural life. In spite of freaks of weather, they leave their winter haunts and turn up in their summer homes at very close to the same date each year. The temperature may be colder and less spring-like than usual yet there is old Træ-penny chirping out in the bushes as cheery as ever.

There is an exquisite delicacy and tenderness in the note of the singing birds that no human voice ever attains. The most lovely instrumental tone ever invented by man makes no pretence of imitating it. The people who shut themselves up in the great cities have cut themselves off from one of the world's best joys.

The cheerful spring song of the birds brings renewed courage to human hearts, and strengthens the feeling that all's well with the world.

After a careful survey of the coal situation, it certainly looks very black.

Formerly farm hands worked according to the sun, but now you have to fit their hours to the movie theatre program.

We won't be pleased unless we please YOU. But there will be no trouble about this. We know WHAT to buy and WHERE to buy it.
