AMERICAN LEGION

In a recent communication sent to commanders of all American Legion posts in the Department of Illinois, Colonel Edward Clifford, chairman of the department's finance committee, announces that paid-up Legion memberships in Illinois have now reached the 50,000 mark, putting the state in front of all states in paid-up memberships. Of these memberships, according to Colonel Clifford's statement, 25,344 members joined during 1919, while 25,377 felt the urge and joined their former "buddies" under the Legion standard in 1920. Reminding all commanders that by the terms of the Legion constitution representation at the state convention this fall will be based upon paid-up memberships received at state headquarters, Colonel Clifford urges all post commanders to look over their lists and make a determined effort to collect and remit dues.

Col. Milton J. Foreman, state commander of the American Legion, is asking all posts in Illinois to give consideration to the problem of keeping alive during the summer months the spirit of fellowship which exists at present in the Legion. Outdoor events in which Legion members and other ex-service men and women may participate are advanced by Colonel Foreman as the most logical means of accomplishing this purpose. In a proclamation to the various posts on this subject, Colonel Foreman says: "In several localities neighboring posts are arranging for joint picnics and other forms of outdoor, get-together events. The profit of these affairs in every way cannot be over-estimated, and it is urged that your post give the matter consideration."

The state commander concludes by calling attention to the Boy Scouts of America. The value of these youths should be co-operated with in these events. The boy scouts organization, Colonel Foreman advises post commanders, is "one of the greatest forces in the development of thoroughgoing Americanism and of men fit to be Americanism and of men fit to be Americans. The value of these youths to the country will be so tremendous that I feel justified in urging the active, aggressive and militant support of every post in the American Legion."

The Boy Scouts of America, if the plans of state headquarters of the American Legion are carried through, will shortly become an active force in the campaign conducted throughout the country to get former service men and Legionnaires to reinstate their war risk insurance. All post commanders in the Department of Illinois are being requested to get in touch with the boy scout organizations in their immediate territory and have the scouts deliver reinstatement blanks to every man's home.

The cream of Illinois' tank stars and outdoor swimmers is expected to enter in the first statewide water meet of the American Legion which will be held at the Chicago Yacht club on July 11, according to an announcement by State Athletic Director Muecke. Two events of the meet will be staged for A.A.U. swimmers, but the remainder will be open only to swimmers who have never placed in A. A. U. events. Canoe racing and tilting contests will also be on the programme for the day. Entries, which are limited to American Legion members, will close June 30.

A Story of Spring

A dialogue between Mr. Commuter of Highland Park and his wife

"Why, so sad, tonight, my dear?"

"Because Springtime is coming and most of our friends have had flowers planted since last fall, while we have nothing in our garden coming up early in the Spring. I am getting very anxious to see our beautiful home surrounded by trees, shrubs, evergreen, flowers, roses, vines, a pool and fountain, a rustic tea house and a beautiful lawn."

"Well my dear, you do not need to be sad. It is not a serious matter that we have not had our plants started early, or shrubs planted last fall. We can have our place made beautiful within a short time."

"How could it be possible to have this work done within a short time?"

"Coming out on the 5:10 this evening, I heard of an honest, experienced landscape gardener named Fiori. I believe this man is interested in his work and could solve our problem."

"Good! As he is honest and experienced, why not call him on the phone and arrange to have him come over Sunday morning to discuss this matter with us?"

They did. And they are satisfied.

WHY DON'T YOU?
