COMMUNITY SERVICE

Such a protesting wall went up from so many quarters at the announcement last week that there would be a summer vacation in the dance program at the high school that the executive committee at its meeting in the committee room of the Center last night voted to continue the dances every Saturday night through the summer. The Community dance has become a habit with so many of our young people that it is with real pleasure we are able to announce the regular weekly gathering. The dance committee has served loyally and unselfishly and all credit is due the personnel of that committee for the success of the dances.

Last week six different organizations made use of the Center for their meetings. The Hoover campaign committee had an evening meeting, the Citizenship class held their regular meeting on Wednesday afternoon, the Woman's Club held three rehearsals for the Carnival on June 22, at the W. M. Wright residence, the Young Men's club held a meeting and there was a small dance on Monday night. More and more it is coming to be recognized as a convenient and cheerful place to meet friends either for business or pleasure. Meetings for any general community purposes can be held here and with sufficient notice Mr. Harris can arrange for large or small gatherings without charge of any kind. Organizations are cordially invited to make full use of the advantages offered. The best the Center Board has to offer is at the service of the community at all times.

The first baseball loss of the season was sustained when the Winnetka nine defeated the Community Service team by a score of seven to two. Next Sunday there will be a game with the Highwood nine on our own field. The Park Board has fitted up a splendid diamond on the Mooney tract of land recently purchased, and given the use of it to the Community Service of Highland Park. Here games will be played each Sunday which will be the real dedication of our own home field.

A total attendance of 4,177 is the record at the Community Center rooms last month.

LET'S BE FAIR

By O. J. H.

How few of us in these days of hustle and bustle stop long enough to give a passing thought to that man who, never daunted by failure, persisted until he had made speech over wire and through the air possible. Contrast that period in our social and business development with conditions today and give a passing thought to the men and women who have and are now devoting their time and energy to fully develop this wonderfully useful labor saving invention.

In the old days solicitors were sent to cities and towns almost begging people to take a telephone in their place of business or residence, often meeting with rebuffs. Why this change?

Today the telephone is almost as essential to the business man as the goods on his shelf. Again, why?

The answer is—Education in modern methods, and now realizing its value has the cost to the patrons increased in proportion to its value? In the old days only a few were far-sighted enough to see its value. Today not only the people in cities and towns know its value, the farmer as well is within speaking range of our voice, and it is well to realize that each new subscriber has made each other's telephone more valuable, but again, has the cost to the subscriber increased in proportion to its value? Let's admit with the high cost of labor and material that it has not. And let's be fair—let's help the Telephone company get an increase in rates to meet these present costs. Let's be fair.

All girl reserves are working toward the bazaar to be held June 19th when they hope to earn money for camping this summer at Druce lake.

Junior Employment

All high school or grade school boys or girls who desire employment whole or part time would do well to list their names and addresses with the Y. W. C. A.

Calls are coming in every day for help of this kind, especially for girls to care for children a few hours each day—or wait table and wash dishes. It is a good chance to earn spending money during the summer.

The association also has many calls for permanent work, and is glad to list all who want employment.

Senior Members

Senior girls, while planning for your summer vacation, keep in mind the wonderful advantage in going to the annual Y. W. C. A. conference at Lake Geneva, Wis., which convenes for ten days on the shores of that beautiful lake, from August 24 to Sept. 3. The rates are very reasonable and the accommodations most excellent.

Further information and folders can be obtained at the Y. W. C. A. office. Come up and talk it over with the secretary.

FOURTH-CLASS POSTMASTER EXAMINATION

The United States Civil Service Commission has announced an examination to be held at Highland Park, Illinois, on June 26, 1920, as a result of which it is expected to make certification to fill a contemplated vacancy in the position of fourth-class postmaster at Ravinia, Ill., and other vacancies as they may occur at that office, unless it shall be decided in the interest of the service to fill any vacancy by reinstatement. The compensation of the postmaster at this office was \$614 for the last fiscal year.

Applicants must have reached their twenty-first birthday on the date of the examination, with the exception that in a State where women are declared by statute to be at full age for all purposes at eighteen years, women eighteen years of age on the date of the examination will be admitted.

Applicants must reside within the territory supplied by the post office for which the examination is announced.

The examination is open to all citizens of the United States who can comply with the requirements.

Application blanks, Form 1753, and full information concerning the requirements of the examination can be secured from the postmaster at the place of vacancy or from the United States Civil Service Commission, Washington, D. C.

Application should be properly executed and filed with the Commission at Washington, D. C., at the earliest practical date.

4 Minute Talks on QUALITY by L. D. ROBAR

The Sixth of a Series of Talks on the Question of Quality Bread Making

The other day I overheard a discussion between one of our sales girls and a new customer. I was particular interested in the manner the sales girl used in selling this lady some Federal Bread.

After the sales girl had wrapped up a loaf of Graham and a loaf of White Bread, the customer asked the sales girl if we delivered packages, and the sales girl replied in a courteous manner, "I am sorry, Madame, but we deliver quality in the bread and that's why we cannot deliver the bread to your home. You see the money we save by the cash and carry plan is put back into the quality of our bread."

I quote this interesting story because I watched the attitude of the customer after the sales girl had told her about delivering bread to the home and when the customer saw our point of view she promptly said, "That's all right. I'll take the bread with me."

There is a big point behind this little happening. The cash and carry plan eliminates a great deal of bookkeeping and delivery expense and reduces the overhead to a minimum. The money thus saved goes back into the quality!

We repeat, WE DELIVER THE QUALITY IN FEDERAL BREAD, AND THAT'S WHY WE CAN'T DELIVER FEDERAL BREAD TO YOUR HOME.
