Homestead Brand Peas, 2 cans for 25c
SUGAR—Granulated, Brown, Loaf and Powdered

TIME CHANGED WITH LITTLE CONFUSION

NEW RAILROAD SCHEDULE

North Shore Moves its Clocks Ahead One Hour; Railroad Still Using the "Sun" Time

Last Sunday morning the north shore awoke an hour earlier and proceeded about its various activities as usual. The change in the time schedule was effected without much trouble.

Some confusion was experienced Sunday and Monday due to misunderstanding about train schedules; but later the changes were better understood, and after few slight misunderstandings matters ran smoothly enough.

Through trains are being operated as before; while suburban trains are run just an hour earlier. The Chicago & Northwestern railroad is using sun time in operating its trains, and has merely changed its timetables to read an hour earlier. For instance, the train that formerly left Chicago at 5:10 in the evening, since the change in time, leaves at 4:10. The timetables read "Central Standard Time, which is one hour slower than Daylight Saving Time." Railroad schedules and railroad clocks are set just one hour behind other clocks in the Chicago district.

The whole affair appears very confusing at first, but with a little practice will no doubt work out very well. Everyone is through work an hour earlier, and has an added hour of daylight in the evening for recreation.

The plan has worked out successfully in New York and other eastern cities. Detroit, too, has adopted the plan, and the smaller cities in the Chicago district, including Elgin, Gary, and suburban towns have made the change. Some of the smaller suburban communities, who delayed setting their time ahead, experienced some difficulty, until they conformed to Chicago time. Aurora, East Chicago, and several other cities rejected the plan.

HIGHLAND PARK BOYS WIN SCHOLARSHIPS

Names of Those Distinguishing Themselves During School Careers Announced

The annual commencement of the Deerfield-Shields high school was held last Thursday evening at eight o'clock at the Ravinia Park Theatre. Prof. James Weber Linn gave the address of the evening. The graduating class numbered seventy in all.

Georgine Thompson of Lake Forest, a member of this year's graduating class, was awarded the scholarship to Lake Forest college, after the competitive examinations which were held Wednesday, Thursday and Friday of last week. Miss Thompson stood third in scholarship in her class.

Carl Schaefer, Marshall Carqueville, and Eugene Tremaine, all of Highland Park, received the other scholarships this year. In making these awards the record of work done through high school is figured in along with the results of the competitive examination.

Miss Mildred Goeltz of Highland Park was presented the 1907 medal for being the best all around student. In ranking for this prize, activities are counted with actual school studies.

The name of Lucius Hine will be engraved on the Lloyd Metzel cup. This cup was provided by the class of 1914, and each year the name of the student who has stood highest in his class is engraved upon it.

COMMUNITY CENTER DEFEATS HIGHWOOD

Wins Third Game of Season on Sunday. Glencoe Leading in North Shore League

The Highland Park Community Center baseball team played the Highwood team, Sunday afternoon on the new diamond in Deerfield avenue and won by a 7 to 4 score. The battery for Highland Park was composed of the Fay brothers. Ed Fay struck out fifteen men, while the Highwood pitcher struck out only eleven. Therrien starred in a rather spectacular double play from second base.

Next Sunday the team will play Shermerville at Shermerville, and a week from Sunday they will play the Evanston "Oaktons" here. Glencoe is so far leading in the North Shore baseball league, having won three games and lost none. Highland Park has lost one and won two. Other teams in the league are: Winnetka, Highwood, Glenview, Shermerville, and two teams from Evanston, the "Oaktons" and the "North Ends."

Six Per Cent and Safety

FOR twenty years we have been selling our customers first mortgages on improved Real Estate in this community. The interest return on these mortgages has been six per cent and not a penny of interest or principal has been lost during that entire period.

Investors looking for six per cent and safety will do well to examine our list of first mortgage loans. They are made on choice property which is carefully inspected by the officers of the Bank. Each loan carries a Title Guaranty Policy executed by the Chicago Title & Trust Company. Interest notes are collected without charge.

May we serve you?

4 Minute Talks on QUALITY by L. D. ROBAR

The Seventh of a Series of Talks on the Question of Quality Bread Making

I have some great news for the housewives of Highland Park.

Yesterday I received a notice from the Manager of the Federal Milling Division at Minneapolis that the wheat markets were strong and there is every reason to believe that there will be a continued advance on the price of flour.

The service rendered by our own Milling Division at Minneapolis enables us to buy our flour today at a lower price than any individual baker and also protects us on future advances of flour. This means that no matter how high flour prices go we will still get Federal special laboratory-tested flour at our old prices. This means an enormous saving and assures you for some time to come of the standard Federal quality loaf at prevailing prices.

The Federal Milling Division renders us a most unusual service. All Federal Flour before it reaches our stores is tested for standards of texture and weight, so that when Federal Flour gets here the full nutrition value from the whole wheat berry is left in the flour.

This is why Federal Bread has that smooth, even, creamy white texture throughout the loaf. I shall be glad to tell you more about Federal Flour and why its use assures a quality loaf of bread.
