

A Place in the Sun for Your Family Washing

Pure sunlight and fresh air are the greatest of all purifiers—we use much of both in the laundering of your family bundle. It is more important, too, than you may have thought. Having the washing "done out" by the laundress under conditions that are not always of the best is often false economy. Isn't it most comforting, and isn't it safest for your health's sake to send your family bundle here, where there are clean, contented, competent folk; where there is cheeriness and hominess; where there's sunlight; where there's fresh air; where there's spick-and-spanness comparable with that in your own home? From these wholesome surroundings we return your family bundle finely finished, daintily fragrant. Protect your own and your family's health; get economical wash-day service; send your family bundle to us.

M. E. CHURCH

The regular schedule of services will be observed until further notice. On account of whooping cough the attendance at Sunday school for the last two Sundays has not been up to past standards. We hope everyone will make a special effort to be present and increase the attendance during this epidemic.

The hour of the Sunday school is 9:30 fast time, Morning worship at 10:45 a. m. Epworth League at 6:15 p. m. Open air service at 7:00. Evening evangelistic service at 8 p. m.

We call special attention to the Wednesday evening service. True it is warm, but the church is as cool as any place you can find. Then, again, we never quit our regular employment when the weather changes. It would show poor judgment! It would mean financial failure and distress! And if this is true (and it is) how much more is it demanded that we give at least one evening during the mid-week to preparation for that larger, grander, more glorious and eternal service which can be accomplished only by the Divine aid. We most cordially invite and count on the loyalty of our people to these services.

Then let us be just as loyal to the Sunday services of the Church. It takes all of us all together all the time to do this job. We count on you.

A Story of Spring

A dialogue between Mr. Commuter of Highland Park and his wife

"Why so sad, tonight, my dear?"

"Because Springtime is coming and most of our friends have had flowers planted since last fall, while we have nothing in our garden coming up early in the Spring. I am getting very anxious to see our beautiful home surrounded by trees, shrubs, evergreen, flowers, roses, vines, a pool and fountain, a rustic tea house and a beautiful lawn."

"Well my dear, you do not need to be sad. It is not a serious matter that we have not had our plants started early, or shrubs planted last fall. We can have our place made beautiful within a short time."

"How could it be possible to have this work done within a short time?"

"Coming out on the 5:10 this evening, I heard of an honest, experienced landscape gardener named Fiori. I believe this man is interested in his work and could solve our problem."

"Good! As he is honest and experienced, why not call him on the phone and arrange to have him come over Sunday morning to discuss this matter with us?"

They did. And they are satisfied.
