STATE ROAD PROGRAM FACES BIG OBSTACLES

LOSE USE OF COAL CARS

Officials Hope Still to be Able to Complete 450 Miles of Paving This Season

Struggling against the adverse effect of an order of the interstate commerce commission which may put a stop to 25 per cent of the road building of Illinois, the state division of highways, working the limit of its crippled capacity, has announced it still has hope of completing the season's program of 450 miles of federal aid road.

Fifty-seven road-building gangs are at work now, according to Superintendent S. E. Bradt, completing fifteen miles of hard road each week, and there is a prospect of raising this weekly total to twenty-five miles. But the prospect has been clouded. Use of coal cars, heretofore available for carrying road materials, has been subject to radical curtailment. This shortage threatens to cripple the department seriously.

Two Serious Hindrances

From June 21 to July 21, the Interstate Commerce Commission has ruled, no open-top cars may be used for anything but coal, unless going in the direction of the coal mines. During this period, Superintendent Bradt says, fully one-fourth of the work may be stopped. This is the second serious hindrance. The first came June 1, when a car service order cut the car supply for road material 50 per cent.

However, these orders, switchmen's strikes and high costs notwithstanding, Mr. Bradt is optimistic. Work is going ahead on fifty-seven sections of road. Fourteen sections are being worked on the National Old Trails road, which cuts across southern Illinois from St. Paul to Terre Haute, Ind.

Twelve gangs are at work on twelve sections of the Lincoln highway, which runs from Chicago by way of Geneva, De Kalb, Dixon and Sterling to Clinton, Ia. Twenty three gangs are at work on the road from Chicago to St. Louis, which runs thru Joliet, Ottawa, LaSalle, Peru, Peoria, Springfield and Carlinville. Six are at work on the Dixie trail, from Chicago thru Danville to Marshall, and two gangs are at work on the road from Chicago thru Waukegan to the Wisconsin line.

Federal Aid Back of Work

Federal aid, by which the government provides half the money, is in back of all this work. None of the \$60,000,000 worth of bonds which were to build 4,800 miles of road in Illinois, has yet been touched. A total of 850 miles of roads and some bridge building contemplated under the bond issue program will be completed, before any bonds are issued, Mr. Bradt said.

Of the 450 miles of road now under process of construction, only fifty miles was contracted for this season. Contract for 600 miles was let last year, but only 200 miles was completed. This left the 400 miles for this year, and deferred until next spring the plan of the department to let contracts this year for 1,000 miles. That plan was necessarily annulled by the difficulties the department is now encountering.

UNION OPEN AIR MEETINGS AT LIBERTYVILLE

During the months of July and August there will be held union vesper services in the Central park, Libertyville, under the direction of the Inter-Church council of Libertyville. Seats will be placed about the band stand for the worshippers. Automobiles can be parked about the rear of the stand, so that the aged and infirm may come. A male quartet consisting of C. C. Gridley, G. G. Hoskins, Frank Wright and Jack Bradford will sing. Members of the Libertyville band, under the direction of Mr. Nichols, will contribute music to the services.

The Rev. C. F. Kleihaur, pastor of the Methodist Episcopal church, will deliver the message next Sunday. On Sunday, July 11, the Rev. E. C. Morgan, pastor of the Presbyterian church will preach, and on Sunday, July 25, the service will be in charge of the Rev. G. A. McWhorter, priest-in-charge of St. Lawrence's Episcopal church.

Having paid a double rent on the cubby hole occupied in their metropolitan apartment house, some people about now have concluded that life on the north shore is not so intolerable after all.

Claimed that college graduates can't write legibly, but they all feel competent to dictate letters to a pretty stenographer.

We Are Proud of It.

Our statement, rendered in response to call, to the Auditor of Public Accounts, showing condition June 30th:

Anna H. Wenhan and husband to R. R. Wenhan lot 65, Green Bay add. Lake Forest. WD \$7000.

If the people complain of high taxes the politicians proceed to borrow money; and if the people complain of the burden of debt, then the politicians go to work to raise the taxes.

After charging extortionate prices for sugar, and thereby stimulating production all over the world, the Cuban growers will soon be kicking because prices have gone down.

And it is not reported up to date that the doctors of philosophy have discovered any method of keeping a noisy Sunday school class in order.

If the weather is cold, the back yard garden won't grow, and if it is warm, the insect pests are attracted by its flourishing condition, and they come and eat up all the vegetables.

If large quantities of oil should now be struck in Armenia, a lot of people would be convinced that it was the duty of this country to intervene and protect these poor sufferers.
