The first car leaves Lake Bluff at 4:30 a. m. and each half hour thereafter until 10 p. m., when only one car an hour is operated until 12:30. The last car eastbound leaves Area at 1:15 a. m.

Some people prefer to sit comfortably on their porches and read how wicked capitalists are cornering the food supply, than to get out in the back yard and raise some vegetables. A genuine smile comes from the heart, and without orders.

### GREATEST IN THE COUNTRY

The Course is an Excellent One, With Nearly a Hundred Graduates Every Three Weeks

Nearly 100 men are being graduated every three weeks at the Great Lakes Naval Training station from what officers describe as the biggest trade school in the world.

The school is devoted exclusively to the training of aviation mechanics and at the present time 3,225 students are taking the courses, which range in length from sixteen to thirty-six weeks.

More than 1,000 men have graduated since the school was established slightly more than a year ago and another thousand will complete their work by November. Lieut. Commander E. E. Wilson, commandant at the school, says all of the 6,000 men provided for in the naval air force will be graduates of the school within another year.

The cost of turning out the first 1,000 graduates was \$7,000, making the average cost of producing trained aerial mechanics \$7 apiece. The low cost was due to the fact that the students produce nothing in their studies to be wasted. Instead of making the frequently useless examples they work on parts actually needed for repairs and construction of new airplanes. A number of planes, ranging from small land flyers to huge seaplanes only a step smaller than the famous "N-C" type have been completed.

The school is valued at between \$20,000,000 and \$30,000,000 but all the tools and equipment are salvaged material which would have otherwise been sold at a great loss after the war. Part of the equipment is several million dollars' worth of partly finished airplane motors and parts which were purchased from manufacturers after the armistice as junk at a flat cost of 27 cents a pound.

Lieutenant Commander Wilson started the school from the bottom a year ago. As the first step the navy officer wrote all the text books to be used.

No flying is done, but the best men attend a school for enlisted pilots. Each graduate from the mechanics' school receives a certificate while gold, silver and bronze medals are awarded to honor men. The 3,225 students now here include 440 marines.

### FORMER HIGHWOOD MAN GETS IMPORTANT POST

Lucius J. M. Maimin Appointed Judge of U. S. Dist. Court in Virgin Islands

Lucius J. M. Maimin, a former resident of Highwood and well known throughout Lake County, for more than twenty-five years a member of the Chicago Bar association, has been appointed by President Wilson as judge of the United States district court in the Virgin Islands, West Indies. He will assume his judicial office September 1. This is the first United States appointment of a district judge for those parts.

The Virgin Islands, which were formerly the Danish West Indies, were purchased by the United States in 1917 for \$25,000,000. Judge Maimin says that they will be strongly fortified and will become the Malta of the western hemisphere. The present governor of the islands is Admiral J. W. Oman.

There are three islands in the group, St. Thomas, St. Croix and St. John. They lie about 60 miles east of Porto Rico.

Judge Maimin was graduated from the Union College of Law, now Northwestern university, in 1883, being a classmate of William Jennings Bryan and the late Judge Merritt W. Pinekey. He was assistant corporation counsel under James Hamilton Lewis, and during the administration of former Mayor E. F. Dunne of Chicago.

## A Story of Spring

A dialogue between Mr. Commuter of Highland Park and his wife

"Why so sad, tonight, my dear?"

"Because Springtime is coming and most of our friends have had flowers planted since last fall, while we have nothing in our garden coming up early in the Spring. I am getting very anxious to see our beautiful home surrounded by trees, shrubs, evergreen, flowers, roses, vines, a pool and fountain, a rustic tea house and a beautiful lawn."

"Well my dear, you do not need to be sad. It is not a serious matter that we have not had our plants started early, or shrubs planted last fall. We can have our place made beautiful within a short time."

"How could it be possible to have this work done within a short time?"

"Coming out on the 5:10 this evening, I heard of an honest, experienced landscape gardener named Fiori. I believe this man is interested in his work and could solve our problem."

"Good! As he is honest and experienced, why not call him on the phone and arrange to have him come over Sunday morning to discuss this matter with us?"

They did. And they are satisfied.

WHY DON'T YOU?

### SPECIAL ASSESSMENT NOTICE

Docket No. 55.

Notice is hereby given to all persons interested, that the City Council of the City of Highwood, County of Lake and State of Illinois that a new assessment be made against the tracts, lots, pieces and parcels of land that have escaped paying their proportionate share of the special benefits derived from the making of this improvement and as to which the original judgment did not refer or include, of the actual cost of grading, draining, paving and otherwise improving with a portland cement concrete pavement, Highwood Avenue from the Westerly line of Waukegan Avenue, West to the East line of Jefferson Avenue, except between the tracts of the Northwestern Railway Company and the Chicago Milwaukee Electric Railroad Company and High Street from its intersection with the paved roadway herein provided for on Highwood Avenue, southerly to the northerly line of the paved roadway on Michigan Avenue, all in the City of Highwood, County of Lake and State of Illinois. The Ordinance for the same being on file in the office of the City Clerk of said city, and the said city having applied to the County Court of Lake County, State of Illinois, for an assessment for the cost of said improvement according to benefits, and a new assessment roll therefor having been made and returned, to said Court, same being "Docket No. 55." The final hearing thereon will be held on the 31st day of July A. D. 1920, or as soon thereafter as the business of the Court will permit.

Said ordinance provides that the aggregate amount of said assessment shall be divided into four (4) installments bearing interest at the rate of five per cent (5%) per annum. All persons desiring may file objections in said County Court before said day and may appear on the hearing and make their defense.

R. G. SMITH,  
The person appointed by the President of the Board of Local Improvements to make said assessment.  
Dated at Highwood, Illinois, this 10th day of July, A. D. 1920.
