

Melody Woods Nursery Co.

537 Central Avenue Telephone H. P. 64 P. O. Box 314
Branch Office: 932 North Avenue, Winnetka

We have started to plant Evergreens this week and will guarantee to replace same if planted before October the 15th. We will replace at one-half of purchasing price all Evergreens planted from October 15th up to the end of the season. Perennials and bulbs should be ordered now. We replace all perennials and guarantee our bulbs to be Holland grown, i. e., imported—every one to produce a strong flower.

Get our prices for Hyacinths, Tulips, Crocus, Narcissus, Hardy Liliun Rubrum and Liliun Candidum.

Having systematized our growing concern somewhat better, we will charge \$15 per acre for the designing of Country Estates, Surveys, and Topographical plats, as per agreement. For smaller home grounds a well studied out planting plan will cost between \$35 and \$60—according to size and problem involved.

Expert men can be furnished for Tree Pruning and Tree Surgery.

Road making, Ravine planting and Ravine trails, Rustic houses, bridges, etc., may be done by the hour. Our charges are very reasonable.

We are always at your service and invite comparison. Our representative will call whenever you wish him to, and there is absolutely no obligation.

We will gladly estimate your work, our work is second to none, both artistically and practically.

May we not hear from you and get acquainted? You will like our work. If you are a bird, nature or music lover, drop in to our office and we will show you plans of many satisfied customers, showing bird gardens and other harmonious planting. For good landscape gardening, color effects in flower and foliage, we are as ever yours,

Respectfully,

O. C. DOERRIER,
Landscape Architect, Forester, Manager.
