We value our reputation too highly to "work off" an ill-fitting suit, even on a stranger. Besides, we don't need to; we've got the SIZES, and we've got the VARIETY. Clothes BUILDING has become a science; clothes BUYING is a science; clothes selling is a science. We know WHEN to buy and WHAT to buy, and we never sell a customer a garment he should not have. That's why, when you deal with us once, you become a lifelong customer.

CHRISTIAN SCIENCE

Subject for next Sunday's Lesson Sermon, "Mind."

Services are held in this church every Sunday morning at 10:45. Sunday school meets immediately after the morning service, and is open to pupils up to the age of 20 years. The Wednesday evening meeting, which includes testimonies of Christian Science healing is at 8 o'clock.

You are cordially invited to make use of the reading room at 387 Central avenue, which is open every week day from nine o'clock in the morning until six o'clock in the evening.

UNITED EVANGELICAL

There will be no services in this church over the next two Sundays except the Wednesday evening prayer-meeting. Many of the members of the congregation will attend the camp-meeting at Barrington, which begins Friday, Aug. 20, and closes Aug. 30.

Bishop W. F. Heil will be present Aug. 22-25, and Dr. C. A. Mock, President of Western Union college, at Le Mars, Ia., will be present Aug. 27-29. All the ministers of the district are expected to be present and take part under the direction of Dr. H. H. Thoren, district presiding elder.

Rev. C. C. Talbot, a returned missionary from China, will be present at the camp Aug. 27 and will give addresses on the work in China.

From 10:15-11:50 a. m. each day of the camp except Sunday a Bible conference will be held and prominent teachers of the denomination will have charge of these important services. Preaching every afternoon and evening by ministers of the district.

Rev. J. H. Keagle, pastor of this church, left Tuesday evening for a two weeks' vacation in Western Tennessee, near Nashville, with his son, Hial F. Keagle, who is superintendent of a large stock farm near that city. He has had some throat trouble and his people are hoping that a few weeks' rest will restore his voice completely.

The people who ask the editor how to remove spots from clothing, are informed that a pair of scissors will usually do it.

Also if you can't unlock your trunk you can always open it with an axe. Lots of people can't work in the summer, 'cause it's too hot, and they can't work in the winter, 'cause they get colds.

With one person in 15 owning an automobile and one in 1500 operating a wheelbarrow, prices are bound to be high.

There are a lot of people who feel that money spent in boosting the political party to which they are opposed is a corruption fund, while money spent in boosting their own campaign is educational work.

The fact, as reported in the news, that "15 large coal men have been arrested," does not prove that an operator weighing less than 150 pounds is any less guilty.

The manufacturers who have cloth to sell are not reported to be opposing the move for longer skirts for women.

Some people in the rural districts around the North Shore would appreciate advance notice of the descent of a surprise party on them. Forty-five minutes warning is considered adequate for a good runner to reach a safe distance.

A lot of people who have been loafing on their jobs are now kicking because there is a scarcity of everything.

Keep Your Battery Young

The only tonic any battery needs is a little charging now and then. Square treatment and a drink of water once a week go a long way toward keeping it in tip-top shape.

You can be sure your battery is new when you get it if it has Threaded Rubber Insulation—the kind selected by 136 manufacturers of passenger cars and motor trucks.
