

Time to Live

Taking time to live takes will power and planning for a busy mother. You want to do so much for your children that you forget your own self too much, which defeats just the purposes you have in mind for them. Increase your joy in living—increase your influence with your children—lengthen your life, by handing us the drudgery of your washing.

The washing will be well done and the flat work ironed for a very reasonable charge. The rest will be returned ready to iron, or for a slight extra charge, we will iron everything.

Try it this week!

Mr. Raddo was principal of the Shermerville school last year and made his home with Mr. and Mrs. Fred Hosenberger. Mr. and Mrs. Raddo will live with Mrs. Raddo's parents in Oak Park.

Mrs. Carl Anderson had as her guests Monday several of her former pupils at the Bradley school at Roundout, the Misses Mildred Sawusch, Elizabeth Newbore and Virginia Kahout.

Landscape Harmony

The evident harmony of arrangement between the house and surrounding landscape is what first impresses one in viewing Italian landscape architecture.

A consideration of the design as a whole, including gardens, terraces, groves, and their necessary surroundings and embellishments, brings out the fact that no one of the component parts was ever considered independently.

If you are contemplating having some landscape work done, it pays to employ one who is an expert in his line. Right now is an opportune time to make preparations for fall planting, tree trimming, and other work around your place. Do not put off making your arrangements, as the fall is a very busy season.

Estimates promptly furnished upon request.
