

A MAN WITH A RECORD

Col. A. V. Smith
Candidate for
State's Attorney

The Public is Invited to Attend a
Republican Rally
517 Central Ave., Highland Park
(Formerly Pearls Theatre)
on Thursday Evening Sept. 9th
at 8 o'clock sharp

MUSIC
Miss Nelly Smith, Violinist Miss Lillian Adams, Pianist
SPEAKERS

Hon. Clarence W. Diver, Hon. John Pope, Private
Harold Finer, 149th F. A., Hon. C. T. Heydecker,
Col. A. V. Smith and Other Speakers

The Time has come when we need a man in the office of State's Attorney of undoubted integrity to meet the issues of the day squarely. A man who has a record of unquestioned legal ability coupled with industry and honesty, and a man on whom we can depend for the enforcement of our laws. A special invitation is extended to all the ladies. This meeting of next week, September 9th, is open to all in Lake County who are interested in the enforcement of law.

REPORT OF CORPORATION FRANCHISE TAX ACT

Over Two Million Dollars Is Collected in Year by the New Act

The new corporation franchise tax act which has now been in effect one year is proving a great revenue producer, Secretary of State Louis L. Emerson announced recently. Under the old law all corporations, regardless of size or the extent of their business, paid the state \$1 each six months, or \$2 a year. The revenue from this source was negligible. Under the new franchise act, which went into effect July 1, 1919, the state will collect millions of dollars from corporations annually, Secretary Emerson says.

In 1919 corporations under the old act paid into the treasury through the Secretary of State's office, in the nature of annual fees, \$50,102.58. Up-to-date this year, a total of \$2,582,499.68 has been collected in the nature of franchise taxes.

As an indication of the revenue producing power of the new law, the amount collected by the corporation corporations of the state are given as examples. Each of these corporations formerly paid \$2 a year. The amounts collected this year are as follows:

Chicago Telephone Co.	\$19,491.40
People's Gas, Light & Coke Co.	25,000.00
Pullman Co.	13,852.80
Commonwealth-Edison Co.	30,000.00
Illinois Traction System	18,439.50
Montgomery, Ward & Co.	43,029.70
Sears Roebuck & Co.	31,443.24
Butler Bros.	15,000.00

During the four years from Feb. 3, 1913, to Jan. 6, 1917, the total amount collected by the corporation department of the secretary of state's office was \$1,674,771.03. During the period from Jan. 8, 1917, when Secretary of State Emerson took charge of the office, to August 17, 1920, the total amount collected by this department of the secretary's office was \$5,577,311.77. Of this amount \$1,860,084.15 was collected from domestic corporations, an increase of \$425,430.16 over the previous four year period; \$1,134,727.62 from foreign corporations, an increase of \$894,610.58.

All of this money is paid promptly into the state treasury and serves to reduce the amount levied for general revenue purposes.

Secretary of State Emerson also

announced that during the period from January 8, 1917, to August 17, this year, a total of \$13,303,096.10 had been collected by the automobile department and paid into the good roads fund, as compared with a total of \$3,372,010.56 collected during the four year period immediately preceding.

Fact that a fellow is hollering for dear life to have the price of other people's products come down, does not prove that he'd take a cent less wages.

Lots of new theatres being built, but you can't possibly get houses enough for people to live in.

NOKOL

Positive Automatic Home Heating

Was this your experience last winter? Staying in bed as late as you pleased—a warm dressing room—and complete comfort at breakfast? And starting the day in this fashion, not occasionally, but every day, without an exception? This was the experience of NOKOL users.

NOKOL burns oil—the clean, wasteless fuel. It operates without attention. And automatically controlled by a thermostat in the living room, it maintains even temperature at all times. NOKOL utilizes your present heating system, just as it is, merely substituting an oil burner for the grates, and a tank for the dirty coal bin.

Once installed you can dispense with the servant. Or, if you take care of the furnace yourself, you can devote your time to pleasanter things. With NOKOL supplying heat, at just the times and in just the quantity desired, you will think about your furnace no more than you do now of the dynamo that supply your electric light.
