

Time to Live

Taking time to live takes will power and planning for a busy mother. You want to do so much for your children that you forget your own self too much, which defeats just the purposes you have in mind for them. Increase your joy in living—increase your influence with your children—lengthen your life, by handing us the drudgery of your washing.

The washing will be well done and the flat work ironed for a very reasonable charge. The rest will be returned ready to iron, or for a slight extra charge, we will iron everything.

LAKE COUNTY SCHOOLS

WINNERS AT STATE FAIR

Rural and village schools of Lake county won first prize at the Illinois state fair with their educational exhibits, and a Lake county high school, the Warrenton township school at Gurnee, captured not only the blue ribbon and \$100, but their exhibit was awarded the grand championship of the show.

County Supt. T. A. Simpson, who was in charge of the exhibits, found it to be the opinion of many disinterested persons that Lake County was an easy winner.

Mr. Willey, in charge of the agricultural department of Gurnee high school, accompanied the exhibits to Springfield and not only arranged all of them, but also assisted Supt. Simpson in arranging those of the other schools.

In order to win, Warrenton school was compelled to compete with Springfield, Decatur and Monmouth high schools.

No wonder the politicians are opposed to having business men in public office, as they might run their office on business principles.

Landscape Harmony

The evident harmony of arrangement between the house and surrounding landscape is what first impresses one in viewing Italian landscape architecture.

A consideration of the design as a whole, including gardens, terraces, groves, and their necessary surroundings and embellishments, brings out the fact that no one of the component parts was ever considered independently.

If you are contemplating having some landscape work done, it pays to employ one who is an expert in his line. Right now is an opportune time to make preparations for fall planting, tree trimming, and other work around your place. Do not put off making your arrangements, as the fall is a very busy season.

Estimates promptly furnished upon request.

ANOTHER BOOST IN PRICE OF COKE

Coming directly in the wake of the announcement that Lake County's supply of hard coal with the exception of a small amount of pea coal, has been exhausted, and with the practical certainty that the price of future shipments that may arrive will be considerably higher, is the announcement by the North Shore Gas company of an increase of \$2 per ton in the price of coke, its bi-product.

The new price of coke, effective September 1, is as follows:
Egg Coke — \$15.10 per ton.
Nut Coke — \$14.10 per ton.
