ANTWERP

Just a few years past the people of the world cast their eyes in admiration toward Belgium for the wonderful efforts the plucky little nation was making against an overwhelming superior force. And a little later thousands of the young men of America were crossing the ocean to vindicate the principles for which Belgium fought.

VOTE FOR CHARLES H. FRANCIS Woodstock, Illinois Candidate for Office of State Representative (From the Eighth District) Subject to Republican Primary September 15, 1920

Oglesby Stands Against Giving Over Illinois to Thompsonism John G. Oglesby, Republican candidate for governor, stands for the National Republican platform as adopted, without evasion and without seeking to subvert it in any way. He opposes the Thompson socialistic platform. PUBLIC UTILITIES—Good service at cost price. No undue profits. Will recommend the Legislature to provide relief for any present just complaints. If Legislature continues the State Utilities Act, will appoint competent commission. If they adopt Home Rule will sign measure. NO HONEST MAN COULD PROMISE MORE. OUR SERVICE MEN—Will be guided by what the men determine by their own votes in their own Legion Posts as to what is best for them. AGRICULTURE—Encouragement by the state of co-operative efforts by the farmers for the marketing of their produce. LABOR—Recognizes the justice of collective bargaining and a closer relationship between employer and employe. ROADS—Immediate letting of contracts for filling and grading over the entire mileage contemplated, to be followed by hard surfacing as rapidly as conditions will permit. TEACHERS AND SCHOOLS—Hon. Robert C. Moore, secretary Illinois Teachers' association, writes: "Your plank on education is one of the best and most liberal statements of its kind ever issued by any candidate for governor." THOMPSONISM adopted a platform advocating confiscation of property and stirring class hatred—selected candidates—is managing an insistent, completely financed campaign. Why? Because Thompsonism seeks to control Illinois. REPUBLICAN VOTERS: This issue is to be decided on NEXT WEDNESDAY. The citizens of Illinois who own their homes, who pay taxes, who are educating their children are against this sort of thing. But If You Want to Help Stop It You Must Vote

The Lawyers Give Farmer Swift a Lesson in Politics

Overseer Voliva and his 1500 Zion vote is believed to be for any candidate for senator opposed to Senator Swift, hence the politicians game to have but one senatorial candidate opposed to Swift. Attorney Pierce of Boone County wanted to be a candidate as did Attorney Casey of McHenry County and the Waukegan political crowd had Attorney Runyard. Post haste the Waukegan experts rush to McHenry County and brush Jim Casey aside and then on to Boone County, where Pierce is promised Lake County support if he will quit for senator and start for representative. This he did, with the further promise that the Waukegan gang would allow no candidate for representative from Lake County and his nomination would be certain. Why hold elections costing millions, when the politicians will pick the candidates for nothing? Then the horrible gall of it all was when this gang sent word to Senator Swift that it would beat him if he tried to be renominated.

But Swift had a record for service and believed the people had the right of a chance to vote for him and a Waukegan man filed for representative despite the protests of the gang and so the first jolt for the gang is here and the second is due, September 15, Primary Day.

The people will resent such high-handed methods as taking candidates away from them. McHenry County will give Swift 2,000 majority and Boone will do her best for 1,500 and Lake County will refuse to be delivered and this fixing, trading, gang will get the drubbing of their lives when the votes are counted,—five to six thousand Swift majority will make this protest so emphatic that this political fixing won't ever be tried again in the 8th. District.

NOKOL Positive Automatic Home Heating Was this your experience last winter? Staying in bed as late as you pleased—a warm dressing room—and complete comfort at breakfast? And starting the day in this fashion, not occasionally, but every day, without an exception? This was the experience of NOKOL users. NOKOL burns oil—the clean, wasteless fuel. It operates without attention. And, automatically controlled by a thermostat in the living room, it maintains even temperature at all times. NOKOL utilizes your present heating system, just as it is, merely substituting an oil burner for the grates, and a tank for the dirty coal bin. Once installed you can dispense with the servant. Or, if you take care of the furnace yourself, you can devote your time to pleasanter things. With NOKOL supplying heat, at just the times and in just the quantity desired, you will think about your furnace no more than you do now of the dynamo that supply your electric light. Price \$375 F.
