NOKOL

Positive Automatic Home Heating

Was this your experience last winter? Staying in bed as late as you pleased—a warm dressing room—and complete comfort at breakfast? And starting the day in this fashion, not occasionally, but every day, without an exception? This was the experience of NOKOL users.

NOKOL burns oil—the clean, wasteless fuel. It operates without attention. And, automatically controlled by a thermostat in the living room, it maintains even temperature at all times. NOKOL utilizes your present heating system, just as it is, merely substituting an oil burner for the grates, and a tank for the dirty coal bin.

Once installed you can dispense with the servant. Or, if you take care of the furnace yourself, you can devote your time to pleasanter things. With NOKOL supplying heat, at just the times and in just the quantity desired, you will think about your furnace no more than you do now of the dynamo that supply your electric light.

SPECIAL ASSESSMENT NOTICE SPECIAL WARRANT NO. 250

Public notice is hereby given that the County Court of Lake County, Illinois, has rendered judgment for a special assessment upon property benefited by the following improvement: For the improvement of the present roadways and street returns as far back as the street lines extended of Roger Williams Avenue from the easterly line of St. Johns Avenue extended to a point one hundred fifty (150) feet east of the northwest corner of Lot One Hundred Twenty-seven (127) South Highland Addition to the City of Highland Park; and Dean Avenue from the northerly line extended of Roger Williams Avenue to the southerly line extended of Sheridan Road, except that portion of said streets occupied by the present bridges and paved roadway designated as Sheridan Road, at its intersection with Roger Williams Avenue, by constructing thereon an asphaltic concrete pavement two (2") inches in depth laid on the existing cement concrete pavement with a top dressing of roofing gravel three eighths (3/8) inch in depth rolled into the top surface without increasing the depth beyond two inches (2"), cleaning the present pavement of all loose material and other matters not incorporated in the pavement, and otherwise improving said streets, all in the City of Highland Park, County of Lake and State of Illinois, as will more fully appear from the certified copy of the judgment, on file in my office. That the warrant for collection of such assessment is in the hands of the undersigned.

All persons interested are hereby notified to call and pay the amount assessed at the Collector's Office, City Hall, corner Green Bay Road and Central Avenue, Highland Park, Illinois, within thirty (30) days from the date thereof.

Notice is further given that the said assessment is divided in ten (10) installments. That the amount of the first installment is \$3473.88 and that each of the remaining installments is \$3100.00. That all installments draw interest at the rate of five (5) per cent per annum from August 27th, 1920. The first installment is payable the 2nd day of January, A. D. 1921.

The second installment one year thereafter and so on annually until all installments are paid.

FRED W. RUBLY,
City Collector.

Dated at Highland Park, Illinois, this 18th day of September, 1920.
(29)

Things seldom turn out quite as badly as we hope they will—for our competitors.

You can't keep a Roosevelt out of politics, even if he has to receive the comiseration of Tom Marshall.

The man who stops the alarm clock of competition, and rolls over for another snooze is likely to wake up too late.

UNITED EVANGELICAL

J. H. Keagle, Pastor

Sunday was a busy day at this church. No less than six services were held during the day, and there were some who attended them all. The Sunday school was held at 9:00 a. m. with a greatly increased attendance. The people are returning from their vacations and are taking up their church duties with renewed vigor.

At 10:45 the Rev. Elmer Gieser delivered a splendid missionary address. He used as illustrations many of the striking charts gotten out by the Students' Volunteer Missionary movement and the facts and responsibilities of Foreign Mission work were impressed upon the congregation.

At 2:00 p. m. the church entertained the Township Sunday school convention. It was an inspiring gathering and some of the best workers in the township and some from the county were present and spoke.

The prayer band met at 6:45 to pray for the evening services.

The Keystone League met at 7, led by Miss Margaret Gieser. The subject was "A Great Miracle and Its Lessons." It was a very interesting hour and many participated in the discussion.

The Junior League met at the same hour and was led by May Grimson. This is a busy crowd of young people who are training for the responsibilities of future church leaders.

The services for next Sunday are as follows. Sunday school at 9:00 a. m.; morning sermon at 10:45; the Endeavor societies will meet at 7:00, and the evening song and sermon at 7:45.

The annual county convention of the Women's Christian Temperance union will be held in this church Friday, Sept. 24. A good program is being prepared. The temperance people of the community are urged to attend. Some of the best workers from abroad are expected.

CHRISTIAN SCIENCE

Subject for next Sunday's Lesson Sermon, "Matter."

Services are held in this church every Sunday morning at 10:45. Sunday school meets immediately after the morning service, and is open to pupils up to the age of 20 years. The Wednesday evening meeting, which includes testimonies of Christian Science healing is at 8 o'clock.

You are cordially invited to make use of the reading room at 887 Central Avenue, which is open every week day from nine o'clock in the morning until six o'clock in the evening.

PRESBYTERIAN CHURCH

The Bible school begins at nine-thirty next Sunday morning.

The Rev. Frank Pitt will preach at the eleven o'clock service.

EBENEZER EVANGELICAL

Meetings this week are as follows: Sunday, 10 a. m., Church school. Sunday, 11 a. m., Divine worship. Subject, "Our larger loyalty."

Sunday, 7:30 p. m., Evening worship. A discussion of the prophet Hosea and his contribution to religion.

Wednesday, 7:30 p. m., prayer service.

Thursday, 2 p. m. The meeting of the Ladies' Aid society of the church. At the home of Mrs. G. L. Brand.

Friday, 7 p. m. Practice for the Junior choir of the church. All children between the ages of nine and fifteen are welcome.

A change in the evening services is to be noted.

Y. W. C. A. NOTES

The monthly board meeting was held Tuesday morning and committees were appointed to plan for the coming year's program.

It is the aim of the association to promote some definite educational work that will be open to all members of the Y. W. C. A.

Just what this work will be is not yet determined. Announcements will be made later through these columns for all who are interested. The Y. W. C. A. realizes the responsibilities which are theirs as Christian women under the present day conditions in political, economical, social relationships which require not only a readjustment but a new and broader conception of the multiplicity of channels thru which Christian women may serve their fellow women and the world.

Americanization Class

The Americanization class under Miss Ruth Church meets every Tuesday evening at seven thirty and this is open to any one who cares to

learn the English language. No membership in the Y. W. C. A. is required. Men and women alike are invited.

Clubs are resuming their meetings, demonstrating that the time has arrived for the girls to begin thinking of the Y. W. C. A. now that the summer vacation is over. The Aster club met Monday evening and planned some activities for later on. The Dix Amies met Tuesday evening and spent the time very pleasantly with their fancy work, later serving light refreshments.

Membership Supper

The Membership supper which was such a success last fall is to be repeated this year, in all probability it will be early in the month of October.

Notice will be given in the paper later concerning this Association gathering.

Cafeteria

The Y. W. C. A. cafeteria is proving very successful under the management of Miss Perkins.

A general need is felt for good wholesome vegetables. No doubt many gardens are filled to overflowing with things that could be used to great advantage—but which are going to waste.

ELM PLACE SCHOOL

On Friday last the annual exhibit of flowers, fruit and vegetables was held at Elm Place. About one hundred exhibitors were represented and their combined collection occupied the floor space of the central hall. Two of the exhibitors, May Larson and Berthyl Berg, brought collections requiring an entire table for their display. These collections and the tomato exhibit were the most striking features of the display. May Larson brought in a pin-box of ripe strawberries and Berthyl Berg a similar collection. One child had a strawberry plant showing blossoms, green and ripe fruit together. Eric Engberg displayed a branch with ripe plums and an apple branch with two Northern Spy apples, these representing trees that he had bought at school a few years ago. May Larson and Evan Swan displayed fine ripe peaches from trees also bought at school. The sixth grade displayed mammoth stalks of corn which they had grown in the school garden.

Mrs. George Greene and Mr. Francis acted as judges of the exhibit. The date proved too early for the late blooming asters which the pupils had taken home from the school in June and a special exhibit of asters was announced for next week. When the reports from this exhibit are in, the report of the judges will be announced.

The following letter has been sent out to patrons of Elm Place school: "Elm Place School, Sept. 15th, 1920.

"At the opening of a new school year the Executive Board of the Parent-Teacher association of this school urgently requests the cooperation of every parent and every teacher interested in it. We wish to make the association a connecting link between home and school and it cannot be the help for which it was organized unless the fathers and mothers as well as the teachers have a part in it. Afternoon meetings are to be held the third Thursday in every month at two thirty, in the kindergarten room of the school, beginning in October. Two evening meetings are planned, that the fathers may have an opportunity to meet the teachers and know the value of the Parent-Teacher association. The first of these will be next week — on Tuesday, September 21, at eight o'clock in the auditorium of the school. At this time we have a splendid program to offer. Mr. Oliver Hinsdell whose excellent dramatic readings are well known to Highland Park, is coming to read for us and he comes at the urgent request of those who have heard him and wish to give this opportunity to the patrons of Elm Place school. Good music will complete the evening entertainment and refreshments will be served. In planning these "worth while" meetings we depend upon the membership dues to finance them and the cooperation of every patron of the school to carry them out. Will you help?

The annual dues are but fifty cents per member and we hope that every parent will wish to join the association now, at the very beginning of the year's work. The committee in charge is striving to have at least one hundred families on the membership list by October 1st. Will you give them your encouragement by asking some one of them for a membership card?

Sincerely yours,

THE EXECUTIVE BOARD.

Life is a game and if we're good sports folks will "root" for us even if we don't always bat 500.

Being satisfied with one's lot is great, but watching for a chance to spurt ahead is not breaking traffic rules.

Smile occasionally. It does not hurt.
