NOKOL**

Positive Automatic Home Heating

Was this your experience last winter? Staying in bed as late as you pleased—a warm dressing room—and complete comfort at breakfast? And starting the day in this fashion, not occasionally, but every day, without an exception? This was the experience of NOKOL users.

NOKOL burns oil—the clean, wasteless fuel. It operates without attention. And, automatically controlled by a thermostat in the living room, it maintains even temperature at all times. NOKOL utilizes your present heating system, just as it is, merely substituting an oil burner for the grates, and a tank for the dirty coal bin.

Once installed you can dispense with the servant. Or, if you take care of the furnace yourself, you can devote your time to pleasanter things.

With NOKOL supplying heat, at just the times and in just the quantity desired, you will think about your furnace no more than you do now of the dynamo that supply your electric light.

Charge Regarding Campaign
Funds Flares Back and
Singes Democrats.

THEY WANTED TEN MILLION.

People Willing to Contribute to
Get Rid of Democrats, but Not
to Keep Them in Power.

By WILLIAM HOSTER.

"God in everything," sang the poet. And this does not even exclude the campaign speeches of Governor Cox.

As a result of Mr. Cox's allegations of a big Republican Campaign Corruption Fund, certain definite facts have been demonstrated by the sworn testimony of the leaders of Governor Cox's own party. They may be summarized as follows:

It has been demonstrated that whereas, in their most sanguine moods, the Republican managers never contemplated a campaign fund of more than \$4,000,000, the Democratic party, at an expense of one-half million dollars, set up the machinery for the collection of a campaign fund of \$10,000,000.

It has been demonstrated that the contemplated \$10,000,000 fund of the Democrats did not materialize for the sole reason that there aren't a sufficient number of plain people in the United States who want a continuance of Democratic rule, to contribute even one-tenth of \$10,000,000.

It has been demonstrated that whereas, the great body of the people—literally thousands of them—have willingly contributed from 50 cents to \$1,000 to be rid of the present Democratic administration, and to defeat Governor Cox; on the other hand not thousands and not even hundreds are willing to contribute 5 cents toward a continuance of Wilsonism.

What Records Show.

It has been shown by sworn records that whereas, in despite of Mr. Cox's outraged feelings over the disposition of thousands of ordinary American citizens to help pay the expenses of defeating him in his campaign for the presidency, Mr. Cox in 1914 viewed with complacency the criminal efforts of his campaign managers in Ohio to extort from the Civil Service employees of the state contributions intended to further his personal political fortunes. It has been shown by the testimony of Mr. Cox's own campaign managers that the \$4,000,000 which the Republican managers hope to raise for all political purposes this year is not more than can legitimately be expended for this purpose, and that these frank Democratic managers would also like to have a similar amount, but don't see any way of getting it.

It has been shown that the common, ordinary rank and file of the American people, for the first time in American politics, are ready to contribute out of their own pockets to defeat a candidacy which represents all that is repugnant and hostile to American institutions, and that this willingness of the American people to contribute to the expense of defeating the Democracy is the sole basis of Governor Cox's charge of a conspiracy to buy the government of the United States. Incidentally it required the candidacy of Governor Cox to introduce into a national campaign the doctrine that it is possible for the people of the United States to buy their own government, unless Mr. Cox unconsciously means to convey the idea that in this campaign the people are to buy back their government from the autocracy which has seized it and refuses to let go.

Finally it has been conclusively demonstrated that if the Democratic party is to secure any money to waste in a vain effort to achieve a Democratic victory that money must come exclusively from men of the Colonel Deeds' type and the Dayton aircraft Plunder-bund, and from the Wall street international financiers, who alone will profit through the participation of the United States in Wilson's League of Nations.

All of these conclusions have been demonstrated by sworn testimony before the Senate Committee with a mathematical precision which would have met the enthusiastic approbation of the late Mr. Euclid. Governor Cox's great expose has petered out. It was a false alarm.

Let's get back to the issues of the campaign.

The coal miners who try to get their way by freezing the country to death, are not probably the only people in the world capable of swinging a pick.

The people who think the Wall street explosion was an accident are about the same ones who used to think that cars loaded with potatoes used during the war to burn up from spontaneous combustion.

When your boy claims he is grown up enough to wear a belt, you can reflect that it is a mighty convenient thing to have in readiness for corrective discipline.

The candidates show their deep feeling for the sufferings of the people by coming around and kissing the babies.
