SECOND GAME GOES TO WAUKEGAN, 9-3

ERRORS FATAL TO LOCALS

Slump in Sunday's Game Causes Change in Lineup; Three New Players Are Secured

In the presence of over a thousand Waukegan fans the Highland Park baseball team was defeated at the former city last Sunday afternoon by a score of 9 to 3.

The series now stands 2 to 0 in favor of Waukegan, but the Highland Park boys are going back stronger than ever and more determined to win. Due to some dissatisfaction on the part of the management, three members of the local team, Ronnic, Mathey and Windleborn, have been released. Their places will be filled by Johnny McKettrich at short, Jamieson at second and Joe Conlin in the box. This trio has won many a game for the "Magnets" in the Chicago league, and fans here believe that they will round out the team in great shape, and carry Highland Park thru the series to victory. Jack Conlin, who has been with Wichita in the Western league this summer, will play left field in place of Purpura.

LOCAL PEOPLE HELD UP ON HUBBARD HILL

Mr. and Mrs. Brooke Anderson Accosted Twice by Hold-up Men Thursday

While riding north on Sheridan road at the Hubbard Hill, Winnetka, last Thursday evening, Mr. and Mrs. Brooke Anderson were held up twice by two men driving a black and red Stutz roadster. The first time they were accosted Mr. Anderson put on full speed and managed to get away. The men pursued them but Mr. Anderson turned his car into the home of a friend and the holdups thinking they had reached their destination, left them. The men did not get anything.

This is only one of the numerous holdups which have taken place in Winnetka, Glencoe and other North Shore towns during the past few weeks.

TAILORS COMBINE; BUILD OWN PLANT

"Ermine Cleaners and Dyers" Building Erected in Highwood; All Modern

The "Ermine Cleaners and Dyers" is the title of the new company whose building is now being erected in Highwood. This concern is a combination of about forty tailors located along the North Shore between Evanston and Waukegan. E. Nelson and Moldaner & Humer are the two Highland Park firms who are members of the company.

The Ermine plant will be one of the most modern of its kind in this part of the country. It will be thoroughly modern and equipped with the latest cleaning and dyeing apparatus.

The building will probably be completed and ready for occupancy in about two months. It will be a two story concrete structure. No manager has yet been selected for the plant.

DEERFIELD WALLOPS OLD RIVAL, WAUKEGAN

High School Wins Third Game. To Play La Grange Here Next Saturday

Last Saturday saw Deerfield's third victory marked up, when the Deerfields future pennant winners walked away from Waukegan. Despite the fact that the team was playing under adverse conditions owing to the fact that two of the regular backs were out they played an almost perfect game, from one whistle to the other. In the first quarter "Red" Proctor picked up a fumble and put it down again behind the goal. Then Parcels booted the score and completed the quarter. In the second and third quarters no scoring was made although the ball was in Deerfield offensive territory all through them. In the last quarter Mellvain took the ball at the 50 yard line and ran for a touchdown. Deerfield was penalized and so this did not count. The ball was put back on the fifty yard line and again Mellvain did the same thing. Deerfield's players are showing up finer than ever, and they are expected to be at their prime to meet La Grange in the first league game next Saturday at the High school field. New arrivals in the school combined with the old men and Mr. Rothacher's brains ought to make a winning team. If there is anyone who can whip the team into shape to take the laurels this year it is Coach Rothacher and so there is no reason why we cannot be a pennant winner this trip.

FIRE PREVENTION DAY TO BE OBSERVED HERE

PRECAUTION IS IMPORTANT

Three-fourths of Local Fires Last Year Preventable. Praises Department's Efficiency

By Harry Eichler
The President of the United States has proclaimed Saturday, October 9, as Fire Prevention Day, and has urged all citizens throughout the country to realize the unnecessary destruction of life and property by fire and the necessity of reducing it.

While we steadily complain of the high cost of living due to present price inflation, industrial unrest, profiteering, etc., yet one of the greatest factors very seldom considered and for which we are all responsible, is the tremendous loss in our annual bonfire. Little do we think that in every check we write to the grocer, the butcher, the clothier and every other business man that a fraction of a per cent goes to help meet the cost of his insurance, so that the insurance companies can guarantee his property against loss. True, there is nothing against this principle, but the fact of the matter is that too many families and business men use an insurance policy as a "crutch" to lean against. Knowing that the insurance policy is the only thing that stands between him and ruin, the business man disregards the simple measures in fire prevention.

Fire Losses Great

America in this respect is regarded as a very careless nation and her fire losses during 1919 amounted to the appalling figure of \$325,000,000 or, practically, seven times greater than the fire losses of all of Europe. European fire losses are comparatively smaller than ours largely because the laws are fashioned to make the inhabitants more vigilant in avoiding careless fires or suffer the penalty. Not until our states and communities adopt more rigid laws in fire prevention will there be any let up in the increasing yearly losses.

In the meanwhile it is vitally necessary that we observe Fire Prevention Day. (Continued on page 10)

PLAN STAG PARTY FOR BUSINESS MEN

WILL VISIT IN MILWAUKEE

Special Train to Carry Association Members Next Wednesday; Discuss Store Closing

The best attendance in months was recorded at the October meeting of the Business Men's association, held Tuesday evening in Witten's hall.

The main feature of the evening was the making of plans for the annual stag party for the association members. It was decided to celebrate the affair by making a trip to Milwaukee Wednesday afternoon, Oct. 13. A special train on the North Shore line will be chartered to carry the men to Milwaukee. It will leave here about one o'clock. After arriving in that city the various individuals will amuse themselves as best they may until six o'clock, when a dinner will be served to all. After that they will indulge in a little theatre party. A committee of William Witten, Thomas E. Welch and William Pearl was appointed to make all arrangements for the affair.

Discuss Closing Stores

The question of closing Highland Park stores during the Community Center pageant a week from Saturday was taken up. It was decided to leave the matter of closing up to the individual store owners. No sum will be donated to the pageant by the Business Men's association, but it was agreed that the various members should be solicited individually in order to raise the \$100 quota asked of the business men.

M. M. Crutten, a representative of the Chicago Telephone company, made a short talk on "Public Utilities." He explained why the telephone company, with existing rates, is unable to maintain its service adequately and at the same time make the necessary extensions of service.

COMMUNITY DANCING AT HIGH SCHOOL SATURDAY

Fourth Season to Open Oct. 9. Dances at Elm Place During the Summer

The Community Center dance committee announces that they start in on the fourth season of dancing at the high school next Saturday night. Objections having been entered against the continuation of the dances, the school boards were in session on September 23 and 29, and after hearing same, a compromise agreement was entered into whereby the committee secured the use of the girls' gym for the coming season of dancing parties.

The attendance at these dances establishes a record for the largest assembly of Highland Park people in its history. We have had political meetings and different forms of gatherings, but we have never been able to attract as many people under one roof week in and week out as we have done on the occasion of these dances.

The management has been insistent upon proper decorum of all of these parties and has been wonderfully successful in this endeavor.

During the summer months dances were continued at the Elm Place school and were largely attended by our young people.

During the coming winter, an effort will be made to secure the attendance of some of the older people, and to extend the usefulness of this feature of community service to a greater extent than ever heretofore.

The committee realizes that the popularity of the dances has spread to such an extent that young people not residents of our district are asking permission to attend but same must be refused and on next Saturday the rule regarding admission tickets will be strictly enforced.

There have been over five hundred admission tickets issued, all of which are numbered and issued in duplicate so that a record is kept of the name of the holder, place of residence and the name of the endorser.

Soldiers and sailors in uniform are required to have tickets. The admission fee at these dances is twenty-five (25c) and barely covers the expenses of furnishing music, however, the management is of the opinion that no change in price will be made unless it becomes an absolute necessity.

The hosts and hostesses are volunteer workers and the only item of expense consists of the expense of music and janitor hire.

OPENING DANCE IS GIVEN BY THE Y. M. C.

Members and Guests Enjoy Informal Affair in Club Rooms Last Evening

The members of the Young Men's club and a few invited guests enjoyed an informal dance last evening in the Community Center rooms, and those of the club who do not dance were entertained upstairs in the new rooms.

The club's new quarters over the Community Center have been fitted up in elegant shape and the affair last evening was given as a sort of opening of the new home. It was also a reception for the officers, elected at the last meeting. They are Robert Cutsler, president; Harry Eichler, vice-president; Irving Brand, second vice-president; Calvin Aynsley, secretary; John Mooney, treasurer.

LEGION DELEGATES TO CONVENTION REPORTS

At the regular monthly meeting of the Dumaresq Spencer Post of the American Legion, held Monday evening in the Community Center rooms, Edward Maechtle, delegate to the national convention at Columbus last month, made a formal report of that meeting.

Plans were discussed for the organization of the Lake County post of the American Legion, along the lines prescribed at the national convention. A number of the members volunteered to serve as Indiana at the Community Center pageant to be given next week.

The election of officers was held and the following were elected: Commander, Egbert Spencer; Vice Commander, Dr. H. B. Roberts; Sergeant-at-Arms, Fred Gallagher; Finance Officer, Mr. Ronen.

POSTPONE PAGEANT TO SATURDAY, OCTOBER 16

TO HAVE BEEN TUESDAY

Affair Promises Huge Community Gathering in New City Park. Bring Your Programs With You

On Tuesday evening a meeting was held in the Community Center and it was unanimously decided to postpone the Pilgrimage Pageant from Tuesday, October 12, to Saturday, October 16, at three o'clock. The change was made due to the fact that it was very hard to get men who would be able to take part on Tuesday. It is felt that Saturday will be much more convenient and that a great many more people will be able to participate in the affair.

This affair is truly a community gathering and it is hoped that all will come in the Puritan costume and join in the festivities. Individuals, clubs, and schools have offered their services and the following will take part:

The Rev. Frank Pitt will give the prologue; Episode I will be taken by the High school assisted by Mrs. Scott's dances and the American Legion, who will furnish the Indians; Episode II is being taken by the Young Men's club; Episode III by the Ravinia school and the Ravinia Civic club; Episode IV by the Daughters of the American Revolution, Elm Place and the Lincoln schools; Episode V by the Highland Park club, assisted by the Spanish-American war veterans, Civil war veterans, soldiers and sailors; Episode VI by the Girl Reserves; America by Miss Bourneque.

Music for the pageant will be furnished by members of the Chicago Symphony orchestra, funds for which have been furnished by the Highland Park business men and the Community shop.

Following is the program which is (Continued on page 10)
