LINCOLN SCHOOL

Supt. C. G. Wright attended the joint meeting of the State Superintendents' association and the State School Board association which was held in Moline on Thursday and Friday of last week. Ways and means of encouraging young people into the teaching profession, the Smith-Towner bill, giving national aid to education, and the campaign for increasing the state distributive fund in Illinois from \$6,000,000 to \$20,000,000 were some of the vital topics of discussion. The people of Illinois must be awakened to the importance of education and the great danger of teacher shortage and lack of funds to meet the demands of the times.

Hundreds of country schools are closed because of the teacher shortage. A large per cent of the schools which are open are taught by teachers with very little preparation, many of them having no schooling beyond the 8th grade.

Some of the suggested remedies for the situation as it is today are: (a) higher standards for teachers — at least high school graduation with one year of special training — minimum wage for teachers \$1,000 for those holding third grade certificates; \$1,250 for those holding second grade certificates and \$1,500 for those holding first grade certificates. (b) Better housing facilities. (c) better roads. (d) more revenue from State and Nation and (e) a National department of education.

Schools will close on Friday of this week in order that the teachers may have an opportunity to visit other schools. Some of the schools chosen are Winnetka, Gary, Ind., and the Francis Parker and University elementary school, Chicago.

During the last two weeks, several different groups from upper grades have attended John Drinkwater's play, "Abraham Lincoln," which is being given at the Blackstone theatre, Chicago.

A week ago Friday the 7th and 8th grades, under the direction of Miss Goddard, made a very successful excursion to the sand dunes of Indiana.

HIGH SCHOOL NOTES

The girls' Athletic association of the Deerfield-Shields high school has been accepted as a member of the Illinois League of High School Girls' Athletic associations.

The object of the league is to stimulate an interest in athletics and to standardize ideals of health and sportsmanship among high school girls of the state.

Two awards of merit are given by the league, a pin and an emblem. The awards are made for a given number of points; four hundred and fifty, and six hundred respectively. In order to win points a girl must demonstrate her ability and skill in several lines of activities, have manifested a good spirit of sportsmanship throughout her school life. The activities for which points are given are so arranged that a girl must follow several different lines of sport to win her award. Preference being given sports and activities such as swimming, tennis, walking, skating and hockey, which will carry over into later life.

Miss Joan Fleming of Bloomington, Ill., is the first girl to receive awards. Several Deerfield-Shields girls are working for pins, the first award.

The class will not be organized unless 24 enroll.

COMMUNITY SERVICE

What do YOU think about this Community Center and whether we ought to continue it?" asked Mrs. A. of Mrs. B. as they sat awaiting election returns in the east room Tuesday night.

Without hesitation Mrs. B answered by the familiar method of asking another question:

"Where would you go tonight if it were not for the hospitality of the Young Men's club in these rooms?"

"We always have gone down — to the city — but this year it seemed so good to have a place to come where it wouldn't take us an hour to get home when we were already tired enough to go to bed."

"That's just it. So did we, and then isn't it fine to be with all our friends and neighbors instead of with a lot of strangers?"

Just then our genial and beloved Mayor arrived, the chairman of Community Service sat down with him, young men passed trays of (nearly hard) cider and great baskets of delicious doughnuts, a home orchestra struck up a lively tune and a few couples danced in the limited space unoccupied by chairs and tables.

Mrs. A. looked around and saw all on the surface and sensed the spirit struggling for expression underneath. Finally as she gathered her wraps to make the short walk home she said with a determined note:

"Well, I don't believe we need question the Community Service idea any longer. I am convinced all we really need is larger quarters."

"You Were But Little at the First But Mighty at the Last"

Truth forceful and poetry beautiful as applied to the dollar that started the savings account at the bank. Little at first, but mighty, indeed, when it developed into a college tuition, the nucleus of a business or the foundation of a home.

Let us start you with the first dollar.

JUDGE WM. EWING'S BROTHER PASSES AWAY

(Continued from Page 1)

as the drainage canal project, and to his intelligent and untiring effort in this work was largely due the consummation of this engineering feat. He was appointed by President Harrison as one of Illinois members of the United States Commission for the World's Columbian Exposition in which capacity he served with notable credit to himself and the board of that world-famed organization.

Mr. Ewing's wife, who was Miss Kate Hyde of Buffalo, passed away over twenty years ago. A daughter and son are the remaining members of his family, Mrs. Lucy E. Glickauf and Mr. Edgar A. Ewing both living in Chicago.

M. E. CHURCH

It may be because our thought is cast in Methodist moulds that think and talk about and seek to carry out

a consistent scheme of evangelism in every department of church work. The ultimate goal of all work under the direction of the church is to win a definite decision for the Christian life all who come within the scope of that work. We have a very definite conviction that the church that is not functioning evangelistically has small reason for expecting a continued existence. This option is shared by many others both within and without the church. Such an organization we are in process of building. We are only in our beginnings. There is a most wonderful opportunity for men and women who have had the advantages of training to enter into and assist in working out this program of service in its broadest sense but that has for its immediate goal the saving of the individual. In this connection we again call attention to the three great mass meetings in Chicago, Friday, Saturday and Sunday, the 5, 6 and 7. The meetings Friday and Saturday will be at the new Congregational church, Washington and Ashland Bldgs. The speakers are Hon. W. J. Bryan, Dr. Chas. L. Goodell, Mr. Hugh R. Munro, vice-president of the Niagara Lithograph company, New York, and Frank Goodman of New York. Mr. Goodman owned 32 of the largest gambling houses in New York City. After his conversion he never went back to see after any of his interests. He speaks at Woods Theatre, Sunday, at 3:30 p. m. Admission by ticket. Tickets given to registered delegates. The minister will gladly secure your registration.
