

Send it to the Laundry

For Sale—a Day!

And the price is willingness to try a new method. Instead of a day of hard manual work with the family washing or of dreary superintending of a "wash-woman," you can buy yourself freedom for a day by bundling up that wash, handing it to our representative and getting it back on time with all the work done beautifully.

And when you figure up the cost, you'll find it cost you no more than a woman would. You've bought a day for nothing! Start saving time this week!

We Dry Clean Lounging Robes, Smoking Jackets, Bath Robes, Kimonos, and all the dainty fabrics about the home.

DR. QUAYLE STAYS TO COMPLETE WORK

LEAGUE IS NOT DEAD YET

Secretary's Resignation Takes Effect When He Leaves for Oswego to Take Church

Dr. Thomas R. Quayle, who has accepted a church at Oswego, will continue to function as secretary of the Lake County Law and Order League for some time. His resignation will take effect when he goes to Oswego later.

The following communication regarding Mr. Quayle's work in Lake County has been received at the Press office:

"Mr. Thomas R. Quayle does not leave the neighborhood at once, but will for some time be in charge of the work of the Law and Order League. The League has been in existence for nearly 15 years, and success for its work at first seemed hopeless. It closed the big race track at Libertyville, a wholesale gambling proposition. It protected the Great Lakes naval station, fighting all the preliminary battles against the 115 saloons that were near it, and continued the fight until they were all wiped out just before the war.

"The League closed up the disorderly houses, gambling dens and saloons near Fort Sheridan, by special legislation, which it secured at Springfield, and placed a four mile zone of temperance around the University of Illinois at Champaign, which not only closed the blind pigs, but also some disorderly houses connected with them, thus protecting the great university.

"Mr. Josephus Daniels, the secretary of the Navy complimented the League on its work for the naval station. Mr. F. D. Everett of Highland Park, has been president and Mr. E. P. Sedgwick of Highland Park, has been secretary. Mr. R. C. Jacobson of Highland Park is one of the directors. Other officers are in Lake Forest."

INTERESTING FIGURES IN OFFICIAL RETURNS

Springfield, Ill., Nov. 23. — Official returns of the election reported to Secretary of State Louis L. Emmerson from the 101 downstate counties show that Len Small carried the downstate over James Hamilton Lewis by a plurality of 359,906. The figures were totaled after the last downstate county had reported. Cook county official returns will not be in for some days.

The Republican ticket was led in the downstate by Secretary of State Emmerson, both in the total number of votes received and in the plurality over his opponent.

The totals for the 101 counties on everything except clerk of the Supreme Court, on which one county is still out, are as follows:

U. S. Sen. — Rep., McKinley, 774,160; Dem., Waller, 343,497; plurality 430,663.

Governor — Rep., Small 737,217; Dem., Lewis 377,311; plurality, 359,906.

Lieut. Gov. — Rep., Sterling, 772,433; Dem., Williams, 343,997; plurality 428,436.

Sec. of State — Rep., Emmerson 781,447; Dem., Charles 335,263; plurality 446,184.

Aud. Pub. Accts. — Rep., Russell 780,114; Dem., Brady 335,067; plurality 445,047.

State Treas. — Rep., Miller 736,902; Dem., Ryan 337,892; plurality 439,010.

Atty Gen. — Rep., Brundage 779,221; Dem., Burns 337,827; plurality 441,394.

WHAT LIGHT HAS COST

In the reconstruction processes the public utilities have had the hardest tasks of all to rearrange their incomes to correspond with increased costs. All of these utilities have "had their day in court," at Washington, and it appears that the gas manufacturers are still farther away from the new cost of living necessities than all the utilities.

Candles and sperm oil illumination for five lights five hours at night, cost our forefathers \$22 a year. Kerosene gave 50 times more light at the same cost. The average home requires about 18 times as much light as desired a century ago and the cost per unit is about 3 per cent of what it was then. For one cent we now purchase enough electricity to operate a 20 candle power lamp 5 hours.

The man that forges to the front is the one who thinks in advance of the other fellow — that does something he does not, or does what he does — better.

NO MORE RATS

of mice, after you use RAT-SNAP. It's a pure rodent killer. Try a Pkg. and prove it. Rats killed with RAT-SNAP leave no smell. Cats or dogs won't touch it. Guaranteed. Mr. Thomas' room received the prize for the most mothers at the Parent-Teacher association meeting.

A masquerade dance was held in the Ridge school Saturday evening.

"THE PETROLEUM OUTLOOK"

A handsome brochure under the above title has been issued by Arthur D. Little, Inc., of Cambridge, Mass. The expense entailed in the document indicates that it is paid for by someone who knows, and therefore it may be considered as containing some first hand information. The following is one of its important revelations: "Fuel oil . . . must shortly follow the course already taken by gas and oil. As a matter of fact this, the second step in the program of re-trenchment, is already in process. One, at least, of the great refinery interests which some months back withdrew gas oil from the market, has now arranged to discontinue the sale of fuel oil as such entirely."

Landscape Harmony

The evident harmony of arrangement between the house and surrounding landscape is what first impresses one in viewing Italian landscape architecture.

A consideration of the design as a whole, including gardens, terraces, groves, and their necessary surroundings and embellishments, brings out the fact that no one of the component parts was ever considered independently.

If you are contemplating having some landscape work done, it pays to employ one who is an expert in his line. Right now is an opportune time to make preparations for fall planting, tree trimming, and other work around your place. Do not put off making your arrangements, as the fall is a very busy season.

Estimates promptly furnished upon request.

TRADING WITH CANADA

Heavy shipments of wheat, cattle, and lumber have been received in the United States from Western Canada. The Federal Trade commission gives the following data, gathered through the the custom house sources: "Wheat and flour imports from Canada into the United States during the first fifteen days of October were: Wheat, 4,950,683 bushels; flour, 65,946 barrels. These importations of wheat during the first fifteen days of October were more than three times as large as in any whole month of October during the past seven years."

A consul report says that potatoes are much cheaper in North Dakota and Montana than in Manitoba, and that inasmuch as potatoes go free of duty to Canada that there is a chance of shipping them into the Dominion at a profit.

COOPERATIVE MILK DISTRIBUTION

The Dairy division of the Department of Agriculture reports that the dairymen of Dubois, Pa., are conducting a cooperative milk distributing plant with "decided success."
