### TWO CARS DITCHED IN SAME EVENING

**Flivver Turns Turtle Near County Line Palace Market Car Skids off Road**

The Palace market delivery car skidded into the ditch along South Green Bay road last Friday evening, and was pulled out by the city fire truck.

A Ford car smashed into the ditch along Green Bay road just south of the county line last Friday night, and turned completely over. The occupants were not seriously injured, and the flivver was towed in to Glencoe.

### PAPERS WERE SOLD AND MONEY TAKEN

New Year's day E. F. Pratt left a pile of Chicago papers on the step in front of his cigar store in St. Johns ave. Business was good, and all the papers were sold, the customers putting their pennies in a cigar box left for the purpose. When Mr. Pratt returned the door step was empty, both the papers and pennies were gone.

### ELKS' CHILDREN PARTY BIG SUCCESS

Last Saturday afternoon under the auspices of the Good Fellowship committee of the Elks the children were entertained at a party at Pearl theatre. "Jack and the Beanstalk" in movies was shown to the kiddies and all the youngsters were given a box of candy. All pronounced it a most pleasant afternoon.

cooperate in exploiting the shopping, banking and residential advantages of Highland Park.

Friday, January 21, is the date decided upon for commencing Town Boosting Week.

The Highland Park Press will give a liberal portion of its columns to the importance of the occasion, and will issue a big Special Booster Edition in connection with the event, assisting to its utmost to make the event highly successful.

Enterprising business men will give publicity, through this special edition of The Press, to their various lines of endeavor. With merchants, it will be a special value-giving occasion, many merchants having decided to put into effect special January clearance sales, which will start on the opening date of Town Boosting week. Doctors, lawyers, professors and school teachers will do their part toward making Town Boosting week a success by using it as an opportunity to advocate a greater and closer community spirit.

"I am for Town Boosting week," said one merchant, "because it spells closer cooperation among us all. I am for Town Boosting week because it provides a splendid opportunity for a local publicity campaign, and enables us to instigate a one week demonstration of our ability to undersell Chicago stores. 'It will center,' said he, 'interest on Highland Park stores and other local enterprises.'"

Mr. C. E. Murphy, a representative of The National Trade Development League of Chicago is in charge of organizing Town Boosting Week. He is delighted with the general enthusiasm that business men are displaying in the event.

### SUBURBAN MOTORISTS MUST BE IDENTIFIED

gain first-hand knowledge of this subject. This knowledge has been supplemented with a later up-to-date study of the system, obtained not only by careful reading, but also by personal investigation in its present stronghold in the Rocky mountain country, until she is without question one of the best informed women in America on this subject.

In the capacity of speaker for the home mission board of the Presbyterian church for the last ten years, she has traveled and spoken in almost every state in the union, before many organizations, colleges and universities, summer conferences and assemblies. She is considered authority on the Mormon question. With her natural qualifications for platform work, her thorough and accurate knowledge of the subjects she discusses, her Christian devotion to the task which she sets herself, coupled with her experience in travel, she is pre-eminently qualified for the position she occupies.

Mrs. Diefenderfer is a forceful, logical and eloquent expounder of true Christian reform. She is adroit, interesting and convincing in logic, easy in address and thorough in the subjects which she handles. Her discretion as to the application of her thoughts to audiences is extraordinary and her zeal and devotion to ideals which serve to the elevation of humanity are very marked.

Recently, Mrs. Diefenderfer has spoken before large mass meetings in Chicago where she has been most enthusiastically received. She is known to Highland Park women also having spoken here on several occasions. There should be a large attendance to hear her on next Monday at the Presbyterian church.

city hall and this ruling of Fitzmorris is an outrage," Harry Branstetter, president of the Chicago Automobile club said when he heard of the chief's new ruling.

"We are going to fight the thing as hard as we can through all the courts in the state. First thing we know this place will be like Germany and we'll have to register with the police every time we turn around."

The automobile club head had a lot more to say about the constitutionality of the law, his opinion of the police and the newspapers which supported the anti-parking ordinance. He said the press was "too crooked to lie in a bed" and that the police wanted to tag 1,000 honest men so that they could identify 10,000 criminals they didn't arrest.

Harry Meyer, manager of the Illinois Motor club, also expressed the opinion that suburbanites could not be forced to carry the identification cards while in the city and that a fight would be made on the ruling.

**Tourists Only Exempt**  
Chief Fitzmorris said the only persons driving on the city streets who would be exempted from carrying the

### PLIGHT OF REFUGEE CHILDREN TERRIBLE

One hundred thousand Russian refugees in Poland r absolutely destitute, according to official estimates. The majority of them are women and children. The condition of the latter particularly is pitiful and they will be among the beneficiaries from the \$38,000,000 fund being raised by the European Relief Council, composed of eight leading American relief agencies for a joint appeal in behalf of the millions of little Europeans who can look only to America for the food, clothing and medical care that will make it possible for them to survive the winter.

He also said one card for a machine would not be enough.

"If a man has his son drive him down town and then take the car back to his home the son can be arrested if he does not have a card.

"There are no two ways about the matter and the police are determined to go through with it."

identification cards were tourists passing through town.

The Illinois quota exclusive of Chicago is \$1,000,000. Mr. Hoover's appeal is for \$33,000,000, the amount necessary to keep the 7,000 food kitchens in Czechoslovakia, Poland, Germany, Austria, Hungary, Bohemia and other central and eastern countries open until the next harvest can lighten the terrible burden under which the present generation is staggering. Money is being sent to General Charles G. Dawes, treasurer, European Relief Council, Central Trust Company, Chicago, Ill.

The European Relief Council, composed of eight leading American relief agencies for a joint appeal in behalf of the millions of little Europeans who can look only to America for the food, clothing and medical care that will make it possible for them to survive the winter.

Mr. E. H. Clifford has accepted the chairmanship and is securing the cooperation of leading men and women in the formation of a committee that will raise funds here.

Similar committees are being formed in each county in this and every other state. A. A. Carpenter, state chairman, with headquarters at 205 N. Michigan ave., Chicago, has said that the friendly rivalry between the several county committees as to which answers quickest and most generously the pathetic appeal for food, clothing and medical attention that reaches across the sea and into prosperous Illinois communities.

Mrs. B. F. Langworthy, who is associated with state chairman Carpenter, has written Mr. Clifford as follows:

"The cause in which we are working is one that seems to appeal to every kind of citizen, to every age and every belief. Pennies come in from school children, from farm children, and from men, housewives—all of them hold in their hearts a deep pity and concern for the 3,500,000 des-

### Heart-Breaking Smiles

There are thousands of kinds of smiles, but it would be mighty hard to picture even in the mind's eye smiles more poignantly tragic than those here seen. Two years of life have held little misery for these Vienna youngsters, yet, even though the result is painful, they smile. They are victims of rickets, the offspring of near-starvation, and that countless others in stricken Europe may not have to share their fate, eight American relief organizations, under the name of the European Relief Council, are making a joint appeal for the conscience of America to complete relief work which this winter faces its crisis. These agencies are the American Relief Administration, the American Red Cross, the American Friends Service Committee (Quakers), the Jewish Joint Distribution Committee, the Federal Council of Churches of Christ in America, the Knights of Columbus, the Y. M. C. A. and the Y. W. C. A.
