

Would you be interested in the purchase of

Electric Iron

or an

Electric Toaster

or an

Electric Percolator

or an

Electric Portable Lamp

Or any other electric appliance, electric washers, vacuum cleaners and ironing machines alone excepted?

Then here is your opportunity.

ONE DOLLAR

Paid down will deliver it to you
Balance of cost in monthly payments

This offer continues in January only. It has had its natural effect, for people in this town know a good thing when they see it. But January is slipping away and a good thing to do would be not to delay action, because stocks of some articles are limited.

With percolators and other appliances classified as "hollow ware" we give free with each a Two-Way Socket which, as its name implies, multiplies the capacity of any lamp socket and thus obviates the need of putting out a lamp to use an appliance.
