B. J. FALLON SPOKE AT MEETING TUESDAY

DELIVERED FINE ADDRESS

Interesting Special Features at Business Men's Gathering; Plan Dance Wednesday, Feb. 16

An address by B. J. Fallon, assistant general manager of the Chicago Elevated system, and the Chicago North Shore and Milwaukee railroad, and moving pictures of the old Indian trail between Chicago and Milwaukee, shown under the direction of John J. Moran, secretary to President Britton I. Budd, of the North Shore line, were features at the regular meeting of the Highland Park Business Men's association, held Tuesday evening in Witten's hall.

Harry Paul, vice-president of the association, presided in the absence of President Charles F. Grant. Mr. Paul secured the speakers and arranged the very interesting evening's program. The refreshments committee, assisted by a few of the members' wives, provided a very fine buffet luncheon, which was enjoyed by all.

The association, by a unanimous vote, decided to give a dance and buffet luncheon in Witten's hall, Wednesday, Feb. 16. This affair will be for members and their intimate families.

Under the direction of Mr. Moran, some very interesting moving pictures of the Chicago-Milwaukee Indian trail were shown. It is along the old trail that the tracks of the Chicago North Shore and Milwaukee railroad have been laid. The pictures were very elaborate. Scenes of Indian life and old frontier days were portrayed. Then the film changed and the audience was shown pictures of the North Shore railway, the cities along the line, of the new steel cars and, especially, the famous dining car service, of which our fellow townsman, Thomas E. Welsh, is superintendent.

Mr. Fallon spoke in place of President Budd of the North Shore line who was unable to attend because of illness. His talk was very interesting, and was listened to with a great deal of interest by everyone. The text of the address follows:

Gentlemen: While I am greatly pleased to be with you business men of Highland Park on this occasion, I am not sure that you will be pleased when I get through. I fear you may find me a rather poor substitute for Mr. Budd, who regrets his being unable to be present this evening.

As business men you naturally are interested in the outlook for the coming year. I wish I could tell you with some degree of accuracy when our country shall emerge from the present industrial depression, but I am not a prophet. One business man's guess is perhaps about as good as another's in that respect and I have little faith in the prophets who pretend to be able to draw charts showing exactly when business will strike rock-bottom and begin to ascend again.

But while I am not a prophet, I am not a pessimist or erage-hanger and in spite of the rather unfavorable conditions at the present time, I have the most unbounded faith in the future. The reason for my faith is that our country, financially and commercially is on a sound basis fundamentally.

At the beginning of the World War in 1914 the United States was a debtor nation. Every important country in Europe held our securities. Today conditions are reversed and we are the greatest creditor nation on earth. The important countries of Europe now owe us money, instead of us owing them. The balance of trade is heavily in our favor. It amounted to 385 millions of dollars for November, and for the year 1920 our exports exceeded our imports to the amount of \$2,723,000,000.

As you are well aware our country is the richest in the world in natural resources and it is to us that the rest of the world must look for the raw materials to feed them and keep alive their manufacturing industries. With these facts in mind, I do not

The latter immediately went to the rescue, and with the help of life guards, succeeded in getting the drowning man to shore.

LARGE CROWD ATTENDS COMMUNITY MUSICALES

The community musicale, given at the Center last Friday evening was a tremendous success. Long before the performance began all of the seats were filled.

Mr. Hinsdell is a splendid speaker. Mr. Kaumeyer, violinist, and Miss Louise Bedian, pianist, proved themselves to be wonderfully talented artists. The audience was very enthusiastic in their applause and the artists proved most generous in their response.

Mr. Hinsdell, who is very enthusiastic over community dramatics, has offered his services to the Community Center.

COMMUNITY SERVICE OPENS DRIVE MONDAY

CAMPAIGN TO RAISE FUNDS

Boost the Center! Help It to Continue! Help It to Grow During the Coming Year

Theodore Roosevelt sounded the key-note of the present problem before this country when he said, "This country will not be a good place for any of us to live in unless we make it a good place for all of us to live in." Community Service is the answer to Roosevelt's appeal. The need for something like Community Service existed long before the war. The war aggravated this need and emphasized it. The needs of our fighting forces demanded immediate organized action.

War Camp Community Service was the answer. Through it all the communities around the cantonments organized America's hospitality for our fighting men, and while doing that they organized themselves. War Camp Community Service operates today in 604 American communities and will continue to operate until the demobilization is complete. What War Camp Community Service did for our fighting men, Community Service does for all of us in peace.

Highland Park profited much by the experiences of War Camp Community Service. It organized itself and on February 1, 1920, the local War Camp Community Service became Highland Park Community Services. The Soldiers' and Sailors' club which served the men from Fort Sheridan and Great Lakes Naval Training station became Highland Park's Community Center, thus serving our own people as well as the men from the two cantonments.

One year of Community Service in Highland Park has passed, and its work during this time has proven most successful. Of the many places in the country operating Community Service locally, Highland Park is conceded one of the best "set-ups." Of the twenty activities of the National Community Service program Highland Park Community Service carried on thirteen.

These were community music, athletics, pageantry, entertainments, volunteer training, community celebrations, girls' and boys' activities, young men's and young women's activities, information service, citizenship, art and education, hospitality to service and ex-service men and operation of the Community Center with all phases of work connected with it. One cannot help but realize all these activities, when you recall the monthly musicals, the baseball team of last summer, the wonderful pageant last fall, the recent play leaders institute, the weekly Americanization classes, the civic classes, the weekly community dances and the weekly junior service parties. These are but a few of the many and they are big and helpful in shaping our community life.

Who does not realize the great service the Center has afforded during the past year? It is not necessary to dwell on that at great length here. It is sufficient to say that each resident in Highland Park will receive in pamphlet form (Continued on Page Four).

OSSOLI CLUB PLAYS ARE HUGE SUCCESS

"Not on the Program" and "Food" Given at the Highland Park Club Friday Evening

The annual Ossoli theatrical evening of January 29 included two plays, "Not on the Program," and "Food," both of which proved a great success and gave to the club several very talented new players.

The two plays were under the direction of Mrs. Hopkins, the president, assisted by Mrs. Carl Odell, whose arrangement of the stage settings for both plays was most artistic.

Ossoli theatricals have become a feature of the winter club life and are looked forward to more eagerly than any other evening program. That the two this year were the most successful was the opinion of every one in the audience.

CLUB MUSICALES WAS A GREAT SUCCESS

BRILLIANT PROGRAM GIVEN

Marian Chase Schaeffer and Mrs. Byfield Delight Audience; Mrs. Dickinson Accompanist

Marian Chase Schaeffer and Helen Abbott Byfield hold a larger, warmer place in the hearts of Highland Park citizens than ever before—well known and well beloved as they have long been. These two wonderful women held the audience in Pearl-theatre last Tuesday night in absolute quiet, convulsed it with laughter, or moved it to tears, as they wished.

To attempt a critical review of the work of these two artists would be to exhaust all the adjectives of praise that Webster ever defined. They are artists to the finger tips. Their work is so finished that it seems mere play; their poise and stage presence so perfect and simple that it makes one feel at home with them from the moment they appear. They also know the art of program building to the last possible degree. They have worked and played together on so many occasions that each has imbibed the spirit of the other, and their selections follow the same plan and idea, making a complete whole of what could be an unrelated performance.

Mrs. H. F. Dickinson gave a splendid support and added grace to the piano. She was able at all times to be absolutely in the spirit of the composer, and the singer, and the accompaniments were brilliantly done.

A word must be said in praise of the Pearl theatre. It is a little gem of a place with an unusually charming stage, and good acoustical qualities. The music carried without echo, and the least whisper of a song or spoken word was distinct and clear to the last inch of space.

The Highland Park Woman's club may once more be congratulated in that it has done a thing unusual in Highland Park, in a splendid fashion.

JULIAN B. ARNOLD GIVES THIRD LECTURE

"Egypt," The Mother of Empires," To Be Given at Ossoli Meeting on Tuesday

Tuesday, Feb. 8, Julian B. Arnold will give the third and last lecture of his series on the Ossoli program.

The subject for next week will be "Egypt, the Mother of Empires." Long a resident in Egypt, Mr. Arnold's knowledge of that country is unusual and his talk will be illustrated with lantern slides.

These pictures Mr. Arnold gave much time and thought, when taking the result being a remarkable set of Egyptian pictures.

Mr. Arnold's intimate acquaintance with the traditions, economics and ethics of four continents—his wide-spread mental vision—his profoundly scholarly presentation of a subject, have made this series of lectures the most remarkable on the Ossoli program, and are considered by many to be the best the club has ever secured.

OBSERVE HOOVER DAY AT LOCAL Y. W. C. A.

Turn Over Gross Receipts of Tuesday's Lunch to Fund for the Starving Europeans

Tuesday, Feb. 1, was widely observed as Hoover day and all Y. W. C. A. cafeterias were asked to contribute the gross receipts of the noonday luncheon toward this fund. It proved to be a red letter day in our local cafeteria as \$50.00 was turned over to this much needed work from the patrons who were interested in this national obligation.

Special mention is due the Bowman Dairy company which contributed the milk used at this lunch.

RESIGNS POSITION AT PUBLIC LIBRARY

Last Saturday night Mrs. Frances D. Everett gave Miss Helen Flinn a most enjoyable surprise party at the library as it was her last night as assistant librarian. There were thirty guests, among them being four members of the library board, Mrs. Frances D. Everett, Dr. Wolcott, the Rev. Frank Fitt and Mr. Jesse I. Smith. Miss Flinn has been forced to resign her position because of the severe illness of her mother, and the many friends she has made among the patrons of the library sincerely regret her departure.

ATHLETIC CLUB GIVES SECOND MASQUERADE

The Highland Park Athletic club will give the second masquerade this evening in Athletic Club hall. Prizes will be awarded for the cleverest costumes. The success of the last dance promises a very successful affair this evening.

MASQUERADE AND CIVIC BALL, FEBRUARY 12TH

Young Men's Club Life Saving Crew to Hold Benefit Affair in Odd Fellows' Hall

The members of the life saving crew of the Young Men's club of Highland Park will give a masquerade and civic dance Saturday evening, Feb. 12, in the Odd Fellows' hall, Prospect and Laurel avenues. The purpose of this dance is to obtain funds for repairs to the boat house and equipment.

The Young Men's club has established and maintained a station at the beach since 1912. The crew is made up of members of the Young Men's club who offer their services without compensation. During the summer months, Saturday afternoons and all Sunday, a man is on "watch" and during week days the crew answers all calls by the whistle signal at the pumping station, thus insuring the safety of those using the beach, during the entire season.

During the past ten years the crew has answered many calls; over twenty lives have been saved from impending danger and seven distressed boats have been given aid, which clearly vindicates the worthy cause of the work.

The equipment consists of one seaworthy life-boat, one pulmotor, one dozen latest type life jackets, eighteen cork life jackets, two ring life savers, drag hooks with gear, lanterns, binocular and minor accessories, practically all of which has been given by townspeople.

Highland Park is the only city along the North Shore which has a body of young men volunteer their services for life saving purposes, and it is a commendable factor in view of the fact that our local beach is open to thousands of outside visitors. Each year it is customary before the beach opens to make necessary repairs and alterations on the boathouse and equipment, funds for which are usually obtained from some local function.

It is hoped that the citizens of Highland Park will help the boys to secure funds for their much needed equipment.

CLEAR \$300 AT CARD PARTY HELD YESTERDAY

Woman's Auxiliary of Highland Park Hospital Give Benefit in Community Center

The card party given under the auspices of the Woman's Auxiliary of the Highland Park Hospital was held yesterday at the Community Center. It was a most successful affair, a large number of ladies were present and over \$300 was cleared for use in the charitable maternity work of the hospital.

The Woman's Auxiliary feels much encouraged by this evidence of support. They also feel much gratified by the large number of new members, who joined yesterday. They hope that still more will wish to help in this splendid charity; if there are others who would like to join they are urged to communicate with the treasurer, Mrs. Edward A. Smith.

There will be an all day sewing meeting held in about two weeks at the Community Center. Hospital supplies will be worked on. Notices will be sent to all the members.

The Community Center made a very attractive place in which to give the party. Mrs. Gerald Peck made the prizes which were much admired. The refreshments were in charge of Mrs. Walter S. Grubbs.

XAVIERIAN CLUB GIVES DINNER DANCE THURS.

Mr. T. E. Welsh of Chicago North Shore Line in Charge of Dinner at Wilmette

Last Thursday evening the Xavierian club of St. Francis church of Wilmette gave a dinner dance in the Wilmette Woman's club, the dinner being in charge of Mr. T. E. Welsh, dining car superintendent of the North Shore line. Messrs. Francis C. Kelley, who is head of the Extension society, is now in Europe. Rev. Lannon is the assistant pastor of Wilmette and administrator of the parish. A great deal of credit is due the committee in charge of the affair, which consisted of the board of directors of which Mr. Frank Jones is president. There were two hundred present at the dinner dance.

TABERNACLE SOCIETY CARD PARTY SUCCESS

Two hundred and seventy-five attended the card party given by the Tabernacle society of the Immaculate Conception church in the Athletic club rooms last Friday evening. Had it not been for the generous support of the Highland Park business men and the public, the affair would not have been so great a success.

TWO MORE ROBBERIES IN THE PAST WEEK

RASMUSSEN'S THIS A. M.

DeNunzio's Store and Rasmussen Bros. Shoe Store Entered. Shoes, Money and Records Taken

Sometime before 2:30 this morning thieves entered the shoe store of Rasmussen Bros. on Sheridan Road by breaking the glass in the front door.

They had an automobile and carried off about 135 pairs of shoes and a small safe containing about \$200 in currency, all books, records and other valuables.

Policemen Sheahan and Rafferty, making their rounds about 2:30 discovered the robbery. They noticed a Buick car go south shortly before this and followed it a few blocks, but lost track of them.

This morning the police drove south on St. Johns ave., and discovered shoe boxes distributed along South St. Johns Avenue and Green Bay Road all the way to Glencoe.

A driver for the O'Brien Transfer Co., saw about fifty more empty boxes south of Glencoe. The robbers, who were professionals, no doubt drove direct to Chicago. Chief Maroney and Mr. Ingram Rasmussen are in Chicago this morning consulting with the detective bureau.

A warrant has been issued here for the arrest of George French, negro, formerly employed as a presser by Dan De Nunzio, charging French with the theft of merchandise from the De Nunzio shop.

De Nunzio declares that the man entered his place of business, last Sunday night and confiscated seven bolts of cloth, consisting of many yards of valuable material, and also four suits. French has not yet been located.

The robbery was discovered Monday morning when De Nunzio opened his store. The negro, who is now living in Chicago, visited Highland Park Sunday evening, and borrowed a knife from the apartment above the store, it was said.

French worked for De Nunzio in the Highland Park shop for some time, and later was employed in the firm's shop in Chicago.

The business men are becoming very indignant over the numerous robberies in our city and are calling a meeting for tonight to be held at the Community Center to discuss means of preventing so many robberies. The city officials, they claim, seem a little slow in taking any action, and they all agree that something must be done to assist the local police. Other towns along the North Shore have taken action long ago, with the result that very few robberies have been reported in other North Shore towns.

Anyone interested in the meeting this evening at 8:30 is welcome.

HOLD YOUNG PEOPLE'S UNION SERVICE, SUNDAY

Messrs. Harry Campbell and Walker Vance of McCormick Theological Seminary to Speak

Next Sunday afternoon at 4 o'clock, there will be a union service for young people in the lecture room of the Presbyterian church. All young people are invited to this service.

The meeting will be addressed by Mr. Harry Campbell and Mr. Walker Vance, both of McCormick Theological seminary, who expect to go soon to the foreign field. Special music will be provided by the United Evangelical society and by the Methodist Epworth League.

This will be a meeting of special interest to the young people but others who are interested in young people's work will be welcome also. Not only is an invitation extended to each young people's church society in Highland Park, but to any young people in the community who would like to attend.

ENTERTAINMENT AT LINCOLN SCHOOL, FEB. 25

The advance sale of tickets for the entertainment to be given Friday evening, February 25th at the Lincoln school is already sufficiently large to indicate wide spread interest in that theatrical event.

Miss Marie Carr, leading woman of the Players is a Chicago girl, who has been playing a leading part in Henry Miller's Co. the past season. Mr. Larry Rough (pronounced Row) a promising young actor of Juvenile parts comes from Omaha where he has made a notable success in the Omaha Stock Co.
