M. E. CHURCH

Sunday School Board Meeting
Monday evening the officers and teachers of Grace M. E. Sunday school met in regular session at the church. The reports of the various departments were very encouraging. The outstanding features of the reports are given for the enlightenment and inspiration of our people. And we hope these items may be helpful to other workers. The reports covered the past year and showed:

An increased average enrollment.
An increased average attendance.
An increased budget by over \$800.
More than \$600 of this went to various benevolent enterprises; most prominent among which is the Good Will Dispensary at Santiago, Chili.

The home department is growing in numbers and usefulness. The offerings are fine and a special free-will offering of over \$10 was made to the Lake Bluff orphanage by the department.

The cradle roll is constantly growing in numbers. No department of the S. S. is more significant than this one.

The primary department has a wonderful future. The work in this department is being well done.

Should the superintendent's report be given for publication in one or more of our church papers, it would make most interesting reading. And we believe it would put our Sunday

Landscape Harmony

The evident harmony of arrangement between the house and surrounding landscape is what first impresses one in viewing Italian landscape architecture.

A consideration of the design as a whole, including gardens, terraces, groves, and their necessary surroundings and embellishments, brings out the fact that no one of the component parts was ever considered independently.

If you are contemplating having some landscape work done, it pays to employ one who is an expert in his line. Right now is an opportune time to make preparations for fall planting, tree trimming, and other work around your place. Do not put off making your arrangements, as the fall is a very busy season.

Estimates promptly furnished upon request.

sired and the means of accomplishment. With the board on record that they will loyally co-operate in this work we are sure of the best results.
