

## A Well-Balanced Cleansing Service

We have noted a disposition on the part of some patrons to send us only a part of their cleaning.

We have new patrons who have never sent us a neck-tie, others who send them regularly.

Some call us only when they have an article needing special care.

Remember we can do, and want to do, all the work from the homes of all our patrons.

Let us make our service to you a complete one.

Boxing should be encouraged and fostered, both as a private exercise and a public sport, as it is the best all-around physical tonic and should constitute a part of the physical training of all young men. It affords the best exercise for the muscles of the body and brings many of the higher qualities of the mind into a degree of activity. The high moral value of boxing as an exercise and of the boxing code, to which every boxer must submit, is due to the fact that they compel men to be just and fair to their opponents. All the young men who wish to receive instructions can at any time report to Rev. M. L. Thomas. Miss Schillstra's room received the prize for "having the most number of parents present. Dancing followed the program. Miss Schillstra and Mr. Raymond Dobbins furnished the music.

## AN OPEN LETTER

To Mr. and Mrs. Flower Lover:

To make your grounds a harmonious whole, I offer you landscape garden service. Whether you have a modest suburban lot or an extensive estate, my experts will help you develop all its possibilities for beauty. I will make your grounds a riot of bloom from early springtime until frost; a symphony of green and white when the snow falls.

Hardy Flowers, Rose Bulbs, Vines, Shrubs, Evergreens and Ornamental Trees, if put into the ground this Spring, will make your lawn a joy to you and to every passer-by.

The broad principle of my landscape garden service is to create a garden of originality and loveliness that will be permanent; the delightful garden that you have been dreaming of may cost you far less than you expect.

If you are a flower lover, right now is an opportune time to make preparations for Spring planting. Do not put off making your arrangements now, as the Spring is a very busy season.

Yours very truly,

## Occasionally—

Have you need occasionally of pressing a garment or a piece of goods right away?

Occasionally? Every day probably.

You can do it in any room with the ELECTRIC IRON.

As to ironing the family washing it will take drudgery out of the operation and shorten the time. Every lamp socket in the wired house yields power to run it.
