REPORT OF VISITING NURSE ASSOCIATION

Following are the correct figures of diseases found in the public schools of Highland Park for the month of January. At the High School five cases of measles, two of mumps, and one of scarlet fever. At Elm Place eighteen cases of chicken pox, five of measles, and four of mumps. At Lincoln and Ravinia, two cases of measles, four mumps, and three chicken pox. Five children were sent to the hospital and operated on for tonsils and adenoids. Two children were fitted with glasses. It is due to the willing cooperation of our Highland Park doctors that many children are taken care of that would otherwise have to go through life handicapped with physical defects. The Visiting Nurse Association wishes every one might know how many times operations are done by specialists with no charge whatsoever, and how many eyes are examined also free, and due to the hospital and operated on for tonsils and adenoids. It is due to the willing cooperation of our Highland Park doctors that many children are taken care of that would otherwise have to go through life handicapped with physical defects. The state provides a fine for each infraction of this law.

Every two weeks "Mother's Meetings" are held at the City Hall where the babies are weighed and the diet discussed, also short talks given by the nurses on the care of children. These meetings are held on Wednesday and free for any one who cares to go. The Visiting Nurse Association has a number of articles which may be borrowed in case of illness, such as hot water bottles, bedpans, etc. During the past two weeks a number of patients at the Presbyterian Home have been cared for by the nurses. Any one needing the services of a nurse may telephone the City Hall 161, and they will receive attention. Often a nurse is only needed for a bath, or a dressing, and a Visiting Nurse can come and give the patient the required attention thereby saving the expense of a regular nurse. Highland Park has three nurses who are here for the people. Learn to use them, interest yourselves in their work, and cooperate with the Health Authorities in every way. Then Highland Park will be a safe place to bring up your children in.

Statement, Year Ending Nov. 1, 1920

CONDEMN HIGH PRICED STOCK FOODS

Prominent Hog Raiser Says Prices Charged Are Unwarranted—Makes His Own Hog Food With Better Results

"That he is all through paying fancy prices for stock foods and hog remedies and that he is raising some of the best hogs ever placed on the market" was the statement made recently by E. H. Beckstead, well-known hog raiser and authority on live stock. Mr. Beckstead's hogs are the envy of his neighbors, and have "topped the market" for several years in Iowa. He states that for years he bought high-priced hog foods and hog remedies, but he is all through paying extravagant prices for what he can make himself. He states that what the hogs need are minerals, and tells the secret of his wonderful success by explaining that he takes about five pounds of ordinary mineraline (which is pure concentrated minerals and cost only a couple of dollars) and mixes same with enough bran or filler to make a hundred pounds. All hogs, and especially brood sows require minerals as they keep them free from worms, and in the pink of condition, and are essential to the hogs' growth and a well balanced ration. This inexpensive mixture placed in a sheltered box where the hogs can get at it as they need it, will produce far better results than any high priced so-called stock foods. Send two dollars to The Mineraline Chemical Co., 1638 North Wells St., Chicago, Ill., and they will forward you by prepaid parcel post, enough mineraline to make a full hundred pounds.—Adv. 51-52-1-2

Don't Forget to Replace the Receiver

Telephone users are urged to replace the receiver promptly at the end of every conversation.

If the receiver is left off the hook, either intentionally or accidentally, it completely cuts off your telephone from every other, and requires the operators to report to persons calling that your telephone is out of service.

By replacing the receiver on the hook at the end of each telephone talk, you keep your telephone door open and assist in maintaining good service.

Pipeless Furnaces at Right Prices

Installed complete in your home for \$165.00 (small size) \$175.00 (regular size) \$190.00 (large size) guaranteed to equal or excel any Pipeless on the market.

You don't need a heating engineer if you buy a pipeless furnace any more than when you buy a stove.

But perhaps your house can be better heated and ventilated with a Holland Improved Pipeless, or with the Complete Holland Pipe System — the most famous heating plant on earth. We are unbiased and our heating experts will recommend the system that will give you the best service and satisfaction.

We have a complete line on display at our Branch Service Office, and feel sure that our special, early-year prices will interest you.

Note This Particularly: All customers are protected against price decline until Nov. 1st, 1921. BUY NOW!
