## COMMUNITY SHOP MOVES INTO NEW QUARTERS

### IN COMMUNITY CENTER

To Hold "Housewarming Day" March 1st. in Shop in East Room of Center. Public Invited to Attend

March 1st is to be "Housewarming Day" at Community Shop, in their new quarters, the east room of Community Center, and a cordial welcome is extended to every one.

The Shop, in less than two years since its opening under the able leadership of Mrs. Slade and a group of devoted workers has outgrown its old home and is moving into more spacious quarters.

The present board of managers are, Mrs. Earl Spencer, acting president, Mrs. W. A. Alexander, 1st Vice Pres., Mrs. Eugene Bourneque, 2nd Vice Pres., who in the absence of Mrs. Spencer and Mrs. Alexander, is in charge of the shop, Mrs. Harold Gifford, who has been a most efficient treasurer for the past year, has recently resigned and her place is taken by Miss Middleton, Mrs. Joseph Holbrook, Sec. Sec'y., Mrs. George Dunscomb, Cor. Sec'y., Mrs. Burrigge Butler, chairman of the handwork dept., Mrs. Towner, chairman of Thrift and Mrs. Loderback, chairman of the bakery.

Mrs. Spencer, before her departure for Europe, appointed a "housing committee" to plan the arrangements in the new quarters and superintend the moving, composed of Miss Towner, Mrs. George Mason and Mrs. Alvar Bourneque, and a "decorating committee," composed of Mrs. Walter Carr, and Miss Caroline Shields to decide on the interior decorations.

These committees have been most successful in making the new home attractive and thanks to the efficient assistance of Mr. Witten, Mr. Huber, Mr. Zengeler and others who have volunteered their services, the new shop will surpass the old in every respect.

The thrift department will now have separate booths for millinery, shoes, books and house furnishings, and will open with a greatly augmented stock. Mrs. Towner asks that all those who contemplate sending donations to this department will be kind enough to send them this week so that they may be in place for the opening.

The handwork department, in charge of Mrs. Potts, in the absence of Mrs. Butler, has an unusually large assortment of beautiful articles for sale. All consignors and friends of the shop have been asked to contribute articles to be sold on the opening day, the proceeds to be used to start an "emergency fund," and many lovely things have already been received.

These, with the consent of the consignors will be placed on sale Tuesday for the benefit of this fund.

The bakery department will have greatly increased facilities for handling of its luncheon guests. The Girl Scouts have offered their help in serving lunch on Saturdays.

The thrift department sells good, though used clothing at nominal prices.

The handwork gives to women living at home an opportunity to earn more money.

The bakery does the same and in addition serves an excellent lunch at a very low figure. The proceeds of the entire shop above running expenses are given to organized charities. As all women serving in the different departments pledge themselves to give at least one half day each week to shop work, this generous effort makes possible the long list of charities to which the shop contributes which include: Community Center, Highland Park hospital, Y. W. C. A., Girls' Patriotic League of Highland, Lighthouse, Permanent Blind War Relief, and Visiting Nurse association.

Community spirit pervades Community Shop. If there are any in the community who wish to join in the work of the shop or contribute to its various departments the shop will be glad to receive them.

There is work for all and a most cordial welcome to all.

## ANNOUNCE RULES FOR GARBAGE COLLECTION

Separate Receptacles Are Required for Garbage, Ashes and Junk

Much discussion has been aroused by the proposed city collection of garbage in Highland Park, and many questions have been asked regarding various details.

Following are rules and regulations which have been adopted, and which will govern the collection of garbage under the new plan:

Garbage is construed as including all scraps, leavings, unused or rejected portions of all kinds of food supplies. Refuse is construed as including all ashes, cans, bottles, paper and other discarded household materials.

Refuse does NOT include building materials, household furnishings, manure, or yard cleanings.

Separate receptacles must be provided for the following:

1. Garbage.
2. Ashes.
3. Tin cans, bottles and other refuse.

It is very important that the three foregoing classes be kept carefully separated.

Garbage receptacles will be furnished and kept clean by the customers. Ashes must be placed in cans which can be easily handled by the collectors.

Receptacles must be placed at a convenient point outside of the building the day on which collections are made. An observance of this rule will greatly improve the regularity of the service.

Wet garbage should be drained and wrapped in paper in cold weather in order to prevent freezing to cans.

An additional charge per month will be made where collectors are required to go into the basement for ashes.

Collectors will not be allowed to spend time in picking up refuse which has not been placed previously in receptacle.

## WASHINGTON FROLIC IS A BIG SUCCESS

The Washington birthday frolic given at the Ravinia village house on Tuesday evening was conceded to be an enormous success. The first part of the evening was devoted to the children's party while the latter part was devoted to the older folks.

The minstrel by sixteen of the residents of Ravinia under the direction of Mrs. Scott was a very attractive feature of the evening. This was one of the most delightful affairs given for some time.

## NEW TAGS FOR LOCAL DRIVERS' CONVENIENCE

WILL SAVE MUCH TROUBLE

City Will Provide License Plates For the Front of Each Highland Park Automobile

For the convenience of Highland Park motorists who drive their machines in Chicago, the city is providing a new style of license plate, which is to be attached to the state license plate in front. This new city license tag bears the name "Highland Park," and will thus save the local motorist much trouble and delay. Chicago police seeing the city tag will not interfere.

Recently the date of expiration of city automobile licenses was changed by the city council from April 30 to December 31, in order that it might coincide with the date of expiration of state licenses. Car owners who have paid their city license fee to April 30 may call at the city hall, pay for their 1921 license, and receive one of the new tags. They will receive a rebate for the four months already paid for.

There is nothing compulsory about the new arrangement, and it was made merely for the convenience of Highland Park motorists. The police in Chicago are stopping many automobiles to ask for the identification cards demanded of Chicago car owners. Of course, the small Highland Park tag on the interior of the car will suffice; but with one of the larger tags attached to the front of the car the Highland Park driver will be sufficiently identified and will not be subjected to curious Chicago policemen.

The new license plates are due to arrive today, and may be obtained at the city hall.

The heavies got the lead at first and held it winning 23 to 17. The lightweights stand a good chance of coming off with first honors in the second division. ## DEERFIELD GAINS 3D PLACE IN TRACK MEET

Mellwain Awarded Loving Cup for Individual Honors. Another Meet This Week End

Deerfield-Shields high school track team made a splendid showing on the Chicago University series track meets held at Bartlett gymnasium on Jan. 29, Feb. 5, and Feb. 19. Failure on the University's part to notify the team of the first meeting, Deerfield was only able to take part in the last two meets. Although entered in but two of these meets, the team numbered among some twenty-five or more high schools of this section and finished third in the number of points scored.

A beautiful loving cup was awarded to Wallace Mellwain of this city for individual honors (scoring the greatest number of points). He finished first in the low and high hurdles, second in the shot put and 220 yard dash, besides running as anchor man on the relay team.

The performance of Stewart and Van Steenderen in the 440 yard dash, low hurdles; Proctor in the 50 and 440 yard dash; C. Steele, Gernon, Rockwell, Masterson, Moore, J. Proctor, in the 50 and 220 yard dash; Rhinesmith in the low hurdles and 220 yard dash; Bolan in the shot put, Rogers and Cain in the half mile, Barnard in the mile and Gorby in the high jump to place the school in third place.

The team this year should be one of the best the school has had. A number of good track boys have not reported for work yet, but will do so as soon as basketball season is over. Winning the championship of the Suburban league last year has inspired the team to do the same this year.

Deerfield is entering a group of boys in the first Regiment meet, held in Chicago on Friday and Saturday night of this week.

## ANNOUNCE CANDIDATES FOR TOWN ELECTION

CITIZENS' LIST COMPLETE

Candidacy of John O'Keefe for Supervisor Announced at Dinner Last Evening

Local township politics are warming up early this year. One complete ticket is in the field already, and others are in embryo.

Last evening at a beefsteak dinner given in his honor, friends of John O'Keefe announced his candidacy for the office of supervisor. There were fifty-five present and all enjoyed the "beefsteak" such as no one else but Tom Welch of North Shore Electric fame can serve.

After dinner the gathering enjoyed several violin solos by Chicago talent and sang some of the old songs.

Following this several of our local "orators" told what they thought of John O'Keefe, and if all they said is so Mr. O'Keefe should have "easy sailing" at the coming election.

They told of his executive ability in handling the Railroad Men's Home for the past 20 years, of his honesty and integrity and gave these as reasons why he should be elected.

Mr. O'Keefe in replying to all these compliments said that one of his principle reasons for running for Supervisor was his desire to improve conditions at the poor farm in Libertyville. He gave other good reasons also, but he laid particular stress upon the fact that conditions at the poor farm were almost unbelievable, and that he was anxious to help the less fortunate in our county.

He pledged that he would do all he could to give the county good roads and that if elected he would look after interests of the tax payers in Lake County in the same manner in which he has looked after the interests of the million railroad men in the United States for the past 20 years.

Mr. O'Keefe is running at the head of the Progressive Ticket and Mr. A. J. Walsh of Highwood is running as Assistant Supervisor on the same ticket.

Mr. Walsh is well known in this township and needs no introduction. So far they are the only two running on the Progressive ticket, but it is thought the ticket will be filled out.

## CITIZENS TICKET

The Citizens ticket is complete and made up of men known to all in the township. Mr. Obee and Mr. Ringdahl are both running for re-election, Mr. Obee having been appointed supervisor to fill the vacancy caused by the death of Mr. Clark. Both he and Mr. Ringdahl, as well as all the candidates on this ticket need no introduction to the voters. They are all good men and no doubt there will be a lively contest at the coming election.

The ticket is as follows: William J. Obee, supervisor, running for re-election. Martin Ringdahl, assistant supervisor, running for re-election. Axel T. Larson, assistant supervisor.

Harry Eichler, assistant supervisor (for one year). Ansel E. Smith, justice of the peace, running for re-election. Richard E. Winters, justice of the peace, running for re-election. Edward F. Stuenkel, justice of the peace, running for re-election. John E. Conrad, justice of the peace.

Fred Rudolph, constable, running for re-election. John E. Sheahan, constable, running for re-election. Edward Maroney, constable. John Rouse, constable, running for re-election.

The township election will be held April 5. Petitions may be filed until March 20.

## "PRESS" EDITORIALS REPRINTED IN CHINA
