Hood made the first Kattle King

and thousands of wearers know that the HOOD PRESSURE PROCESS still makes it outwear all imitations.

We have put our best into the Kattle King. Our best in design, in material and always in up-to-date construction. It is an ideal overshoe and fully representative of the name HOOD — a name on footwear which you can make your buying guide and guarantee. The sturdy Kattle King soles of gray tire-tread stock give months of hard wear. The heavy brown fleece linings keep the feet warm. Look for the name HOOD. Ask for Kattle Kings because they fit well, clean easily and cost least for the season's wear.

Ask any dealer or write us.
HOOD RUBBER PRODUCTS COMPANY, INC.
WATERTOWN MASSACHUSETTS

WHITE ROCK WAVERLEY

RED BOOT

"I never knew how good rubbers could be." White Rock wearers tell us. That will be your experience, too, because not a single pair leaves the HOOD plant without full inspection. Sturdy, gray, tire-tread soles joined to heavy black uppers by the Hood Process. Made in all sizes for all kinds of hard service. They are leaders.

Do you remember the old black pure gum boots which were still good after years and years of keeping? HOOD Red Boots are the only red boots which will act the same way. And this clearly shows the value of the patented Hood Pressure Process. Red Boots wear long and look well.

ACTIVITIES OF THE AMERICAN RED CROSS

The Chicago Chapter of the American Red Cross, through its Home Service Department has (since the war began) assumed the responsibility for the dependent family of the soldier and has expended thousands and thousands of dollars in the readjustment of soldiers into civil life after the armistice. Rather recently, in order that the Chicago Chapter might do a more concentrated piece of work, it was decided that the returned soldier who was able bodied, had had sufficient time to re-establish himself into the community and that the Chicago Chapter, Home Service, would therefore use all of its energies in the care of the so-called compensable soldier.

The Central Division of the American Red Cross, which has jurisdiction over nine states does the social work in the 47th Street Hospital and the Marine hospital. The Chicago chapter upon the recommendation of the Central Division supplied clothing as they are asked. When the hospitals became so crowded, thirteen contract hospitals were opened, February 1st, the Chicago Chapter took over the social work in these hospitals. Claims for compensation will be followed up, and their needs for clothing as well as recreation.

For the boys who leave the public health hospitals, a worker from the Red Cross will follow them into their homes to see that the directions of the physician are carried out.

Classes are being organized in Nutrition and Food Selection, especially adapted to the needs of the soldiers suffering from certain diseases where the diet is almost a matter of life and death. While these classes are especially for the families of the soldiers, they are open to anyone. The classes will be held at 511, 58 E. Washington St., Chicago.

STAYS GRANTED IN BOOZE CASES

Marie and Joe Paule of Fourth Lake fame and Max Maxim of considerable fame near the Lake County and Cook County line, may not have to go to jail and may not have to pay their fines as a result of the sentence imposed upon them in the Lake County Court. That is they will not have to comply with the provisions of the statute for the time being, possibly not until fall and maybe not at all, according to a recent report.

Atty. Block appeared before the Appellate Court at Ottawa on Thursday and secured a writ of supercedas directed to the County Court of Lake County, which merely instructed the County Court to do nothing further in the three cases in question until the sentence of the Lake County Court is reviewed and the case and announced its final decision with reference to a new trial or the sentence of the Lake County Court.

It is recalled that Joe Paule was found guilty and was sentenced to eight months in jail and a fine of \$800. His wife, Marie, was given three months in jail and a fine of \$250. Maxim was fined \$600 and given six months in jail.

Immediately after the sentence was announced the defendants took an appeal to the Appellate Court and it was in connection with this appeal that Mr. Block appeared before the Court on last Thursday and argued for the supercedas which was granted.

Accordingly in view of this act by the higher court nothing will be done in these three cases until fall at the very earliest.

NATIONAL GUARD TO HOLD DINNER MARCH 11

At Canton Tea Gardens, Chicago, to Plan Organization of Athletics

An inter-regimental league of athletics, to be composed of the members of every National Guard regiment in the city of Chicago, covering every branch of sport, indoor and outdoor, will be the outcome of the dinner-conference to be held under the auspices of the Chicago National Guard commission, March 11, at the Canton tea garden, Wabash avenue and Van Buren street.

Trophies will be awarded in the inter-regimental competitions to arouse a spirit of athletic rivalry as keen as that shown among the colleges and universities, according to Lawrence Whiting, chairman of the athletic committee of the commission. Base ball, foot ball, basket ball, bowling, track meets, swimming will be among the sports in which the National Guard athletes will compete.

"We intend to put the athletic feature over in a big way in all the Chicago armories," said Mr. Whiting. "To this conference-dinner we will invite Mayor Thompson, Judge K. M. Landis, Maj. Gen. Leonard Wood and staff, Adj. Gen. Frank S. Dickson, of the State National Guard, A. A. Stakk, Martin A. Delaney, member of the commission's athletic committee, sporting editors, the commanding officers of the Chicago regiments and their personal staffs, the athletic committee of each company in all the regiments of the city and many others who are interested in athletics. While there already are under way plans for track meets and other athletic events in some of the armories, the object of this dinner-conference is to establish a permanent system of competitive athletics, covering every branch of sport. This is what is needed to make membership in the National Guard regiments attractive to the young men of the city."

The first inter-regimental track meet under the auspices of the National Guard commission will be held in the First Regiment armory, 16th street and Michigan avenue, on the evening of March 19. The details of this meet are being worked out by Maj. Ollie Steele of the First Regiment.

Boxing rings have been furnished all the armories and some of the company champs already are getting into shape for the fistie bouts. The First Regiment has started bowling contests, and the boys of the 7th are going to make a feature of swimming. An instructor in this branch already has been appointed. The First Field Artillery has a well equipped gymnasium and the members are taking a keen interest in handball, basket ball and indoor base ball. Polo teams also will be organized.

RAILROADS COMPELLED TO PAY MORE THAN PREVAILING RATE FOR UNSKILLED LABOR

The basic rates of pay for unskilled railroad labor (as fixed by agreements made under government control of the railroads) are 39 to 48 1/2 cents an hour—\$3.12 to \$3.88 per eight-hour day.

The Railroad Labor Board now in session in Chicago, has declined to suspend these rates and permit the roads, as they requested, to pay the prevailing rates of wages.

In their petition to the Labor Board with respect to wages paid to unskilled labor the railroads said:

"Since your decision was made on July 20, 1920, these rates have fallen materially throughout the United States.

"To require the railroads to continue to pay wages far in excess of those paid by other industries is UNFAIR TO THOSE INDUSTRIES, and bears with grave injustice upon the great body of our farmers.

"Within the next month or six weeks practically all of the railways of the country must recruit their unskilled labor force.

"It is desirable that a large part of the work for which these men are necessary be concentrated in periods when the same labor is not needed in harvesting the crops.

"We therefore ask the immediate permission of your Board to pay for unskilled labor NOT LESS THAN THE PREVAILING RATES OF WAGES in the various territories served by any carrier."

In 1917 the railroads had 350,000 section and unskilled laborers, and in 1920, 376,000, an increase of 7.4 per cent. The wages paid them in 1917 totaled \$220,000,000, while in 1920 the amount had increased to \$476,000,000, or 112 per cent.

Sometimes we wonder if the actors who make us laugh wonder why we do.

When prejudice is pierced, we stand a chance of getting somewhere in a dispute.

"All things come to him, who waits" not.
