FOUNDRY STRIKER SENTENCED TO JAIL

IGNORED COURT ORDER

Charles Barones Given 30 Days For Disobeying Judge's Order; Other Items of County News

Lake county is one of the 2,000 out of 2,800 counties in the United States which have county farm bureau agents, and which are, on the 20th of this month, recalling that the farm bureau movement as it is, is only ten years old.

On March 20, 1911, J. H. Barron began as county agent in Bloom county in New York. Today, all but two of the 48 states of the union have organized state bureaus which are cooperating with the American Farm Bureau federation.

The first state farm bureau was limited strictly to educational work. Today, in Illinois, the Illinois Agricultural association looks after the legal, business, educational and legislative interests of 106,000 farmers.

Charles Barones, one of the former employes of the Chicago Hardware Foundry company, was found guilty of contempt of court and of being a participant in the assault of Louis Faulkner, while the latter was going to work. This is the first sentence imposed upon the strikers who have been picketing the company's plant at North Chicago. Judge Edwards had previously issued a temporary injunction, restraining the strikers from picketing the plant.

Reliable estimates, based on the population figures given out in the last census, which indicate the percentage of growth for the last several years show that Waukegan now has a population in excess of 20,000. These estimates which arrived from Washington, indicate that on January 1, 1921, Waukegan had a population of 20,289, as compared to 19,226 January 1, 1920, an increase of six per cent.

Zion is fixing up Sheridan road. Emerson Thompson, acting street commissioner booked a big steel road scraper to a Nash truck last Thursday morning, and scraped some of the kinks off the road that runs through Zion. He went over the road with the big scraper from 33rd st. to the north limits, and then east and west along some of the side streets.

Fred Boller, Waukegan's "village blacksmith", died at his home there Saturday at the age of 75 years. For over half a century his little blacksmith shop on County street was a well known landmark. Two years ago the little tumble-down building was torn down. Since that time Mr. Boller had been retired.

Emil Suhling, Libertyville boy, found a dynamite cap and was trying to pry it apart with a knife when it exploded, badly lacerating one of his hands. The boy is a nephew of Henry Suhling, Libertyville garage man.

TWO KINDS OF TIME TO BE USED TUESDAY

Town Election Use Central Time; East Park District Follows Daylight Saving

Voters next Tuesday will be afforded a good example of the confusion wrought by the use of two kinds of time, the daylight saving variety and the central standard kind. Two elections occur on that day. One is a city affair, the election of a commissioner for the East Park district, and the other is the annual town election. The city election will be held between the hours of 7 a. m. and 5 p. m., daylight saving time. The town election will also be held between 7 a. m. and 5 p. m., but according to central standard time. That means the city polling places will be opened and closed one hour earlier than the town polling places. Voters who plan to cast their ballots in both elections early in the morning or at the last hour in the afternoon should take this into consideration.

OSSOLI TO HEAR MR. AMSBURG, APR. 12

To Give His Own "Ballads of Bourbonnais" at Next Meeting. Annual Meeting Apr. 26

A program of unusual interest will be presented to the members of Ossoli, for the meeting of April 12, when Wallace Bruce Ansbury will give his own "Ballads of Bourbonnais."

It is a most interesting collection of verse in the dialect of the Illinois French-Canadian. Each poem is a gem, with a human touch that appeals to everyone — and read by Mr. Ansbury, they have the added touch of his genius and wit.

Mr. Ansbury earlier in the winter gave a Kipling program, and its success was so pronounced the members asked that he be secured again.

The late Dr. Gunaulus said of him: "His verse is of a very high order. His insight and mastery, as the finest literature takes new form and substance with his entertainment, are unapproached by any other person on the platform."

The nominating committee, appointed by the president, was announced at the last meeting. Mrs. Daniel Cobb, chairman, Mrs. Frank Gardner, Mrs. Gerald Peck, Mrs. Howard Van Schaick, Mrs. Gerard Van Schaick, Mrs. Tapper.

The annual luncheon and election of officers to take place on the 26th of April. Notices of the luncheon, and reservations to be mailed later.

A HIGHWOOD VOTER WRITES OPEN LETTER

Highland Park Press, Highland Park, Ill. Gentlemen:

Just at this time we feel called upon to do our little bit by putting in a good word for our candidate for mayor, Thomas E. Welsh, and the gentlemen who are running on the Conservative ticket. They are all men of good standing in the community, men who will stand for what is for the best interest of the citizens of Highland.

Mr. Welsh has lived here a number of years and is well known along the North Shore. He believes in progress and is in a position to know the possibilities of Highwood, which has all the advantages of any North Shore city. What is needed is push, and the interest and pride of all the citizens in the uplift and enforcement of laws.

A mayor is helpless if the people whom he represents do not stand by him. We have the good will of our neighbor, Highland Park, who will help to boost us.

We have lots of inducements for people who would like to leave the city and bring their children in a good clean atmosphere. We believe if Mr. Welsh and the conservative ticket is elected they will take pride in pushing every good thing for Highwood.

Yours truly,
A Voter of Highwood.

TAXPAYERS TOLD TO AWAIT DEVELOPMENTS

CITY ATTORNEY REPORTS

All Who Have Not Yet Paid Are Advised to Delay Until Attorney Holmes' Case is Heard

Highland Park people are advised by the city authorities not to pay their real estate taxes for this year until the case of Samuel S. Holmes et al, is heard in court at Waukegan. The case will probably come up for a hearing the latter part of this week or early next week. This was the essence of the information given Friday night at the city council meeting by City Attorney Samuel S. Holmes.

Mr. Holmes has made a thorough investigation of the tax matter. The city council at a meeting several weeks ago decided that if some of the people were to avoid paying a part of their taxes for the year, that it was only fair that all of the people should enjoy the benefit of the decreased rate.

At the regular meeting of the council last Friday evening Mr. Holmes made his report of the investigation. He stated that he had already started a suit in the court at Waukegan against the increased taxes, and that if the suit was successful that the tax books would be corrected and that everyone would be spared the increase. In the meantime, all those who have not yet paid their taxes are advised to wait until the court makes a decision in the Holmes case. It is not expected that an appeal will be taken by the county authorities in case the objectors win.

Adopt Daylight Plan

Daylight saving time has been adopted as the official time for the City of Highland Park during the summer months every year. An ordinance to that effect was passed by the council. The ordinance states that "Central standard time shall, from and after March 25, A. D., 1921, be the official time within the City of Highland Park for the transaction of all city business; except that from 2:00 a. m. on the last Sunday in March in the year 1921, and every year thereafter, official time for the City of Highland Park shall be advanced one hour, and at 2:00 a. m. on the last Sunday in October of the year 1921, and every year thereafter, such official time shall be the retarding of one hour be returned to Central standard time." It further provides that all clocks maintained at city expense shall be set and run according to the official time explained above.

The following statement was made last evening by City Attorney Samuel S. Holmes:

"Citizens of Highland Park who have been waiting for some solution of the tax problem will be pleased to know that an effort is being made by the Commissioners and the City Attorney and by other attorneys residing in Highland Park to obtain a definite adjudication by the court at an early date which will fix the rights of all property owners with respect to the amount due for real estate taxes."

"Owing to the many questions which enter into the tax problem and the difficulty of reaching a satisfactory basis of agreement with the county authorities it has been impossible for those who are dealing with the situation to furnish the Press with any definite statement at this time but a conference is to be held between local attorneys and certain of the county officials on Friday night of this week at which it is expected that some plan of action will be agreed upon to render certain the amount of real estate taxes lawfully owing by each taxpayer in Highland Park so that he may pay the amount actually due and receive a receipt in full without being compelled to file objections in court to the application of the County Collector for judgment of sale."

Highland Park Press, Highland Park, Ill. Gentlemen:
