George Beban in
"ONE MAN IN A MILLION"
A human page from life into which
is woven laughter and romance
Pathe Review

MOTOR CLUBS TO MEET CHAMBER OF COMMERCE

TODAY IN SPRINGFIELD

To Urge Officials to Encourage Road Building in Illinois This Year

In an effort to stimulate state officials to the necessity of starting the Illinois road building project immediately, officials of the various motor clubs are planning a joint committee to meet with the Illinois Chamber of Commerce in a legislative conference today, in Springfield. The State Chamber of Commerce is interested in a number of vital measures that are to be acted on and among those believed to be the most important is the good roads program.

The urgency for action on the highway development will be emphasized by statistics, photographs, resolutions and other compilations arranged by engineers and state department heads. These will be used to demonstrate the costliness of delays in the road constructive program.

It is estimated that the delays have cost the farmers, shippers and consumers \$16,500,000 each year since the voters approved the \$60,000,000 bond issue in 1919.

It is the desire of the motor club representatives to point out the enormous additional costs that will accrue if further delay is permitted. Figures of the United States Department of Agriculture road bureau will be used to prove that the lack of good roads is costing the people of the state many times the difference in the increase in construction costs since the bond issue was ordered.

Interesting figures pertaining to the cost of "bad roads" have been compiled by the Department of Public Works of the state of Illinois. These figures show that the absence of hard surfaced roads — such as cement — will cost the people of the state within the next few years a total of \$60,000,000.

This is \$6,000,000 in excess of the bond issue with which the people of the state expected to be used in building good roads. It is then shown that after it has cost the people \$66,000,000, for "bad roads" they are still in the mud, and facing the necessity of spending \$60,000,000 more to get out.

Opposition to the expenditure of any sum at the present time in experimental road building by the state, while the absence of good roads continues cutting into the people's money because of delayed construction, is expected to develop at the Springfield conference. Few of the motor club men favor the state owned proposal, because it is claimed by the engineers that it would be impossible for the state to get its machinery and plant production to a stage where it could build as many as ten miles of road in a year.

The program that had been mapped out for Illinois this year called for the construction of 500 miles of hard surfaced roads. The motorists representatives saw that unless immediate steps are taken to carry out the plan, Illinois will fall more than one year behind in good roads building.

BOXING SHOW TONIGHT AT FT. SHERIDAN

Four Boxing Matches, One Wrestling Match to Finish And a Battle Royal

The residents of Highland Park and nearby towns are invited to witness a boxing match to be held this evening (Thursday) at eight o'clock at Fort Sheridan.

Four boxing matches have been arranged, one wrestling match to a finish and a battle royal as the main feature of the evening. The battle royal will be unusually good, as it includes an Irishman, Scotchman, New Italian and an Indian.

In the first boxing bout, Pvt. Rex Stanton, 120, will meet Pvt. Joe Job, 123, four round exhibition. Pvt. Domack, 145, will meet Pvt. Garrigan, 145, four round exhibition. The third hasn't been arranged yet, however, it will evidently be between two marines from Great Lakes or local talent. In the main boxing event, Pvt. Jack Stein, 125, will meet "Wild" Danny Moore, 135, of Chicago; four rounds to a decision. Young Stein has been fighting in the featherweight class due to overweight. However he will come down to the bantamweight class and is promising. He has fought on two occasions before Gen. Wood. The first, a four round exhibition with Johnny Gannon, bantamweight champion of the army, in which he made a good showing in a poor condition. The second with Pvt. Herrira, losing a four round decision. Herrira, a young Mexican, was eight pounds heavier than Stein, and more experienced. Young Stein is training hard for the battle with Moore and is confident that he will gain a victory over the Chicago lightweight.

Pvt. Hampton, Med. Depart., will meet Pvt. Thier from Chicago in a finish wrestling match to a finish.

Gray hairs do not denote old age. It's gray thoughts that play havoc with us. To keep young, think youth. The New Year is Marching right along.

Community Success

This is what the Highland Park State Bank is most interested in.

Real progress cannot be attained without co-operation — the united effort of all concerned — not just a few.

Therefore we consider it our duty and privilege to support every progressive movement.

Let's all boost for Highland Park

TRINITY CHURCH

The services during Holy Week and on Easter Day were the best we ever held and the congregations were larger than ever before. The services on Easter Day were very beautiful and testify to the excellent condition of the parish.

The offering on Easter morning exceeded \$1200 and is not yet complete and the Lenten offering of the children will probably exceed \$150, the sum given last year, this offering goes to the general mission work of the church.

The annual choir dinner and reunion will be held in the parish house under the direction of the Choir Mother, Mrs. Haskin, on Friday evening, April first and will be the event of the year for the young people.

The services on Sunday are at 7:30 and 11 a. m., at 5 p. m. and on Thursday morning at 9:30.

GOV. SMALL SAYS BEST BANKER IS UNCLE SAM

Urges Treasury Certificates as an Investment for the People of Small Income

Chicago, March 31. — Len Small, governor of the state of Illinois, believes that Uncle Sam is the best banker in the United States. Governor Small ought to know for he has been a banker himself. In a recent communication on safe investment, he has the following to say in reference to Treasury savings certificates: "I cannot conceive of a more admirable plan to encourage habits of thrift among our people — men, women and children — in all walks of life. The period of readjustment through which we are now passing, accompanied as it is with wage reductions and unemployment, should teach us the need of frugality and saving at all times."

"I note, in the daily press, statistics recently put out by the Savings Banks association of the State of New York showing an increase in savings, in the 635 savings institutions of that state, of 9:38 per cent over the previous banner year of 1919, and no doubt this condition is reflected in many of the states. The Treasury offerings, if held to maturity, pay 4 per cent interest, compounded quarterly.

"The government makes it easy for the smallest savings to be utilized for the purchase of these Treasury certificates, and I heartily recommend them as the best investment of which I know for people of small income."

Treasury Savings Certificates are issued in denominations of \$25, \$100, and \$1,000. They may be purchased through postoffices and banks, or direct from the Savings division of the Treasury department, Chicago.

SUES NEIGHBOR FOR \$10,000 IN DAMAGES

Suit for \$10,000 damages was filed Monday in the Lake county circuit court by John Davis against John Flanigan, Highland Park neighbors, the attorney for Davis being James G. Welch.

Davis claims that Flanigan made an excavation at the side of his house in Highland Park and failed to put up proper barricades and that on August 1, 1919, he fell into the hole. He claims that as a result of the fall he was thrown against a window of Flanigan's house and the window sash fell, injuring his neck and spine and causing such a nervous shock he will be permanently injured.

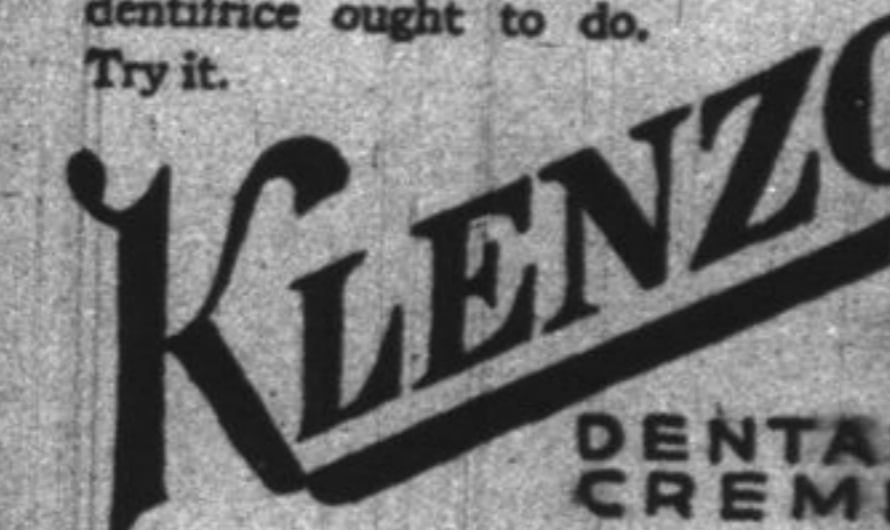

Davis claims he has been incapacitated ever since the accident.

White Teeth, Healthy Gums, and a Clean Mouth

PEOPLE who use Klenzo Dental Creme regularly, tell us that it keeps their teeth white—their gums firm—and their mouths healthy, clean, and comfortable, with that Cool, Clean, Klenzo Feeling.

And Klenzo is a safe dentifrice, approved by the dental profession because it does all that any dentifrice ought to do. Try it.
