### LAKE COUNTY FARMER ON DAIRY COMMITTEE

L. W. Wakefield of Lake county has been made a member of the dairy committee of the Illinois Agricultural association. It is the custom to appoint a member of the Executive committee as chairman of a sub-committee and to pick other suitable members from a list of names supplied by the county farm bureaus. The dairy committee at present is interested in the Southern Illinois Co-operative Milk Producers' association. A total of \$200,000 worth of stock has been sold to farmers in this vicinity. Work will begin on the Missouri side next week. The organization meeting will probably take place about April 1.

### SUMMER TRAINING CAMPS ARE PLANNED

WILL LAST THIRTY DAYS

#### Fort Sheridan May Be One of Camps, where Civilians are Given Military Training

Washington, D. C.—The first peace time object lesson in the benefits of universal military training will be afforded the nation next summer thru the plans announced by Secretary of War Weeks last Friday.

Ten thousand young men will receive thirty days' military and physical training free of expense in nine camps if congress reapproves the \$1,000,000 appropriation for that purpose, which was included in the army appropriation bill "pocket vetoed" by President Wilson on March 4.

The program of citizens' military training camps comprises a "red" course, for civilians without prior training, and white and blue advanced courses for soldiers, former soldiers and others who have had training. Secretary Weeks describes the program thus:

The red course: To bring together young men of all types, both native and foreign born; to develop closer national and social unity; to teach the privileges, duties, and responsibilities of American citizenship; to stimulate the interest of the youth of this country in the importance of military training, as a benefit to the individual taking such training and as an asset vital in the problem of national defense.

The white course: To qualify selected privates of the organized reserves as noncommissioned officers, so that they will be capable of training recruits in the duties of privates and of leading them in active service.

The blue course: to provide more advanced training for warrant officers and selected noncommissioned officers of the regular army, national guard.

There will be one or more camps in each of the nine army corps areas, in which approximately 1,200 men will receive training. The sixth corps camps will be at Camp Grant or Fort Sheridan, Ill. In the seventh corps area there will be camps at Fort Snelling, Minn., and Camp Pike, Ark. They will open not earlier than July 15 nor later than August 10.

### LAKE COUNTY FAIR SEPTEMBER 5 TO 9

Annual Exhibition Will Be Held As Usual at Libertyville; State Fair Aug. 19-27

The Lake County fair will be held at Libertyville, Sept. 5-9, it has been announced from Springfield.

Governor Len Small, is president and Director Davidson is secretary of the Illinois Association of Agricultural Fairs, which agree upon the dates and determines other general policies governing the annual county exhibitions.

In order to aid these fairs in giving their annual displays in the interest of agriculture, the State appropriates \$110,000 annually which is allotted to them. The dates of the county fairs are arranged so as not to conflict with the Illinois State Fair, which will be given August 19-27.

The new State Fair Advisory Board, the new general manager of the fair, Walter W. Lindley, and Director Davidson are completing the arrangements for an elaborate exposition on the State Fair Grounds this year. The classification committee has increased the appropriation for premiums from \$135,000 to over \$150,000. An unusually good speed program is being arranged, under the direction of W. O. Ireland of Peoria, superintendent of speed. The finemen of the state will have a big tournament at the fair on August 18 and 19 and several other attractions are being provided.

### THE SOLDIER'S BONUS

Congress has been jockeying with the soldiers' bonus measure for a long time, and the Republican leaders have evidently concluded that the methods pursued by Congress in trying to "wear out" the demand for the legislation, does not meet with the approval of the country. Senator Penrose, a few days ago reiterated the statement that the bonus measure would cost \$2,000,000,000 and at the same time the figures were furnished by the new Secretary of the Treasury, indicating that the expenditures of the government could not be greatly reduced, if at all, the present year.

"Economy" and "can't afford it" has been the stumbling block over which the soldiers' bonus has been unable to climb. The admission of the Treasury ought to help the veterans of the World War in pushing their claims.

The draft evaders whose names are soon to be printed will be converted to the power of advertising.

The great trouble with the white-wash used in the political investigations, is that it is powerless to cover up a bad smell.

The Harding dog drove the Wilson cat off the White House grounds. This seems to be a case of offensive partisanship.
