M. E. CHURCH

The installation of the officers of the epworth league for the coming year last Sunday evening occupied the entire evening. Nine officers were installed. The league never had a stronger staff than at present. Each officer installed is perfectly fitted for the work of the particular department to which he has been called. The reports of the past officers indicated that the work had been well done and a good precedent established. We are justly proud of our young people and class them second to none for the quality and quantity of work done. The present year promises the achievement of greater things in every respect and the officers elected can feel that every member of the league is back of the efforts of the head of the department.

Friday evening the 20th, the Sub-District Rally meets in Waukegan Methodist Church. The Highland Park chapter has the distinction of having the name of their chapter at the head of the list of leagues engraved on the beautiful silver loving cup. Considering that we have nearly 1800 points to our credit for the cup this year (far in excess of our own record for last year) it would appear as though we shall bring the cup back for the coming year. A good crowd at the sub-district rally next Friday practically assures this.

Mid-Week Services

Last week 23 were present besides the minister for this service. We hope for a still larger attendance this week.

Sunday Services

S. S. at 9:30 Morning Worship at 10:45. Epworth League at 6:30. Evangelistic service 7:30 p. m. A cordial invitation is extended to all to attend these services.

Great Centenary

A great mass meeting of Methodists from the all-Chicago districts will be held next Monday evening at the Auditorium Chicago. Prominent leaders will speak and Dr. Ralph Diefendoffer will give his notable lecture "A Panorama of Centenary Achievements and Possibilities." This lecture is illustrated and is wonderful to hear. The minister has heard the lecture before at Ravenswood but will gladly avail himself of this opportunity to hear it again. Seven per cent of the membership is expected to be present. Admission will be by ticket.

After claiming that they never can pay the reparations bill, the Germans will probably pay it, and then sell goods on the argument that their taxes are lower than those of other countries.
