SAVE YOUR TREES  
From Tussock Moths and other Climbing Insects by banding them with

## Tree Tanglefoot

One application lasts three to four months. A pound makes 10 lineal feet of band.  
(Caution.) Do not use fly paper for banding trees, as it is effective for a few days only.  
TREE TANGLEFOOT is applied with a wooden paddle. No mixing; comes ready for use.  
No creeping insect can cross a band of TREE TANGLEFOOT.  
The standard tree-banding material for 20 years. Endorsed by city foresters, park superintendents, etc.  
TREE TANGLEFOOT protects hundreds of thousands of fine trees every year from the ravages of Tussock Moths, Gypsy Moths, Brown-tail Moths, Climbing Cut Worms, Bag Worms, Canker Worms, Ants, etc.  
Prices 1-lb. cans 50c; 5-lb. cans \$2.40, larger sizes proportionately cheaper.

Sold by Druggists and Seedsmen

\$5 down puts a Federal in your home

- Economy in Household Expenditures — an object sought by most of us — can be materially assisted by the use of Electrical Appliances.
- The Washing Machine — take it as an example. It requires on the one day weekly devoted to its use about 5 cents' worth of electricity.
- The wages of laundresses vary in different sections, but if you put the average at the lowest, the difference between her wages and the wages of the machine amounts in the course of a year to more than enough to pay for the machine.

If you desire we will demonstrate the Federal at your house by doing your washing in it. No charge will be made and there will be no obligation to purchase it.
