COUNTY WILL GET \$143,691 REFUND

Money is Made Available at Once According to Ruling By Legislature

Word has been brought from Spring- field that a law has been passed which provides a refund of \$143,681.62 to Lake County for work done on hard roads. This law carried an emer- gency clause which makes the money available immediately. It is said that under the law the additional sum of \$388,961.15 will be available for Lake County in two years.

This is extremely good news for those who are interested in hard roads for the county. A short time ago the word was received from Springfield that the measure which provided for this refund had been killed.

The \$143,681.62 made available at once is primarily for the purpose of refunding the county of Lake for the paving of Sheridan road. The other money that was appropriated but will not be available for two years will refund the money spent for the paving of Belviders street and other im- portant highways in the county. With the money received from the state Lake County can now proceed to pave other highways. Work now contem- plated will make Lake County one of the best paved counties in the state.

Children's Chorus and Orchestra

The audience is requested to join in singing "the Star Spangled Ban- ner."

The Children's Chorus has sung at the festival since its beginning, thir- teen years ago, and has become one of the regular features of festival week. At present the chorus con- sists of children from the schools of Evanston District 75 and Evanston District 76, and from Wilmette and Glencoe, and numbers approximately 1500 of the children of the sixth, seventh, and eighth grades. A large number of choruses and cantatas have been sung during these festivals, all with the accompaniment of the complete orchestra and all in a manner which has made the Children's Concert well known not only to the patrons of the festival but to the country at large.

The children who will sing at Rav- inia are selected from the interme- diate schools of Evanston District 75. This selection is made because it is the most practical way of grouping to- gether a number of children who know the festival music.

The program this year proved to be unusually interesting. The Can- tata by Webbe, "An Island Fable," deals with the story of a mouse and an elephant. Each was provoked at his size and envied the other. The kind fairy appears and changes the mouse to the size of the elephant and the elephant to the size of the mouse. At first they are delighted, but when they see the tremendous inconvenience to which they are placed their joy changes to mourning and finally when they are in complete despair the good fairy appears again and restores them to their normal size. As in all the old time fairy tales the moral is sung, namely that we should each be contented as we are and make the best of our own opportunities.

Four songs of eminent composers are sung with exquisite orchestra accompaniment and the program closes with the singing of patriotic songs, the audience joining in the "Star Spangled Banner."

The soloist of the performance, Mr. Millo Picco, is one of the celebrated baritones of the Metropolitan Opera Co. He has appeared for a number of seasons at Ravinia and is a prime favorite with Ravinia audiences.

"Movies Monday"

Another change made in the week- ly program at Ravinia Park is the addition of "movies." Every Monday night there will be a motion picture feature with orchestra accompani- ment. From 6:30 to 8:15 Monday evenings a chicken dinner will be served, and there will be dancing in the big open air dining room.

Glader tried to make it home but was caught at the pan, according to Umpire Shultz's decision. The Umps decision did not meet with the crowd's approval and it was here that all the trouble started which wound up in some half dozen fistie en- counters. After this disturbance play was resumed.
