## CHILDREN'S PROGRAMS ARE ESPECIALLY GOOD

### THE WEEK AT RAVINIA

#### Mr. and Mrs. Marx Oberndorfer Return to Have Charge of Thursday Afternoon Entertainment

The second week of Ravinia Park opera is nearing its close, and the good programs are coming along in rapid succession. The opening week at the park was perhaps the most successful, from an artistic point of view, of any in the history of the Ravinia opera. The children's Thursday afternoon program was well attended. Today the second will be held, and Mr. and Mrs. Marx Oberndorfer will have charge. Those who attended the Thursday afternoon concert last year are well acquainted with this couple.

The program for the week at Ravinia park is as follows: Thursday, July 7, afternoon, children's program, evening, "Rigoletto"; Friday, July 8, evening, "Tosca"; Saturday, July 9, afternoon, concert, evening, "La Boheme"; Sunday, July 10, afternoon, concert, evening, "Lucia Di Lammermoor"; Monday, July 11, evening, motion picture program, "The Woman in His House" and "Water's Trail", orchestral music; Tuesday, July 12, evening, "Il Trovatore"; Wednesday, July 13, evening, "Romeo and Juliet." Next Thursday afternoon, July 14, Mrs. Marx Oberndorfer will explain the instruments of the orchestra to the children. To those unfamiliar with the orchestra, nothing is more difficult to understand than the variety of tones from the different instruments. To a child it is exceedingly fascinating, not only to watch the different methods used in playing on the various instruments, but also to try to distinguish between the different instruments listening to the sounds. Mrs. Oberndorfer will describe in a very simple manner the different families of instruments in the orchestra, and how their tones are produced. Each individual voice will be heard, playing some well known selection taken from orchestral compositions, which are familiar to the children.

The concert program following this talk on the instruments has been especially planned, and will give each instrument in the orchestra an opportunity for an obligato passage.

## TAX OBJECTORS WIN SEVERAL NEW POINTS

### Hearing Has Been in Progress For Two Days in County Court

The hearing of objectors in the county court has been in progress for two days. The county officials have admitted illegality of the 30 per cent raise made in taxes by the Board of Review in 1919 in the cities of Lake Forest and Highland Park, and in the townships of Vernon, Lake Villa, Wauconda, and Newport.

The North Shore Sanitary District officers admit that the 10 per cent water tax is illegal, and that the balance of 33c is subject to the scaling process of the Juhl law.

Special From Waukegan, This Morning 10:30

The County Court this morning sustained all objections to the illegal tax.

It also held that the legislature had validated the action of the County Board in the million dollar bond issue only.

Thirty per cent raises on the assessed valuation in the city of Waukegan made in 1920 was also held illegal and void.

The tax objectors have won their fight on every hand.

## ICE CREAM SODAS ARE COMING DOWN AGAIN

Ten cent ice cream sodas and sodas, plus 1 cent war tax, appeared at four large drug stores in Chicago this morning, according to newspaper reports. "It is only a start," declared Russell J. Poole, Chicago high cost battler. "Now that the justice of the public's demand is seen by a few, the others will fall in line."

Fifteen cent sodas are prevalent in a great many towns already, others are following rapidly.

## The Newspaper's Value

The great obligation of a community to a newspaper is frequently forgotten, says the Fourth Estate, because it is taken for granted that a newspaper will do its part for the community whether it meets with reciprocity or not. But as a matter of fact, there is hardly a public enterprise that does not depend, to a more or less degree, upon the newspaper. It gives those enterprises its support without promise of reward, and frequently without hope of reward.

It boosts the city; boosts the county, and boosts its public and private undertakings.

It is the friend of the church, the school, the lodge, the patriotic and the charitable organizations. It knows no church or creed in those whom it exploits.

A newspaper is a sort of "big brother" to them all, and it takes an interest in the success of each.

## TO DISCUSS BEACH PROBLEM TONIGHT

### SPECIAL MEETING CALLED

#### Citizens of Highland Park Urged to Attend; Matter is One That Affects Everyone

There will be a meeting at eight o'clock tonight in the Council Chamber of a group of citizens appointed as a commission by Mayor Hastings to consider the beach problems and the parking of automobiles.

A cordial invitation is extended to every citizen of Highland Park in this important matter to attend this conference.

The problems that are growing out of the overcrowded condition of the beaches are becoming very serious. No doubt the conference will suggest some constructive measure that will help relieve the situation.

The beach problem is not confined alone to Highland Park. It is one that affects the entire north shore and it is expected that several officials of other north shore cities will attend. Everyone is urged to come if at all interested. This problem will be one of increasing seriousness as time goes on unless some comprehensive plan is developed to handle the situation.

Mr. Nelson was a member of the local police department for ten years, and during that time he rendered valuable service to the city. In 1911 he entered the employ of Mrs. E. M. Watkins. He was a member of the Swedish Lutheran church, and also a member of the Royal Arcanum.

## LIGHT TAIL LIGHTS AND SAVE FIVE DOLLARS

### Also Stop Speeding and Keep Your Cut-Outs Closed. Arrests Being Made

There is a state law which prohibits leaving cars on the street without tail-lights burning. There is also a similar city ordinance.

Citizens of Highland Park have become quite careless and several bad accidents have been narrowly averted. The local police have arrested between ten and fifteen in the past week for this violation. Highland Park authorities have been quite lenient with speed regulations in the past few months but unless some of the "speedsters" of our city slow up there will no doubt be arrests made for this offense also.

There is one more nuisance that must be stopped, that of parading our streets with cut-outs open, which is also in violation of our city ordinance and subject to fine.

In one case reported a subscriber had to wait 17 minutes for a call to be put through to Chicago through the local operator. In another instance three minutes were required to reach the manager's office, and in a third four minutes were consumed in an attempt to get the long distance operator. These are only a few of the complaints heard recently.

## ELKS DEFEAT NORTH ENDS AGAIN MONDAY

### Second Time This Season; Game With Lake Bluff Was a Fizzle

The Elks baseball team defeated the North Ends 11 to 3 Monday for the second time this season. Hessler and Hise were the battery for the winners. It was a good clean game of ball all the way through. Hessler pitched a very good game. Hise featured with a home run.

Sunday the Elk's team was trounced by Lake Bluff. Several of the Elk's infielders were absent, and recruits were enlisted to fill out the slate. Very little team work was used.

## FELL DOWN BLUFF AT CEDAR STREET

A motorist from Chicago, who, with a party of friends, was climbing down the bluff at the foot of Cedar street Sunday, stumbled and fell to the bottom of the cliff. He was rushed to the hospital in Friar's ambulance. There it was found that his injuries were severe. He was later removed to a Chicago hospital.

## WON HOLIDAY GAME FROM LAKE FOREST

### HITTING WAS VERY HEAVY

#### Y. M. C. Team Took 14-8 Contest Monday; Lost to Waukegan 7-3 Sunday Afternoon

The Young Men's club seemed to be laboring under a spell of some kind in their affair with Waukegan last Sunday. They played a listless indifferent game and were tossed out by the Waukegan nine after they had come from behind and tied the score.

But in the holiday mix-up with their bitter rivals at Lake Forest it was an entirely different story. Snappy "heads up" playing was the order of the day, and it seemed that all the pent up base knocks in their system came out to the chagrin and undoing of the Lake Foresters. Inning after inning the hits rattled off the Highland Park bats. Kerrigan pitching for Lake Forest withstood the avalanche of hits for five innings but finally grew tired of ducking the barrage and gave up in disgust to Brown who was promptly greeted with a double from the bat of rooky Sheahan.

Brown also met with rough treatment at the hands of the Highland Park crew. And Lake Forest had the stage all set with trimmings for a grand fiesta at the expense of the Young Men's club. A band from Great Lakes, public speaking, and a tremendous crowd of hostiles were on hand for the prospective humbling, but someone mixed the deck and slipped in a joker, and what was to have been a grand holiday was turned into mourning.

The Highland Park team played as if a world's championship depended on their efforts. Their offensive work with the willow was a revelation. Then there was the masterly pitching of Rudolph. It was the hottest day of the year, and the team had come out prepared to start at 3 o'clock but had to wait around in the broiling sun until four on account of the patriotic exercises in progress at the grounds. But Ruddy went in there with this handicap and pitched in a sweltering sun for two hours and ten minutes without once faltering or weakening.

And then to cap the climax of a spectacular performance he went to bat and secured two singles, a double, and a home run. Part of Lake Forest's eight runs were earned, but more were accounted for by the fact that our boys were playing on a strange field. The outfield was deceiving. Hillsides of grass hid depressions and small mounds that made an ordinary hit almost impossible to field.

The Lake Foresters were worthy opponents, for they are a fast and classy aggregation of pastimers, courteous and sportsmanlike, in fact, as clean playing a team as there is on the North Shore.

Games by innings:

1. Glader stroled, Therrien hit, Glader taking second. F. Glader forced G. Glader at 3rd. Duffy hit to 1st and tried to cut off Therrien at 3rd but the throw was wild and Therrien scored. Safe all around. Baldwin got an infield hit and F. Glader counted. McGath fanned and Landis flied out.

Metzger hit to short. Penar sacrificed. Swift was out on 3 strikes. McGovern hit and was thrown out at 2nd. Metzger scored.

2. Gerkin grounded out to 3rd. Rudolph raised a fly. G. Glader worked Kerrigan for his 2nd pass. Therrien hit to the infield. Glader on 2nd. Glader openly pilfered 3rd. Therrien followed suit with a pilfer of 2nd. On
