OBITUARY

Hiram Spafford Robbins, born Feb. 18, 1868, at Lomira, Dodge county, Wis., at the age of 21 married to Miss Jennie Dowie. Mr. Robbins entered the service of the Milwaukee railroad at the age of 24. He was soon promoted and his death was one of the noted and at the time of his death he was one of the oldest engineers in point of service on the system. He passed suddenly away at his home in Deerfield on the evening of July 19, 1921, having lived 53 years 5 months and 1 day. His widow and four children survive him, two children having passed away in infancy. Dr. George Hiram Robbins of Madison, Wis., John Holden Robbins and Miss Grace Robbins of Deerfield and Mrs. John Archer of Omaha, Neb., are the surviving children.

The deceased was a member of the Brotherhood of Locomotive Engineers, the Masonic order, and a ruling elder in the Presbyterian church of Deerfield.

To know Mr. Robbins was to love him. He was a man of deep piety, great affection and a most genial disposition. Hundreds of friends mourn his departure.

Deerfield Presbyterian Church

Rev. M. L. Thomas, Pastor.
Our church and entire village received a severe shock at the sudden death of our beloved elder, Hiram Robbins last Tuesday evening. The Mr. Robbins had lived among us less than a year, he had endeared himself to every heart by his loving disposition, kindness of heart and unfeigned piety. He was greatly beloved by the entire congregation and he will be greatly missed among us. The nobleness of his character may be estimated by the tribute paid to his memory by friends who came from Chicago and various villages and hamlets of Illinois to be present at his funeral. It is estimated that over one hundred railroad men alone were present. Our hearts go out in loving sympathy to Mrs. Robbins and the children. We are glad that they are to make their home in Deerfield where we may continue to have them near us. The pastor and Dr. Becker motored to Milwaukee on Friday to attend the funeral which was held in St. Paul's Methodist Episcopal church of which our late brother was formerly a member. The funeral there was nearly as large as the service in Deerfield.

The Phi Alpha Beta class of young women gave a most successful car-

nival on the lawn of the Community house last Saturday evening. Nearly everybody and his brother was present. This class of young women is about the liveliest organization which we have encountered in some time. Come again, girls; it was fine!

The most popular baby in Deerfield proved to be "Billy" Clouse, who led all the rest with 1173 votes.

Next Sunday morning Mr. William Wilson, an engineer on the St. Paul road, will have charge of the morning service. Mr. Wilson has been with the St. Paul road over thirty years and was a co-worker with the late Hiram Robbins for a long while. His subject is "Can a Man be a Railroad worker and be a Christian?" We ought to fill the church for this brother. He has many interesting experiences to relate. Be sure to hear him.

Harmless Fire (By Rev. M. L. Thomas)

These two words sound like contradictions. In most cases there is no such thing as harmless fire. By its very nature fire is the consumption of elements. If a person touches fire, there is pain; the flesh is singed, the body consumed. Yet we have on record one instance where fire was absolutely harmless though it enveloped the bodies of three men. Daniel 3:27 "The fire had no power upon their bodies, nor was the hair of their head singed, neither were their hosen changed, nor had the smell of fire passed over them." The three Jews faced the red hot furnace because of their conviction. They felt that it were better to burn than to bow before the idol. How this conviction is needed individually and collectively today! There are idols of gold today that we are commanded to bow before just as there were years ago. Americans are fast drifting to the point where they believe nothing sufficiently to burn for it. The Puritans felt it were better to face an uncharted sea, an unknown world, than to give up their convictions of God; the early American commonwealth felt that it were better to die fighting than to allow their liberties as free men to be snatched from them. Lincoln was willing to risk the Union upon the conviction that "all men are everywhere born free." He won, the Puritans won and all will win who are similarly constituted. The Jews were willing to risk their skins for their consciences, they won their consciences and won a Kingdom besides.

One of America's greatest idols today is the fashion-mongers of Paris and New York. A few men and women within these two cities sound the harp, dulcimer and sackbut and demand that American women fall down and worship the goddess of dress and fashion. The scriptures declare that women should be dressed in "modest apparel." Clothes are made to cover the entire body—not half of it. The idol of Fashion decrees that women's dresses should be cut downward to the neck and upward to the knees; that one third of the body should be exposed for the public gaze of men. If modest women could but know what modest men think of such nudity of the body they would blush with shame.

In the second place, the Jews went into the furnace and the only thing that was burned were the fetters which bound them. They entered the fire because of their trust and faith in their God who was able to deliver them. There is one spot in this world where the fire has forever lost its power, it has burned itself out; that place is Calvary. We behold God himself taking the fire of judgment into his own breast. It was a deliberate choice of the Son of God that he died there. His death was no mere accident, but it represented the premeditated and deliberate act of one removing the sting of death for all who will submit themselves to Him.

"Better be with the dead, Whom we, to gain our peace, have sent to peace, Than on the torture of the mind to lie In restless ecstasy."
