M. E. CHURCH

Vacation Over

The vacation season is over. Every one is back for the activities that will again call for a rest next year. Children and young people are looking forward but a few days to the opening of school. Those who have no employment are thinking with the same degree of apprehension of the days just ahead. But the fact remains everybody is back home. And this should and will mean to some numbers that the activities of the church shall receive renewed attention. Just what are we going to do about it? Only one thing; not only attend the services of the church but seek some definite place of service. There are opportunities almost without number in the various departments of church work for doing a definite piece of constructive work. The pastor or S. S. superintendent, or E. L. president, or W. F. M. S. president, or L. A. president: and of these will be able to offer you the chance of your life to make the next nine months count for others. Call on them. Who are they? Mr. W. E. Bletsch, Mr. James Jennings, Mrs. A. W. Howell or Mrs. T. M. Marks. They will be glad to have you talk matters over with them.

Announcements
The King's Heralds will meet on Wednesday at 2:30 at the home of Raymond Dick. This is the final meeting of the year.

The mid-week service Wednesday evening at 8:

Sunday services: S. S. at 9:30; morning worship at 10:45.

Epworth League at 6:30 p. m.; the evening evangelistic service at 7:30.

Notice, please, that the hour of the evening services has been changed to 6:30 and 7:30.

MERCHANTS DEMAND DAMAGES FROM CITY

Zion Men Who Were Held Without Bonds Freed by Habeas Corpus

The City of Zion, together with Justice of the Peace W. E. Schmalfuss and Chief of Police Theodore R. Becker, of Zion, are to be made defendants in a suit for damages on a charge of false imprisonment growing out of the arrest and incarceration in the Zion jail of Ernest C. Garner and John Irvine, merchants in that city, who were charged with having failed to comply with the new city ordinance ordering them to pay yearly license fees of \$150 and \$175 respectively.

These men were arrested Thursday night, Aug. 25, at 7 o'clock and despite their efforts to obtain their release were held without bonds. Judge C. C. Edwards heard a habeas corpus petition in circuit court Friday afternoon and dismissed the two merchants.

Justice Schmalfuss admitted that Garner and Irvine had presented satisfactory bonds Thursday night, and added that he had approved them. He admitted further that he had ordered them back to jail when they refused to pay the dollar fee demanded by him for approving the bonds. Then in spite of the protests of City Attorney Theo. Forby of Zion the court ordered the release of the two men on the habeas corpus writ.

The court also censured the Zion officers for having attempted to collect the \$1 fee for approving the bond before it was determined that the defendants were guilty of the crime charged against them. He said that if this sort of action were permitted there would be nothing to prevent the Zion police from making wholesale arrests and collecting fees from each person.

400 CO-EDS TURNED AWAY AT NORTHWESTERN

Higher Education Becoming More Popular, Says President Walter Dill Scott

Northwestern University authorities have been compelled to reject applications from 400 prospective co-eds for admission this Fall. The number is swelling daily.

Walter Dill Scott, the president, ascribes this fact principally to the growing popularity of higher education in the rural districts.

"The farm girl has come out of her mental lethargy," he said. "She is aspiring to higher knowledge than that of her predecessors — the 'three Rs' and good cooking. Education has become a national habit, rather than an individual ambition. And she who fails to avail herself of it finds herself in the wake of civilization — and alone."

The housing shortage in Evanston was ascribed as another reason by Dr. Scott. The university has no funds to build dormitories. And other homes meeting requirements of the dean of women have not increased. He added that construction of several dormitories for co-eds is planned for next year.

The total registration of co-eds approximates 2,000. An equal increase in registration of male students is announced. None of these latter have been rejected, since they are not restricted as to living quarters.

PLANNING GREATEST COOK COUNTY FAIR

\$10,000 PREMIUM AWARDS

All Northern Illinois Will Participate in Big Events at Palatine September 13 to 18

All northern Illinois is going to participate in this year's Cook County Fair, to be held at Palatine Sept. 13 to 18. The general scope of the Fair will be broader than ever before. Primarily it will be a real pageant of agricultural progress, but the program contemplates the entertainment and instruction of every man, woman and child in the upper part of the state, whether of the city or of the rural community. Ten thousand dollars will be awarded in premiums and the speed events call for prizes aggregating \$5,000.

Cook's sister counties are lending moral as well as practical support, and they are going to aid in making the Fair the biggest event of the kind ever held in Northern Illinois. The best harness horses in the Central West have been entered for the races, and a big feature of the program will be professional automobile, motorcycle and bicycle races. Many of the leading drivers and riders will take part in these races. Aside from the big agricultural and live-stock exhibits, there will be an automobile show and a horse show. Household displays also will be more extensive than ever before.

The management plans to make the Junior Cook County Fair a leading feature of the week's celebration. This Fair will be open to all children in Cook County, and these children are counting on the presence of their friends from adjoining counties. A. E. Paul, is superintendent of the Junior Fair and he is being ably supported by Edward J. Tobin, superintendent of Cook County schools. On Friday, the 13th, a special holiday will be proclaimed for the Cook County school children in order that this feature of the Fair may be successful and full of interest.

All the principal centers of the northern counties will conduct automobile tours to the Fair, and the Chicago automobile clubs are planning tours that will make the 26-mile stretch to Palatine look like an unbroken procession of machines. Chicago has had its Pageant of Progress, but it is taking big pride in the Palatine Fair and will do its full part toward making it a big success, feeling that it is as much its Fair as the rest of the county's.

Tuesday, Sept. 13, will be Inaugural Day, and Gov. Len Small will officially open the Fair. Wednesday will be American Legion Day, and all A. L. Posts of the county will take part, with many posts of other counties represented. Thursday will be suburban day, and fifty suburban towns among these towns will be shown in point of numbers attending and attractiveness of "turnouts." Friday will be Farm Bureau and Public School Day, and a big farm-bureau picnic will be a feature. Saturday will be Chicago Day, and prominent men from the metropolis will speak. Sunday will be Automobile Day with the big races for automobiles and motorcycles.

It will be a day-and-night Fair. Aside from the regular features, every night will witness display of fireworks and be further enlivened by special high-class attractions.

HARNESSING VOLCANO

Tentative plans for harnessing of Hawaii's mighty volcano, "Kilauea," have been prepared by a committee of manufacturers on the island, according to news reports. The volcano continuously is going off vast quantities of heat, ranging as high has 2,000 degrees Fahrenheit. It is planned to harness the heat and develop it into electricity for the unlimited development of industries on the island. It is proposed to make the heat available by boring made in safe territory, to depths where the heat is constant and high enough for the development of a continuous steam pressure.
