ATTENTION, SMOKERS

If all the cigars smoked in the United States each year were laid end to end, they would equal the mileage of steam and electric railroads in the country and there would be enough left to circle the equator more than five times. Three times as many cigarettes are smoked. More than 700,000,000 matches are used daily. In 1920 matches and smoking caused

ed a \$600,000 fire loss in Illinois. In the five year period preceding 1920 they caused a loss of almost \$92,000,000 in the United States.

Every care should be taken with matches and smoking materials so that they do not cause fires.

TO HONOR UNKNOWN SOLDIER NOVEMBER 11

PROCLAMATION IS ISSUED

President Harding Asks for a Silence of Two Minutes at Noon, Armistice Day, November 11th

At the request of the Secretary of War the President has issued the following proclamation providing for a two-minute's silence at noon on November 11 in honor of the Unknown American soldier who is to be buried that day at Arlington Cemetery.

By the President of the United States
A PROCLAMATION

Whereas the Congress of the United States, by a concurrent resolution adopted on the fourth day of March last authorized the Secretary of War to cause to be brought to the United States the body of an American who was a member of the American Expeditionary forces in Europe who lost his life during the World War and whose identity has not been established, for burial in the memorial amphitheater of the national cemetery at Arlington, Va.;

And whereas the remains of this unknown American to be brought to the United States in pursuance of the said concurrent resolution will be buried at Arlington on the 11th day of November next;

And whereas these remains will be representative of all unidentified American dead who in the world war gave their lives in their country's cause;

And whereas it is desired that grateful recognition of their loyal devotion to country and of their sacrifice should be appropriately shown with due solemnity by their God-fearing and patriotic fellow countrymen;

Now, therefore I, Warren G. Harding, President of the United States, do hereby call upon all devout and patriotic citizens of the United States to pause from their accustomed occupations and labors on Friday, the 11th day of November next, from 12 o'clock noon to 2 minutes past that hour for a period of silent prayer of thanks to the Giver of all good for these valuable and valorous lives and of supplication for His divine mercy and for His blessing upon our beloved country.

Furthermore, I hereby direct that the national flag be displayed at half staff upon all the public buildings of the United States and all stations of the Army, navy and marine corps throughout the world, as well as upon all American embassies, legations and consulates, from sunrise until sunset, on November 11, 1921.

In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed. Done in the District of Columbia this 30th day of September in the year of our Lord, one thousand nine hundred and twenty-one and of the Independence of the United States of America, the one hundred and forty-sixth.

Warren G. Harding,
By the President:
Charles E. Hughes,
Secretary of State.
