

**ORGANIZE GUILD TO PROMOTE THE DRAMA**

FIRST PLAY NOVEMBER 10

New Organization Formed to Present Original Plays by North Shore Artists

Original plays by local writers will be considered for presentation by the North Shore Theatre Guild, a recent organization of persons interested in drama and allied arts.

The Guild is composed of north shore residents from Lake Forest to Evanston who have been prominent in amateur theatricals for several years. Membership is open to all interested in the development of the drama. The fee of \$5.00 entitles the holder to admission to teas and receptions which will be given to professional players and playwrights, and two tickets to each of the plays produced during the year, and to two tickets to plays to be given privately to members of the Guild at the end of the season.

**Non-Profit Sharing**  
The North Shore Theatre Guild is a non-profit sharing organization. No salaries will be paid and such profit as may be realized will be retained in the treasury to defray the cost of future productions.

Palmer J. Clark will conduct the orchestra which will play for each performance.

Edna Ferber's play "12.00 a Year," to be given November 10 and 11 at the Winnetka Woman's club, is the first play scheduled. The play will also be presented Saturday evening, November 12 at the Kenilworth club, to be followed by performances at Evanston and Lake Forest.

The Guild also hopes to give one performance of a play not yet selected to which members alone will be admitted, and to produce a play for children.

**Its Personnel**

Eckhart, Kenilworth; Mr. Ralph C. Dennis, Evanston.

The plays will be produced by Mr. Stuart Bailey, who has for a number of years been prominently identified with the Hull House players, and is well known in amateur theatrical circles. The scenic and art decorations will be under the supervision of Mr. R. Fayerweather Babcock of Evanston, a well and favorably known artist. Mr. J. William Macy of Winnetka, is the director of publicity and Mr. Emory Cobb Andrews, also of Winnetka, is treasurer.

Volney Foster of Lake Forest, Mr. Perry Smith, Mrs. Preston Boyden, Mrs. Henry Tenny and Mrs. James Breese of Winnetka, Mrs. Bruce MacLeish of Glenoco, Mrs. Ralph Heilman of Evanston, Miss Olive Grover, who brings to the Guild her valuable experience in staging, and in lighting effects.

**SALVATION ARMY TO START DRIVE OCT. 24**

COUNTY QUOTA IS \$10,000.00

Money Needed to Carry On the Work This Winter; Much Good Work Has Been Done

The Salvation Army is asking Lake county for \$10,000 in a drive during the week of October 24-31 inclusive, to carry on its home service work. The non-employment situation and the prospect of a severe winter will make the demands upon the army unusually heavy. Its relief work especially will be largely increased. This is done wherever a member of the Salvation Army learns of need of any kind. The central depots for relief distribution are at the slum posts, particularly the one at 31st street and Normal avenue, and the central charities depot at Seventh and S. State streets.

Other activities of the Salvation Army in Chicago and vicinity are: one rescue home, one industrial home for men in Chicago, one industrial home for men in Evanston, nine industrial stores, five working men's hotels, one dispensary, one dental clinic, one free laundry, five employment bureaus, one ex-service men's bureau, one territorial headquarters, nineteen corps, one social headquarters, one divisional

headquarters, one training school, and one young women's boarding home, a missing friends bureau, and an anti-slavery bureau.

The refuge is inadequate in its equipment to the extent that it has been found necessary to ask help and co-operation from two hospitals. The refuge is absolutely free and any girl in trouble is received without question. About eighty-five per cent of the girls received are permanently restored to a useful happy place in society.

A large per cent of the men go from the industrial home back to the occupations they were following when misfortune of some sort overtook them. For all the work they do at the home, they are paid, so that when they start work on a new job they have presentable clothes and enough money to carry them to the first pay day at least. Very old and infirm men stay indefinitely and are given such light work as they are able to do. Every man in the home is paid something in addition to his room and board. A considerable amount of entertainment also is furnished.

The ex-service men's employment bureau, not only finds jobs for men without a fee, but pays them \$1.50 a day while they are hunting the jobs.

Talking is not necessarily the result of thought.

When German chemical works blow up and kill 1000 people it looks as if they were making something stronger than sauerkraut.

Latest statistics show 71,374,000 hogs in the United States, but this does not include automobile hogs. He thrives least who eats most.

Many people are dissatisfied with the school teachers, because they do not keep the children properly amused.

A lot of people who have complained because jobless men were auctioned off at Boston, have not themselves done anything to find work for the unemployed.

Impossible to tell what some men's income is, except that it is at a very late hour at night.
