NUMBER 34    THURSDAY, OCTOBER 20, 1921

Know thy work and do it, and work at it like a Hercules. One monster there is in the world: an idle man. — Carlyle.

**BUILD AGAINST FIRE**

The present day knowledge of the possibilities in building construction have advanced to a point where "building so it won't burn" is the easiest of performances. That more fire-proof buildings are not erected in farm and country is largely due to personal indifference and failure to recognize that our national fire loss of more than \$300,000,000 is purely a personal proposition. We will continue to burn up a per capita sum ten times greater than the per capita loss of Europe until we learn to build against fire and learn to penalize neglect of responsibility as they long ago learned to do it abroad.

The sport of burning up more than \$1,000,000 a day is too costly a one even for a country as rich as the United States to indulge in. Destruction of a billion and a quarter dollars of national resources every four years represents a drain that we cannot endure forever.

Gradually, but surely, we will witness a reduction in fire loss, not to mention the attendant loss of life; and self interest should force us into fire-save habits, of which "Building so it won't burn" is sure to be the most profitable.

**HELP THE SALVATION ARMY**

The Salvation Army drive in Highland Park, which was scheduled to end last Saturday, has been indefinitely continued. Out of the \$1,000 to be raised in this city only \$21 was subscribed.

An appeal was made last week for subscriptions to be left at the city hall. Very little interest was shown in the drive, and only a few citizens donated to the fund. Highland Park must raise its share of Lake county's quota of \$10,000.

All money secured by the Salvation Army in Lake county will be spent only in Lake county. The campaign is purely a local one in that sense. It is not a drive for the starving Armenians or the hungry children of Central Europe. It is a home charity. During the winter there will be a great deal of suffering among poor families in this county. The present period of industrial depression and economic unrest will wreak much hardship for families of workmen this winter. The situation can be greatly relieved by charitable organizations.

No society is more deserving of support than the Salvation Army. It is well organized, and well fitted to perform the task of bringing aid to the unfortunate. During last winter 3,043,418 pounds of coal were given to poor families by the Salvation Army. 52,219 men and 13,034 women were given employment through officers of the Salvation Army.

Highland Park has been called upon to subscribe the small sum of \$1,000 to aid the Salvation Army in its good work in Lake county. Thus far the contributions have amounted to only a few dollars. Will this city fail to raise its quota when others less wealthy are going "over the top"?

**MORE TRAINS NEEDED**

Representatives of the Highland Park Business Men's association and other citizens have signed a petition to be submitted to the Chicago and North Western railroad, asking for better train service. Three additional trains are asked for. The petition has been handed to Mayor Samuel M. Hastings, who will present it to the railroad company.

Highland Park has been called upon to subscribe the small amount of \$1,000 to aid the Salvation Army in its good work in Lake county. The trains are in operation at present; but do not stop at the station here. To put them on the Highland Park schedule would interfere very little with the railroad company's operation, and it would be a great convenience for local residents.

All time tables will have to be revised by the end of October when Daylight Saving Time is abandoned for the winter months. That would certainly be an opportune time to make the change.

9:30 a. m. Trinity Church School.  
11:00 a. m. Holy Communion and Sermon (1st Sunday), Morning Prayer and Sermon (remaining Sundays).

5:00 p. m. Evensong.  
Thursday and Holy Days—  
9:30 a. m. Holy Communion.

Trinity Church School  
The Young People's Eucharist will be celebrated this Sunday at 9:30 in the church, followed by the usual class session.

Vespers  
Evening prayer will be said at 5:00. We are very anxious to make this service really helpful to everyone in the parish, as well as to their friends. There will be no address, but instead the beautiful, familiar evening hymns and prayer. A cordial invitation is extended to everyone — young and old.

Gamma Kappa Delta  
The young people's society will meet immediately after evensong. All young people and their friends are invited to the Sunday evening vesper service, and then to adjourn to the parish house.

**UNITED EVANGELICAL**

Rev. J. H. Keagle, Pastor  
Evangelistic services are being held in this church every evening, with the exception of Saturday. The pastor is being assisted by Rev. G. B. Nielson of Chicago, who is a consecrated, inspirational preacher as well as a live song leader, having a splendid musical talent, both voice and piano.

All church members are urged to support these meetings by their attendance, prayers and by extending a cordial invitation to friends and strangers to come to as many of the services as possible. This is a rare treat of which all who can should take advantage.

On the coming Sabbath, October 23rd, there will be Sunday School at 9:30 a. m. as usual and at 7:00 p. m. Rev. Keagle will lead Christian Endeavor and the topic will be "What We Know About God." The regular morning and evening services will convene at the usual hours, 10:45 and 7:45 respectively.

The 2A's had their story hour on the beach yesterday. They noticed the lovely autumn colors along the bluff.

The 4B's took their annual Waukegan trip last Tuesday. They went on the Exmoor bus.

The 5A's have built a castle out of sand. In the turrets they have placed witch-hazel seeds which they find make excellent guns.

The 6B's are working on Robin Hood which they intend to dramatize soon.

The 6A's are making four Pilgrim posters.

From the candy sale held last week the 6A's made \$13.00 with which they purchased eleven new books for their library. The seventh and eighth grades made \$10.50 which they intend to use for library books, too.

The 7th and 8th grades have organized a Current Events club. The officers were elected last Monday.

Each of the upper grades have chosen an arithmetic squad. These squads in turn challenge each other to an arithmetic contest. Two contests have been held so far, the 8A's defeating the 7A's and the 8B's defeating the 8A's.

Autumn  
Mother Nature is lavish with her rich coloring. There are great avenues of golden yellow maples. They are like golden screens through which show great patches of azure sky. The cool green yards are framed in scarlet barberry bushes which spread out at the top like Japanese fans. There is a beautiful coppery glow to the leaves of the oak. The warm rich color of the scarlet oak together with the balmy air make one have a feeling of contentment. If one walks through the woods and ravines more beautiful colors than any artist can paint are found. Here and there in the woods are bushes of witch hazel with their blossoms of golden lace-like fringe. The feisty white clouds float through the air like huge masses of cotton. The mellow gold leaves of the beautiful white birch make the bark look whiter. The golden leaves dancing down through the air look like golden coins dropping from the sky. If one looks at a woods from a distance he discerns many, many colors; the flashing red and bronze color of the oaks, the creamy yellow of the birch, and the rich golden and pinkish tints of the maples. The long line of scarlet oaks is like a gypsy caravan with its gay trappings, passing over a gorgeous colored carpet of fallen leaves.
