### UNITED EVANGELICAL

Rev. J. H. Keagle, pastor.  
Last Sunday evening marked the close of a two weeks' series of evangelistic services under the preaching of the Rev. Nielson of Chicago. A very good interest was shown in these meetings and all who attended were undoubtedly very well repaid by the spiritual blessings received.

The regular order of services for the week has been resumed, as follows: Teacher Training classes on Tuesday evening, 7:30; prayer meeting on Wednesday evening, 7:45; choir practice Thursday evening, 8:00.

Following is the schedule of services for Sunday, November 6:  
9:30 a. m., Sunday school. The study of the life of Paul will be continued.

10:45, morning worship. Sermon by the pastor.

6:45 p. m., preparatory prayer service.

7:00 p. m., Christian Endeavor led by Walter Fidler. Topic: "Thy Will Be Done With My Money." All members are urged to attend as this will be the regular consecration meeting.

7:45, evening worship. Sermon by the pastor. Special music.

Tuesday evening occurred the first of the Township Teacher Training classes in this church. The large attendance, about 60, was indeed gratifying and it is hoped that a larger number will register for the course which will last for seven weeks. There will be two class periods each Tuesday evening, the first beginning at 7:30 o'clock sharp. The teachers made a very good impression, and it will be very much worth the while of any one who can possibly arrange to attend.

### Deerfield Presbyterian News

Oct. 30, Nov. 6, 1921.

Just a little reminder for the coming week.

We wonder if your husband or brother or father had the honor of being one of the nineteen men who attended the Community Bible class in the village hall last Sunday morning, if so, you know all about this live organization. The big bus made a special call at each home, then deposited them safely at the church door.

The Rev. Thomas will lead the class next Sunday. We expect 25 men to be on hand.

Last Monday evening our young people met at the home of Mr. and Mrs. William Sellers for one of the best Hallowe'en parties given in Deerfield. There was something doing every minute of the time. The home was most artistically decorated with goblins and pumpkins. The feast was one that will not be forgotten. Mr. M. L. Thomas and Miss Grace Robins took first and second prizes for the most out-landish costumes worn.

Our hearts go out in love and sympathy to Mr. Otto Teimman and family over the untimely death of his beloved wife, who died in the Highland Park hospital. The funeral services took place last Sunday afternoon at the home with the pastor officiating, and Mrs. Becker singing. The remains will be taken to Benton Harbor for final interment.

Last Tuesday evening a large number of our people left for Highland Park where they begin an eight-week course of special training in psychology and pedagogy. The big bus is being used and if there are more who desire to take advantage of this fine training, kindly speak to Miss Rothenbach about it. Teachers from Northwestern are conducting the classes.

Mr. Thomas will preach next Sunday morning and evening. He was sorry to have been absent last Sabbath, but was called to the first church of Waukegan. The subject next Sabbath evening will be "Is There a Hell, Who Goes There, and Why?" This is the last of a series of addresses upon immortality and its kindred subjects.

The Christian Endeavor will meet as usual at 6:45. All young folks are enjoined to be present.

The church was completely filled last Sunday evening to enjoy the first musical program of the season by the choir. The work was of a very high order. Mrs. Becker and Miss Biederstadt may well be proud of the high type of music which they are bringing to our little city. We were favored by several selections from out of town talent. Miss Chard and Mr. Bradford from Libertyville and Miss Unger of Deerfield were especially appreciated for their fine work.

We are to have another fine musical treat a week from this Thursday evening, or Thursday, Nov. 10, in the grammar school auditorium. The Glee club from the McCormick seminary will be with us. No second invitation will be needed for the village and surrounding country as their ability is widely known in musical circles.

Tickets may be secured from any member of the choir.

The people who have to pay more taxes will be convinced that the new tax bill is a consummate outrage, while those who have to pay less will believe it to be a triumph of statesmanship.

In these times when the automobiles are trying to push the railroad trains off the tracks, perhaps the baby carriages might also try to butt into motor trucks.

It is noticed that President Harding made no attempt to assemble his armament conference until after the world series ball games were well out of the way.

### ELM PLACE SCHOOL

Editor-in-chief, Maude Bakke  
Assistant Editors, SA Class

Many Hallowe'en parties were held at our school the past week. The SA's gave a farewell and Hallowe'en party for Thelma Frances at 4:00 p. m. on Thursday. The 7A's had their party on Friday.

The 4B's had a Hallowe'en party at which John Marshall brought half a crate of apples and the other children brought candy and cookies.

The IB's and IA's had a party Monday afternoon. The children brought some apples in the morning and made apple sauce with them. There were about 65 children at the party. All had a lovely time. The 5th and 6th grades had their party Monday afternoon, also.

For Hallowe'en the Kindergarten children cut out Jack O'Lanterns. They made an auto out of wooden blocks. The Kindergarten has a new contrivance for hiding blocks.

The third grades have been dyeing rags for the last few days. They are using onion skins and walnuts. Monday they had fun popping corn.

The fine copy of Hitchcock's Flower Girl which was given to the school by the June graduating class has now been moved from the 8A room to the 8B room. They are to enjoy it for a week, when it is to start on its journey from room to room. It will be 22 weeks on the way around all the rooms.

Miss Heffron has bought the Schulte set of books for the school library with the money that the seventh and eighth grades made at the last candy sale.

The two eighth grades have elected their debating squads. A debate will be held between the A's and B's Friday afternoon.

Paul Blanchard, an 8A pupil, took sick several weeks ago and underwent a mastoid operation. The 8A pupils wrote letters and sent flowers to him. He is getting along nicely.

The 2A's went to the school garden last Monday. They brought back some peanut plants, sorghum, and castor oil plants to study.

Miss White entertained the new teachers last Monday afternoon.

### ANNUAL MEETING OF ARDEN SHORE, NOV. 9

Association to Elect Officers  
Next Wednesday. Meeting To Be in Chicago

The annual meeting of the Arden Shore association will be held Wednesday morning, November 9, at ten

o'clock in the directors' room of the Chicago Savings bank, 7 West Madison street.

Officers for the ensuing year will be elected and full reports of the work of the Camp will be given. Members of the association, consisting of all contributors, are urged to be present.

Arden Shore Camp at Lake Bluff is open all the year round. There are forty boys up there now rapidly putting on much needed weight so that they may be fit to enter the business world. They are the future business men of Chicago and will go into her factories and shops, her railroads and her banks. Big business men who have investigated the work being done at the Camp know its value and appreciate the kind of boys that are sent to them from Arden Shore.

Such men are especially requested to spare an hour from their busy day to come to the meeting and give the Board of Managers the benefit of their experience and advice.

Mrs. J. McGregor Adams is honorary president of the Arden Shore association and Mrs. Carl R. Latham of Evanston is president.

The chairman of the Highland Park committee is Mrs. H. C. Glidden.

### COMMUNITY TRAINING SCHOOL OPENED TUES.

61 Attend First Meeting. Miss Hawthorne and Dr. Whitechurch in Charge

On Tuesday evening sixty-one persons were present at the opening night of the Community Training school. All present agreed that the teachers measured up to expectations in the courses they presented. Miss Hawthorne was especially effective in her two courses on the "Teaching of Religion" and the "Religion of Childhood."

Dr. Whitechurch of Garrett Biblical Institute gave a very interesting introduction to his Bible course pertaining to the interpretation of

the New Testament by the teaching of Jesus.

Both teachers will be asked to present a brief summary of the first evening's work at the next meeting on Tuesday, so that those beginning then will miss no essential points.

Parents should remember that Miss Hawthorne's courses are very valuable to them in helping their own children in the work of the Sunday School.

The school closed with an informal get-acquainted time. It will do much to help develop the community idea in Highland Park.

### LINCOLN SCHOOL P. T. A.

Every parent-teacher association member should know for themselves and be able to enlighten any inquirer as to the methods in use in the school where their children attend, and be sufficiently well-posted to render an intelligent account of what the school is doing in its various branches of educational work.

A direct and interesting means to this end is afforded by "teacher-talks" to the parents. A practical program of his nature has been arranged by the educational committee.

Mrs. Freeman, chairman for the next meeting of the Lincoln P. T. association, in which the four special teachers of the school will take part: Miss Goddard, physical training; Mrs. Clapp, music; Miss Alexander, art; and Mr. Borg, manual training.

The meeting will be held Wednesday afternoon, Nov. 9, promptly at 3:30 in the Lincoln school. It is believed that no parent-member having the interest of their children at heart will fail to attend this meeting. Intelligent understanding by parents of the work and requirements of the school helps develop loyalty among the children and to make the teachers' efforts more fruitful.

### WE'LL SAY SO!

In a room there were three—  
My girl, a lamp and me;  
Three's a crowd without doubt—  
Wasn't it nice when the lamp went out?

After complaining because there is so much unemployment, the railroad men now promise to tie up freight and shut up thousands of factories.

No sign of the buyers' strike is reported among the eager purchasers of fake stocks.

The enthusiasm of the motorists for good roads cools off quite a little when someone mentions a tax on gasoline to help build highways.
