BENZOLINE

The High-Power Motor Fuel

for all

AUTOMOBILES AND TRUCKS

What is Benzoline?

This question has been asked time and time again by automobile owners who are desirous of saving money on their motor fuel. Is it another substitute or is it a safe motor fuel to take the place of gasoline and will it be available at all times?

Benzoline is not a substitute or a gasoline enricher. It is a high-powered motor fuel that will not only take the place of gasoline but is so much better in every respect, that when once used by any motorist he

will never go back to gasoline. It not only gives more mileage and power but a satisfactory freedom from carbon trouble and motor knocks that will please the most exacting.

All of the ingredients composing Benzoline are well known to almost everyone and contain no material of any nature that can injure any part of a motor. This fuel has all of the advantages of gasoline and none of its disadvantages.

INCREASES MILEAGE 25%

INCREASES POWER 20%

GOVERNOR'S SON TO STAY IN WAUKEGAN

TO REMAIN WITH FATHER

Small Family, However, Will Spend Much Time in Chicago; Other Lake County News

Leslie Small, editor of the "Republican," a daily newspaper at Kankakee, will be with his father, Governor Len Small, throughout the trial of the latter at Waukegan, it was learned last week. The governor's wife will not be in Waukegan much, if any, of the time during his stay there. If he leases a private residence in Waukegan, the governor will be there only a part of the time, and will spend most of his time in Chicago when not in court.

James McLean, alias Harris, was found guilty of larceny by a jury which returned a verdict in circuit court last week. McLean was charged with having stolen twenty large cartons from a "Soo" line train near Area. The cartons were valued at \$100 each. The cartons were found buried in a fresh furrow in a plowed field in Fremont township, where they had been hidden.

The famous Cary slide of the Norge Ski club of Chicago, which was wrecked in a wind storm last summer is being rebuilt and made ready for this year's annual events. The new concrete foundation was completed last week and work of erecting the huge steel structure is well under way. The Cary slide has long been the scene of championship contests where many of the world's greatest skiers competed. The national championship events are scheduled to be held at the McHenry county jump this year.

Chicagoans who fancy themselves "nature lovers" have been denuding the lotus beds of Grass lake to such an extent that the flowers have almost disappeared, it has been announced by Grass Lake residents who propose to take their grievance to the state legislature. "The lotus blooms in the United States only in Grass Lake," it was pointed out. "People from Chicago have been coming here and yanking out the plants with the idea of establishing them in window boxes in the city. We are going to get special protection."

Louis Cairo stepped into a store at Bondout conducted by Mrs. Josephine Perrino. He wanted to buy a package of cigarettes, he says, but the woman, after locking the door, drew a razor and attempted to cut his throat, slashing a three-inch gash across his neck. Then she had him arrested and taken before Justice Lyell Morris of Libertyville. Deducting from the valuable lingo that Cairo was blameless of any misconduct, the justice refused to hold him. Mrs. Perrino was fined \$50 and costs by the Waukegan justice. Her motive in attempting to butcher the visitor was not explained.

That John Turek, the North Chicago man who sought to commit suicide by hanging a few days ago, was driven insane by moonshine from his own still, is the statement of Supervisor George Bairstow, whose attention was called to the case because of the pitiful plight of Mrs. Turek and her four small children.

LAKE COUNTY BAR ASSOCIATION MEETS

Attorney Stanley Tuthill Discussed "Blue Sky" Law at Banquet Last Week

The Lake County Bar association held a banquet last Friday evening at the Salvation Army Hotel, Waukegan, about 30 members of the bar attending. The speaker of the evening was Attorney Stanley Tuthill, son of Judge Richard S. Tuthill of Chicago.

Attorney Tuthill discussed the "Blue Sky" law and Incorporated Acts and told how to organize corporations under the new laws in which he specializes.

Judge Benjamin H. Miller, of Libertyville, president of the association presided and selected a committee of counsel with Atty. Elam L. Clarke, from this district to delegate the Constitutional Convention. The committee consists of Judge C. C. Edwards, Homer W. Cooke, Clarence W. Diver, Paul MacGuffin and Judge Miller.

A number of the members of the Bar Association will go to Sycamore on November 5th to attend the Federated and Local Bar Association meeting of the Sixth Judicial District. They will also appoint delegates to attend the meeting of the Bar Association of Chicago on November 19th.

The banquet tables were beautifully decorated with white and pink carnations and the members of the association voted to have these flowers sent to the sick at the hospital.

It is feared that women should sit on all government boards. If these boards don't reduce the taxes it will be hard for some one to sit on them.

Everybody's Problem

seems to be "Where do we go from here?" Our problem is getting your goods there with safety. Our practical efficiency has solved that problem. The dough, ray, me, fa, so, la, to, dough of your piano will tell you we moved it safely and reasonably.

EVERY MAN MUST FIGURE OUT FOR HIMSELF HIS OWN LIFE PROBLEM!

SERVICE

FIRST

Long-Distance Service at Night

Evening and night long-distance telephone calls cost less than day calls, the lines are clearer of traffic and the service is rapid.

By use of the "station to station" service long-distance telephone bills are considerably reduced.

The rate per call during the evening, by this plan, is only slightly more than one-half of the rate for day calls. After midnight the rate is much less, for example: Chicago to Cleveland, for three-minute talks, day rate, \$2.05—8:30 p. m. to midnight, \$1.05—midnight to 4:30 a. m., 55 cents.

Get acquainted with the money and time saving "station to station" service.
