"MUM" EXHIBITION
NOVEMBER 12 AND 13

Show This Year Will Be Better Than Ever; Competition is Keen

The Chrysanthemum Exhibition to be held at the Durand Art Institute in Lake Forest, Nov. 12 and 13, promises to be one of the most successful in the history of the North Shore Horticultural Society.

The season just closing, has been very favorable for the development of high class flowers; while the absence of frosts ensures a display of vegetables, equal to any of the summer shows.

For the trophies offered, a very keen competition is promised from the many large estates of Lake Forest, thus making a visit to the exhibition a source of much pleasure and interest.

The American home is now known as the starting place for a nightly trip to the movies or an attack on the piano player.

Some people's idea of enlightenment is to lay in a stock of moonshine.

The hand that used to rock the cradle finds there is more money now in hitting the typewriter.

SEEK EMPLOYMENT AT THE CITY HALL

Residents Who Have Work to be Done Asked to Notify the Bureau

The new employment bureau created at the city hall has received several applications for work; but as yet has been unable to find jobs for any of the applicants. Anyone in Highland Park who has work to be done is urged to communicate with the city hall.

Some of the applicants are ex-service men; one is a high school student; another an old man, who has been doing janitor work, but who is willing to do anything. An ex-butler is the only colored man who registered. Then there is a chauffeur, an engineer, and a variety of others. One married man and an ex-soldier, is willing to do any kind of odd jobs.

Those in charge of the employment bureau state that they will only attempt to take care of residents of Highland Park, and that they will not list any unemployed from other places.

FOR THE FAMILY

You may have seen the family group that the Youth's Companion has chosen for its symbol. It appears on all Companion stationery and on all Companion advertising matter. It typifies the idea that The Companion stands for — the solidarity of the family. In its stories, in its articles, in its contents generally, The Companion speaks to the family, animated by the spirit that draws parents and children together round a common hearthstone, sharers in the same duties, the same joys, the same aspirations. New subscribers for 1922 will receive:

1. The Youth's Companion—52 issues in 1922.
2. All remaining weekly 1921 issues.
3. The Companion Home Calendar for 1922.

All for \$2.50.

4. Or include McCall's Magazine, the monthly authority on fashions. Both publications, only \$3.00.

In spite of all crop failures, the United States has an abundant supply of nuts.

While the French people are restoring 4,000,000 acres devastated by the Germans a lot of our folks haven't energy enough to set out trees on streets baked by the summer sun.

The serve self restaurant is a delusion. They charge you less per unit of food, but you help yourself to too many units.

We held a two-dollar bill in one hand the other day while we asked the price of a slight service. There was no change.

MOTOR CAR OWNERS of taste, judgment, and refinement often times prefer to reflect a personality in their cars by remodeling them or having exclusive and distinctive bodies made. Oftentimes it may just be the changing of fenders or rebuilding the body part. Then again, it may be just repolishing and repainting.

An inspection of our Coach and Carriage Works at 1223 S. Michigan Avenue will be a revelation to motor car owners who choose to drive a car that is different from that possessed by others.

Our master craftsmen are at your service.
