

Formerly the poet sung beautiful lines about the barefoot boy with cheeks of tan, but now he would have to get out something about his pointed toe shoes and football face protectors.

The indoor workers are claiming extra pay because it is so unhealthy to work indoors, and the outdoor workers are claiming extra pay, because it is so disagreeable outside in bad weather.

RED CROSS WORKING FOR HEALTHIER U. S.

Thousands Aided by Instruction in Care of the Sick, Food Selection and First Aid

How the American Red Cross guides thousands of persons to health is shown in a summary of the society's activities in the health field based upon the annual report for the last fiscal year. Through its Nursing Service, its Home Hygiene and Care of the Sick courses, nutrition classes, First Aid classes, Life-Saving classes and Health Centers and in numerous other ways designed to acquaint masses of citizens with proper methods of living, the Red Cross carried its message of health into all parts of the country.

The work of the Red Cross during the war in its traditional field of nursing, furnishing the military and naval establishments of the nation with 19,877 nurses, is well known. And there are today 37,787 nurses registered with the American Red Cross and subject to call in emergency. During the fiscal year, 1,551 Red Cross nurses were accepted for assignment to Government service, 388 by the Army and Navy and 1,163 by the United States Public Health Service.

In addition to the nurses enrolled by the Red Cross for Government service, the Red Cross itself employed a total of 1,348 public health nurses in the United States and Europe. By far the greatest number was employed in the United States, 1,237, while 81 were in foreign service.

Home Hygiene and Care of the Sick classes, giving thorough instruction in the proper care of the sick in instances where the illness is not so serious as to require professional nursing care, during the fiscal year numbered 5,178. A statistical picture of the Red Cross operations in this field follows:

New classes formed during year 5,170
Classes completed during year 6,290
New students enrolled 101,068
Students completing course 78,432

What the Red Cross accomplished in giving proper instruction through its Nutrition Service is indicated by the following table:

New classes formed during year 142
Classes completed during year 180
New students enrolled 2,341
Students completing course 2,013

In addition to the above, a total of 22,006 children were given instruction in the proper selection and preparation of foods.

Through its 290 Health Centers, the Red Cross reached 90,252 persons. In these Health Centers, 4,015 health lectures were given and 780 health exhibits held.

In the United States last year, 75,482 persons were killed and 3,500,000 injured in industrial accidents. To prevent this enormous waste the Red Cross held 5,100 first aid classes with a total of 104,000 students enrolled.

OFFICERS ELECTED AT ARDEN SHORE

ANNUAL MEETING HELD Superintendent Reports Very Successful Summer Season; Many Enjoyed Open Air Camp

At the annual meeting of the Arden Shore association, held Wednesday, Nov. 9, the new board of managers for the year 1921-22 was elected. This board consists of an honorary president, a president, two vice-presidents, a recording secretary, a corresponding secretary, a treasurer, eight members-at-large, and the town-chairmen of Chicago and the north shore cities.

The following women were elected to form the board:

Honorary President—Mrs. J. McGregor Adams.
President—Mrs. Carl R. Latham.
Vice-president—Mrs. Robert B. Gregory.
Vice-president—Mrs. Robert B. Gregory.
Recording Secretary—Miss Gladys Spry.
Corresponding Secretary—Mrs. George Shaw.
Treasurer—Mrs. E. D. Parmelee.
Members at large: Mrs. Bruce McLeish. Mrs. Philip Post.

Mrs. George B. Dryden.
Mrs. John W. Scott.
Mrs. Charles H. Thorne.
Mrs. George A. Mason.
Mrs. William G. Hibbard.
Town Chairmen:
Chicago—Mrs. Elizabeth Stone.
Evanston—Mrs. John C. Slade.
Wilmette—Mrs. Joseph J. Siddall.
Kenilworth—Mrs. Mark Cresap.
Winnetka—Mrs. John R. Montgomery.

excessive heat in the city, the houses of Lake Michigan, the rest and past food, and most of all, the babies, were appreciated more keenly than ever.

The girls in the nutritional department of the camp made the greatest gain recorded in any open air camp during the summer. This gain was in many cases as high as 700 per cent. The boys at the camp now are trying hard to beat the record made by the girls last summer.

A New York play producer estimates there are 5,000 men and women in New York City alone writing plays. An average of fifteen plays is received by him daily. One out of every 200 he receives is accepted. Living in Austria is now 98 times as costly as in 1914.

A good business woman usually drives a harder bargain than a man.

RED CROSS RESCUED 600,000 FROM DEATH

Spent \$1,200,000 for Relief of Famine Sufferers in China Last Year

To help overcome conditions of acute distress in five famine stricken provinces of Northern China, where millions of persons were affected by an unprecedented shortage of food, the American Red Cross during the last fiscal year spent more than \$1,200,000, \$1,000,000 of which was contributed directly by National Headquarters and the remainder by various groups interested in the welfare of China.

Through the wide relief operations thus made possible it is estimated that more than 600,000 famine sufferers were saved from starvation.

To the end that similar prompt relief measures by the organization may always be possible the Red Cross is asking continued support by the American people by universal renewal of membership at the Annual Red Cross Roll Call, November 11 to 24.

The method of relief employed by the American Red Cross in its operations in China was particularly effective, for in addition to saving hundreds of thousands of lives it provided China with more than 900 miles of permanent roads that are sorely needed to prevent a recurrence of famine. At one time the Red Cross employed 74,000 Chinese workmen, paying them in food for themselves and dependents, this food being brought in from Manchuria and elsewhere.

LIFE SAVING CORPS ENROLLMENT 10,000

Growth of Red Cross Life Saving Corps throughout the country continued unabated during the last fiscal year, a summary of the year's achievements by that Red Cross Service shows. There are now 100 Corps with a total membership of more than 10,000 members, of which 1,276 are sufficiently skilled in the work to act as examiners. Among the outstanding achievements of the Red Cross in this field during the last year was the organization at the United States Naval Academy, Annapolis, of what is perhaps the largest life saving corps in the world.
