Here's the Button for Soft Cuffs

Everybody will soon be wearing the soft cuff's own button.

Aside from its convenience the Kum-a-part is absolutely essential to correct dress. The old style chain and stiff post button was made for stiff cuffs. The Kum-a-part was created for soft cuffs.

Dyeing Is An Art

This country is known for its many schools and colleges, where we can learn various trades and industries. Germany is known for its dye schools where men learn the art of dyeing; and truly, it is an art. We are fortunate in securing the services of a Dyer who served his apprenticeship in Germany, and was taught the trade from the ground up. He has had 35 years' experience and has had charge of some of the largest Dye plants in this and the old country.

It is with the greatest of confidence that we respectfully solicit your trade. Send us that faded dress that has long since been in the discard, and any other garments that you may have and we will show you what a real Dyer can do.
