

## Home Washing Versus Damp Wash Service

ONE WASH MACHINE—ELECTRICITY—SUPPLIES—HIRE HELP OR PERSONAL LABOR AGAINST OUR DAMP WASH SERVICE OF 25 LBS. FOR \$1.25.

YOUR WASH MACHINE AND HOME WASHING is costing you too much money. Go over these figures carefully:— One wash machine costs you \$150.00 or more. \$5.00 down and \$5.00 per month until paid for. It takes you about 30 months to pay for the machine. During this time you use electricity, soap, blue, etc., for which you pay additional.

You must stay at home loading and unloading the machine and running the wringer and carry and hang out the clothes. If you do not do the work yourself and you employ some one it costs you their wages and meals. This is another expense.

Perhaps you are not always well on the day you do the washing, making it an additional hardship on you.

If you use the machine each week for 30 months it will begin to need repairs or you will have to call in the electrician or mechanic:—MORE EXPENSE.

Now sum up all these items of expense and compare the total with the actual cost of having your laundry done the "DAMP WASH" Way, 25 lbs. for \$1.25 and \$.05 per lb. for each additional pound.

Very few families have more than 25 lbs. of laundry each week. At the price you pay for a wash machine, supplies, electricity, repairs and labor you may send your laundry to us for two or three years besides doing away with the mess around the house and you have the day to yourself for more enjoyable things than washing clothes.

Your laundry is called for and delivered to you the next day in a damp (not wet) condition with quite a number of pieces ready to iron.

If you have no wash machine you can have no better health insurance than having your laundry done the "DAMP WASH" way. Send us your entire family wash and see the remarkable results.

Milton Merner has recovered from the chicken pox.

Mrs. Arthur Merner has been ill for several weeks.

Mrs. Romayne Stryker's mother is visiting at his home.

Invitations have been issued for a Christmas party to the primary children of the Presbyterian church, their mothers and grandmothers for Wednesday, Dec. 28, at 2 o'clock, in the community house.

Mrs. Lincoln Pettis entertained the Five Hundred club at her home Tuesday afternoon.

A novel way of raising money for schools was presented Friday evening at the Deerfield grammar school. It was an exhibit and bazaar of articles made by the children. Gilded and tinted weeds for winter bouquets, embroidered articles, calendars, poinsettias, baskets, paper toys, paper flowers, candy boxes, wooden toys made with saws and enameled, decorated sanitas sets filled the beautifully arranged booths. Because of the stormy weather and due to the lack of electricity for about an hour during the evening, the crowd was not as large as expected.

Grammar School Exhibition and Sale  
By Agnes Gloden

An exhibit and sale of the work done by the school children was held last Friday evening at the Deerfield Grammar School. It began at seven o'clock and in spite of the inclement weather, it was a great success.

The ten large booths decorated with the Christmas color were arranged along the outer edges of the hall. The stage was turned into a reception room and the Christmas spirit was carried out in every way possible.

Near the entrance there was a booth at which weeds painted by the children of the third and second grades, were sold. These decorated weeds were in such great demand that all the orders could not be filled. There was a booth devoted to the selling of coffee and sandwiches and at another popcorn and candy were sold. At another booth poinsettias and baskets made by the fifth and sixth grade children were sold. Salt and pepper shakers and coat hangers decorated by the children of the fourth and fifth grades were also on display. Luncheon sets made by the seventh and eighth grade children and waste paper baskets made by the children of the first grade were very attractive. There was also on display a nursery quilt made by the third grade children. Each child made one of the blocks on which an animal was sewed.

The toy booth was the most interesting of all. These toys were made by the boys of the seventh and eighth grades. There was Mr. Quack with his bright green vest and Mrs. Quack with her quaint bonnet and speckled dress. Buster Bear was there with Mrs. Bee, Boxer and Wolf-Wool. In fact most of the characters of the Bed Time Stories were there together with other bears, elephants and giraffes.

The three hundred people who braved the storm were greatly interested and many remarks were made about the business-like manner of seventh and eighth grade children who had charge of the booths. One convenience was that the packages were wrapped at a special wrapping counter.

#### United Evangelical Church

All of the services on next Christmas Sunday, will be in the spirit of the day of our Lord. The subjects for the Sunday School, Christian Endeavor, and at the Christmas nature, all will be of a Christmas nature. In making our Christmas plans, shall we plan on being at all of the services and thus realizing most fully the true spirit of the day.

The annual Christmas program of the Sunday School will be given Friday night of this week. The offering taken at this time will be our Christmas gift to missions.

The Rev. Frank Pitt will preach at the eleven o'clock service.

Prayer meeting Wednesday evening.

The Camp Fire girls will entertain the Blue Bird group at a Christmas party in the church parlors at 2:30 Tuesday afternoon, December 27.

There will be a party for the Cradle Roll and Beginners and their mothers in the church parlors at two o'clock Wednesday afternoon, Dec. 28.

There will be a party for the primary children and their mothers in the church parlors at two-thirty Thursday afternoon, Dec. 29.

## BOWMAN'S MILK Is Perfectly Pasteurized

All Bowman's Milk is perfectly pasteurized at a temperature of 145 degrees and held at that point of heat for thirty minutes.

This "slow" process of pasteurization is more costly than other methods, but it is well worth the added cost in the added safety it gives Bowman's Milk.

Then the milk is chilled to 40 degrees and kept packed in pure ice until delivered to you.

Bowman's Milk is the best. Ask for it.
