Elisha Morgan, former Highland Parker Makes Plea in Vashon Island Paper

FOR VASHON ISLAND

A CHRISTMAS MESSAGE

The Vashon Island (King County Wash.) News Record of December 9th, published the following article, written by Elisha Morgan, a former resident of Highland

In these days when the spirit of the desire to give to others, to serve in giving to Vashon Island something of a new, or at least a greater, spirit

home to us that here on Vashon is land we must work together for the

With its beautiful situation - in a section of the United States that nized and appreciated by peop share in promoting co-operation.

ing good roads.

Vashon island poultry breeders have a nation-wide field for disposing of their output - not island-wide. The greater the number of successes among breeders on this island the sooner will the eyes of the purchasing world be drawn to this island as the best place to supply their wants.

proved unequalled for. The spirit of the west has given

looks ahead, sees need of things to do and does them. We can equip ourselves with the power to put Vashon on the map of things accomplished, by planning shead and getting ready, so that when

Berry and fruit growers will put cannery on the island. Poultrymen for special bargains now in will build a receiving station for Choice Vacant; also Houses straw and feed. Perhaps eggs will

of mutual helpfulness? In this old world-this Xmas time

create a new and better order of things. Out of longings of suffering peoples for protection against future conflicts has come a realization that if the war shall not have been fought dedicate themselves to working out, nation with nation, a new standard of world conduct. The welfare of nations, the safety of peoples, depends on co-operation — working together each for the good of all.

is more and more coming to be recogeverywhere as having natural beauties that make it a mecca for tourists, soil and climate that offer unequaled possibilities to home seekers - this island will become famous in time for its wonderful productiveness along certain lines. That time will come rapidly if we of the island see the need of co-operation and do our

We must organize and work together. Everywhere - the world over -this has been proved the only means of attaining real success in all lines of human activity, either of industry or of government. We know it is so in churches, in schools, and in build-

In raising of poultry and in egg ating useful information for seeing and adopting improved methods, for avoiding mistakes, and for sharing a stimulating enthusiasm by working together in mutual helpfulness must

be apparent to all.

And so it is with berry growers and producers of cherries, pears and other things that the island has been
