

Home Washing Versus Damp Wash Service

ONE WASH MACHINE—ELECTRICITY—SUPPLIES—HIRE HELP OR PERSONAL LABOR AGAINST OUR DAMP WASH SERVICE OF 25 LBS. FOR \$1.25.

YOUR WASH MACHINE AND HOME WASHING is costing you too much money. Go over these figures carefully:—One wash machine costs you \$150.00 or more. \$5.00 down and \$5.00 per month until paid for. It takes you about 30 months to pay for the machine. During this time you use electricity, soap, blue, etc., for which you pay additional.

You must stay at home loading and unloading the machine and running the wringer and carry and hang out the clothes. If you do not do the work yourself and you employ some one it costs you their wages and meals. This is another expense.

Perhaps you are not always well on the day you do the washing, making it an additional hardship on you.

If you use the machine each week for 30 months it will begin to need repairs or you will have to call in the electrician or mechanic:—MORE EXPENSE.

Now sum up all these items of expense and compare the total with the actual cost of having your laundry done the "DAMP WASH" way, 25 lbs. for \$1.25 and \$.05 per lb. for each additional pound.

Very few families have more than 25 lbs. of laundry each week. At the price you pay for a wash machine, supplies, electricity, repairs and labor you may send your laundry to us for two or three years besides doing away with the mess around the house and you have the day to yourself for more enjoyable things than washing clothes.

Your laundry is called for and delivered to you the next day in a damp (not wet) condition with quite a number of pieces ready to iron.

If you have no wash machine you can have no better health insurance than having your laundry done the "DAMP WASH" way. Send us your entire family wash and see the remarkable results.

Deerfield Presbyterian Church

Last week was one of the fullest that we have witnessed in a long while, beginning with the cantata on Wednesday evening and finishing on Sunday evening with the beautifully illustrated lecture by Rev. Loveland, the week was one of the best we have ever had. The Christmas Cantata "Star of the East" was beautifully rendered by the choir from the opening number until the close. The solo work by Prof. Thomas, Miss Robbins, Mrs. Becker and Mrs. Selig was very fine, while the quartet work by Messrs. Thomas and Stanger, Mrs. Selig and Mrs. Becker was greatly appreciated by the audience. Every member of the chorus showed a mastery of technique and richness of voice not before brought out, while Miss Biederstadt's playing was up to its usual high quality. The Presbyterian church is justly proud of its choir and those who compose its membership. We look for even better things later in the year.

All who were privileged to see the beautiful play and tableau as given in the church Friday evening, depicting the Christmas story will not soon forget it. Miss Amelia Petersen and Miss Kuster are to be congratulated upon their ability to present this greatest of all stories in such a noble way. The children participating all showed a control worthy of themselves and their parts, while Miss Agnes Petersen's recital showed her deep spiritual nature as well as her deep stored memory. Mrs. Easton's following the story upon the piano made the evening one well worth while for all.

Those present Sunday evening were one of their praise of the stereopticon address as given by Rev. Gilbert Loveland. These pictures and their appeal to the hearts of the audience and the manner of their interpretation by our brother stand in a class by themselves. The entire community ought to again have the opportunity of seeing these pictures.

Our people are asked to keep in mind the Watch-night service on next Saturday evening beginning at 8 o'clock. There will be special pictures with lots of fun thrown in to keep the monotony away, then a bit of luncheon to keep you awake and lastly a beautiful closing service to see the old year die and the new one born. Do not fail to be present with us. Sunday morning divine communion will be celebrated, new members received into membership and children baptized.

Do not forget the Sunday evening address.

ROBERT LUTZ

Robert Lutz, who was well known in Highland Park, owing to his association with the Transportation Department at Fort Sheridan for the last twenty-one years, was accidentally killed on Saturday, Dec. 17, at the North Gate of Fort Sheridan, by a Milwaukee limited train on the Chicago, North Shore and Milwaukee Electric R. R. There was a blinding snowstorm and a strong wind blowing, which, in the growing darkness, prevented him from either seeing or hearing the train. He is survived by three sons, Robert A. of Chicago, and Harold C. and Richard E. of Minneapolis.

ADVICE TO "FOOLISH WIVES"

By Miss Dupont

A husband in hand is worth two in court.

Your husband will never outgrow the boy stage. Treat him as such and he'll cuddle like an infant.

Foolish wives are those who buy heavy glasses to find their husband's weaknesses.

Taffy now is better than epitaphy later. Say it with kind words — flowers wilt.

You've got him — let the others worry.

If he says he has been at a lodge meeting, believe him, you won't add to your peace of mind by learning otherwise.

If you don't tell him he's wonderful, there's a flapper waiting round the corner who will.

If half he tells you is true — let the other half slide.

So many girls are taking business positions away from the men, that there is nothing left for a lot of fellows to do but marry a girl with money.

It is denied that the reason why young girls are called "flappers" is because their tongues have a tendency to get to flapping.

Might as well pass a resolution, that if the United States ever goes to war to get more trade in Asia, the force to be sent for that purpose shall consist entirely of volunteers.
