### COMMUNITY SERVICE

#### Boys' Club Holds Watch Party

The New Year's watch party held at the Community Center by the Community Boys' club was voted the finest affair of its kind ever held in Highland Park. The evening was spent in games, music and dancing, with a midnight lunch to top it off with. The boys themselves had prepared the program and had invited their friends, and the Community Center was comfortably filled. Upon the urgent request of several who had seen the boys play "Ding-a-ling" given at the big Community Christmas party, the cast gave an informal performance of the play which elicited much merriment. Mr. Charles Tingle of National Community Service was present and sang several songs, and Miss Zipora Blumenfeld led in the games.

The Community Boys' club is rapidly forging to the front as a community effort. They have organized two basketball teams which expect to win the championship of the North Shore. The dramatic section is starting work on a new comedy called "Rosie, The Girl from Paris," and with these two plays the club hopes to make a tour of the North Shore towns. The regular weekly meeting of the club was held last Wednesday evening and several new members were initiated. Boys wishing to join the club should make application to Secretary A. Fell.

The work of Community Service is back in full swing again after the holidays. The gym classes start Saturday morning at 9 o'clock, and the Americanization classes are being held as usual on Tuesday and Thursday evenings at the Center.

There are still many men out of work and Community Service is doing all it can to help them, but little real progress can be made unless the people of Highland Park co-operate by letting us know where jobs may be procured. Call 261 if you have any kind of a job whether it be temporary or permanent.

January 28 is the date of the big "joy night" when Ralph Bingham appears on the community lyceum course. Mark your calendar with red for it will be a red letter day for all who attend.

Plans are now being drawn up for the joint minstrel production of the Young Men's club and Community Service, and active work on the show will start at an early date. All persons having talent and desiring to take part are requested to send their names in to Mr. Herring at the Community Center.

It has been proposed that Community Service start a music class in harmony, sight reading, and conducting, and if enough interest is shown this will be done. Anyone interested in taking up this work will please communicate with the Community Center.

### Y. W. C. A. NOTES

The first meeting of the New Year for the Mothers' club was held Tuesday evening.

Mrs. Daniel Cobb was the speaker of the evening, and in her gracious original manner gave one of the most interesting talks that have been given at the Y. W. C. A.

It was especially appropriate as it dealt with women's affairs in the every day walks of life, and closed with a reading from one of the Aunt Jane stories that every one loves.

The humor and pathos of it all was very appealing.

The music provided by the Juniors was especially good. Helen Dostalek gave two piano solos, showing skill and real ability.

Lois Larson contributed two groups of songs in a sweet, girlish voice, that called for encores to which she pleasantly responded.

Light refreshments were served and a social time followed.

A farewell party in the nature of a shower was given Thursday evening in honor of Miss Rose Swihart, at the Y. W. C. A.

The table was beautifully decorated in pink and green with a single pink rose for the guest of honor.

Dainty refreshments were served and the cake cut just at the right place to bestow upon the expectant guests the thimble, ring and money—the ever popular method of fortune telling.

The last but not the least of festivities was the opening of the parcels set before the bride-to-be and this took a good long time for there were many and attractive surprises bestowed upon this popular member of the Friendship club.

The regular meeting of the Y. W. C. A. board will be held Tuesday, January 10, at 10 o'clock.

The older groups of Girl Reserves under their leader, Miss Cummins, went to Chicago Wednesday morning to visit Hull House and the Chicago Y. W. C. A.

Dancing classes will resume January 9 and 10 as usual.

New pupils will be taken into the class at this time.

Arrangements can be made by calling 975.

## 350 VETS DESTITUTE SAYS "Y" SECRETARY

LACK MANY NECESSITIES

Ex-Service Men at Great Lakes Without Sufficient Clothing; Relief Work is Begun

Three hundred and fifty shell-shocked, gassed and wounded veterans in Great Lakes hospital today are without clothing and other necessities of life, declares Secretary E. R. Gobrecht of the Waukegan Y. M. C. A., in disclosing conditions alleged to exist there.

They are the same men who paid in blood that democracy might endure—living martyrs of the terrible God of War.

They lack overcoats, shoes, shirts, even a change of underwear.

They are there for examination and observation—waiting patiently for the red tape of the government to unwind, that the compensation they seek be granted.

Relief for the stricken heroes is being sought by the Y. M. C. A., under the direction of General Secretary Gobrecht and the Rev. Nelson Hall, navy secretary of the Waukegan "Y" located at the naval station.

Quietly and without public announcement, the organization has for the last month, undertaken to provide clothing for the veterans. Overcoats, shoes, and other articles valued at more than \$1,000, have already been secured in the relief work. But much more is needed.

No Provision for Clothing "These men are civilians who come to the hospital to be examined and cared for, pending a decision as to compensation," Secretary Gobrecht said.

While the world is hollering for more carpenters, bricklayers, stone-masons and farmers, the schools keep turning out stenographers, bookkeepers, clerks and accountants.

"The government, which opened the hospital four months ago for this purpose, has provided expert medical treatment and attention, food and shelter. No provision, however, was made for clothing.

"Many of these men, since their discharge, have been unable to work because of their condition. Some have been improvident, others unfortunate, after going back into civilian life.

"Many of them are mental cases, men for whom the war is still a frightful fact. Some are bed patients.

Suffering from War Effects "They are men who are trying to help themselves—to find themselves. The terrible effects of the war has told on them mentally and physically.

"They come to the hospital, most of them, with, as the expression is, only 'the clothes on their back.' Many lack overcoats, shoes, suits, some even a change of underwear.

"We told the story of these men to a prominent banker in this county. He listened in silence, then brought out an overcoat which he had purchased that day for his own use," Mr. Gobrecht said.

According to the secretary, about 30 new patients are being received them in the same difficulty.

Will Carry On The relief work will be carried on until every patient at the hospital is provided with clothing necessities, Mr. Gobrecht said.

Appeals made to various organizations and churches, and also to private individuals have met with a generous response, he said.

While the world is hollering for more carpenters, bricklayers, stone-masons and farmers, the schools keep turning out stenographers, bookkeepers, clerks and accountants.
