SATURDAY, JANUARY 14  
Hoot Gibson in "Sure Fire"

## \$900,000 WORTH OF ROADS BONDS SOLD

ELEVEN BIDS RECEIVED

Contract Awarded By Finance Committee Last Week to Taylor, Ewart and Co., Chicago

Lake county road bonds totaling \$900,000 were sold late Friday afternoon by the finance committee of the board of supervisors for \$918,387, the premium being \$18,387. There were eleven bidders, all being from Chicago with the exception of the Peoples Bank of Waukegan, through which the Waukegan National and the First National Banks of Waukegan bid.

The successful bidder was Taylor, Ewart & Co., of Chicago. The bids were opened by Ray Paddock, chairman of the board of supervisors, who served as a substitute for Supervisor Vercoe, chairman of the finance committee, who is in Florida, Supervisor Kirschner, A. G. Mather, and Lew A. Hendee, county clerk.

"When we advertised for bids we didn't expect to get such a large premium," declared Chairman Paddock. "But the bond market is good now, as the large number of bidders indicated."

While the figures of some of the bidders are higher they had clauses which more than offset those of the successful bidders, who put no restrictions on their bids. This company agrees to pay to the county the entire amount of their bid as soon as the bonds are printed, signed and delivered and the county can take the money then and invest it where they can get the most interest. With some of the other bidders the money would have to be left with the bidder at two percent interest. The Waukegan banks had this kind of clause and it would have had to be left in these banks until needed for construction work.

By getting all the money at the time the bonds are printed the committee will invest it in smaller banks of the county and receive at least three percent interest. One Highland Park bank has offered to pay four percent. Both the committee, Clerk Hendee and Treasurer Roy Bracher believe this is the best plan as it will enable the county to get not only more interest but also give local banks the use of the money. Some of the smaller banks in the county would not have a chance as they couldn't swing the entire issue singly. The bids were as follows:

Taylor, Ewart & Co., \$918,387.  
National City Company, 906,980.  
E. H. Rollins & Sons, 906,904.  
Peoples Bank of Waukegan, \$922,885.  
Hornblower & Weeks, \$913,872.  
Stacy & Braun, \$909,873.  
Ames Emerich & Co., \$914,670.  
R. M. Grout & Co., \$910,000.  
Elston, Allyn & Co., \$924,993.  
Hill, Joiner & Co., \$916,074.  
Curtis Sanger, \$909,118.

## JUDGE DONNELLY BURIED LAST WEEK

Services Held at Woodstock; Fine Tributes Paid Well Known Jurist

The funeral of Judge Chas. H. Donnelly was held at Woodstock last Friday morning at 10 o'clock from St. Mary's church. The building being crowded to the doors with friends of the veteran jurist, who served the four counties in this district for a quarter of a century, and whose wisdom and fairness became known to many outside of this territory, many down state friends being in attendance to pay their last respects to this esteemed man.

The members of the Lake County Bar Association attended the funeral in a body, as did those of McHenry, Winnebago and Boone counties.

Tributes were paid to Judge Donnelly by Circuit Judge Edward D. Shurtleff of Marengo, and Judge Fred E. Carpenter of Rockford.

"When Judge Donnelly went to the County court bench in McHenry county in 1890 the bar of that county was led by him," said Judge Shurtleff.

"Judge Donnelly was my best friend. He possessed marked ability as a lawyer and a jurist. He was endowed with rare common sense which he knew how to bring to the solution of legal questions. Judge Donnelly was a man of absolute honesty; he was always honest with himself as well as others. There never was a man who was more loyal to his friends than he, and he was always fair with his enemies. The bar of McHenry county has lost a great deal in the death of Judge Donnelly."

Judge Carpenter said: "The first time I met Judge Donnelly, was when I was a law student. The judge came to Rockford during the first year he was on the circuit bench. Judge Donnelly heard a chancery case in the court here. Judge Donnelly decided the case against the client of his friend. He believed that he was right and no personal or political friendships ever swerved him from the plain path of duty. He was an able and a just jurist."

"In later life I came to know Judge Donnelly well. He was an ideal pre-

siding judge, a good lawyer, an excellent citizen, and he will be greatly missed by all those who knew and loved him."

## NAUGHTY WORDS SHOCK ZION LEADERS

Seek to Oust Overseer Charles S. Caldwell; Start Court Proceedings

Brute force, wild language from the pulpit, and a limited knowledge of the Bible and the Leaves of Healing forms a combination entirely repulsive to the elders of the Christian Catholic Apostolic Church in Zion, as they say, in no gentle terms, in a memorandum filed in circuit court Saturday morning. This memorandum demands the removal of Charles S. Caldwell from the office of general overseer of the church.

The memorandum is signed by a dozen or so of the leaders of the church, who believe that the teachings of the First Apostle, John Alexander Dowrie, can never be changed, and they object to any teachings contrary to the words of their First Apostle.

The declaration charges Caldwell with three offenses against the deities of the church body, and the first is a regret that he has so limited a knowledge of the Bible and the Leaves of Healing. They object to his alleged statement that in his reputed ignorance of the Bible and the Leaves of Healing, God sends him knowledge through the direct inspiration of the Holy Ghost.

They do not like his inspirations, and they object to the frequent use of the word "damn" from the pulpit. He is charged with using "vile language" in the pulpit, and in the presence of women. His vocabulary, they claim, is much too severe and harsh for their needs in religion.

They charge him with having "degraded the office of overseer," when he removed his coat and forcibly ejected one of the elders from his presence because the elder stood for the teachings of the First Apostle. The declaration closes with a hope that he will reform, by saying:

"It therefore becomes our duty to remove you from office of General Overseer of the Christian Catholic Apostolic Church of Zion. May God, in his infinite mercy, lead you to a deep and true repentance."

## CHRISTMAS ECHOES FROM RED CROSS

"It is the first time that Christmas has ever meant anything to me," said a disabled ex-service man. "It made me feel better just watching the kids have a good time."

He is one of ten disabled ex-service men to whom the Junior Red Cross gave a crisp new \$5.00 bill; his children are four out of 900 for whom the Junior Red Cross provided Christmas presents. There were dolls and baby jackets made by sewing classes; toys and doll furniture, made by manual training classes, scrap books from the kindergarten classes, desks and candy from cooking school classes, and every pupils did his best work knowing that it was to give pleasure to the children of ex-service men.

New Trier and other township high schools sent wonderful boxes overseas.

Victrolas and victrola records were also given by the Junior Red Cross to men in the contract hospitals.

The Chicago Chapter, American Red Cross, added \$2.00 to the checks of the regular pensioners; and gave trees or fancy baskets with individual gifts to the men in the contract hospitals. Boxes were sent to Cook county men at Biltmore, North Carolina and letters have been received telling how glad they are not to be forgotten by "home folks."

## "DRY" SQUAD RAIDS HALF DAY PLACE

Roadhouse Operated by Mrs. Ed. Kelly Visited by State's Attorney's Men

State's Attorney A. V. Smith's "crusaders" spent a busy Friday night preparing Waukegan for dry new year. Some moisture may have been left for the celebration, but at the rate the "spongers" brought in the evidence and the manufacturers, the "brimming cup" and "the bottle to fit the hip" were scarcer than hen's teeth this year, and the annual drinking bee of the rounders was confined to glass after glass of Bryan's Delight-grape juice.

The roadhouse operated by Mrs. Ed. Kelly, at Half Day, was raided Friday night, and information was filed. John Jarz's farm at Five Points also received the attentions of the "dry west winds" from Colonel Smith's office, and liquor confiscated there. Information was also filed in this case.

The evidence gathered against Anton Walsky and William Kauppiliot, taken in Thursday raids, was duly considered and the information filed.

A sadder, but wiser man is John Gaffney, whose car became playful as John's mind became admittedly dull under the influence of liquor. John was released from the county jail Saturday after paying a fine of \$50 and promising never to drink moonshine again—while driving.

## MANY MEN LEAVING GREAT LAKES STATION

ONLY 1,500 ARE LEFT

Several Drafts Sent to Sea This Week; Other Brief Items of Lake County News

Between four to six hundred men are leaving the Great Lakes in a general reduction of the station's personnel. The loss of these men will reduce the naval station to a complement of less than 1500 men.

Drafts leaving Great Lakes will carry the men to various parts of the two major fleets, while a number of small drafts will carry men from the Aviation-Mechanic's school to air stations along both the Atlantic and Pacific coasts, as well as to the naval air station at Pensacola, Fla.

It was at first thought that the entire 18th Regiment would be abandoned and the personnel sent to sea. This regiment, which is for recruits in general service and the ship's company men of the station, will probably remain until a later date.

Motorists traveling through Lake county after snow storms need have no fear of getting stuck this winter because the county has made arrangements to keep open the main traveled highways with big motor snow plows.

Another one of these snow plows was delivered last week to Charles E. Russell, county superintendent of highways, which makes three at his disposal. These plows will be operated on Grand avenue, Sheridan road, Waukegan road and Belvidere road.

There are in reality government trucks equipped with snow scrapers and are of sufficient size to battle the deepest snow drifts.

It is understood that there are four others available for use in other parts of the county by township highway commissioners.

At a meeting of the city council in North Chicago last week Mayor Henry Deacon was authorized to confer with Congressman Carl R. Chidholm concerning an effort on the part of the city to annex the concrete highway, constructed by the government, through Camp Lawrence, running along the "J" tracks, between Morrow avenue and the Downey road.

This is an 18-foot concrete highway built by the navy department and never has been open to the public, but if the government releases it to North Chicago it will connect Five Points with Sheridan Road, a highway badly needed.

Renewed activities in the building industry in Waukegan are heralded in the near future, as a result of a voluntary reduction in the wage rate for union carpenter labor. One hundred and twenty-five members of the local carpenters' union met in Woodmen's hall last week, and voted, by a majority of more than 100, to reduce the wage rate from \$1.25 to \$1.10 an hour.

## MENTION SHURTLEFF FOR NEW JUDGESHIP

Former Floor Leader at Springfield May be Candidate in Chicago District

Edward D. Shurtleff of Marengo, is prominently mentioned as a possible candidate for one of the two United States district judgeships under the bill passed by the House and now in the Senate at Washington. The bill creates twenty-two new districts of which Illinois gets two, one for Chicago and one for Danville. Judge Shurtleff is mentioned for the Chicago district. Adam C. Cliffe of Sycamore is the other most likely candidate for the Chicago district judgeship.

Former Gov. Lowden has wanted to see his friend Shurtleff appointed a federal judge for a long time. Shurtleff was the Lowden floor leader in the house of representatives at Springfield during two sessions of the legislature. Cliffe at the same time was in the senate and was one of the governor's main supporters. However, Lowden didn't need the help in the senate that he did in the house.

The question among the politicians is just how far Senator McCormick will recall that the former governor never did a lot for McCormick. In the senatorial race between McCormick and Mayor Thompson, Mr. Lowden refused to take sides. This angered the Thompson group, for they believed Lowden owed them a political debt for their support of him against Frank L. Smith and Senator Hull in the 1916 primary.

Last year Mr. Shurtleff, before he was appointed a circuit judge by Governor Lowden, got into the race for the United States senatorial nomination against McKinley, Smith and B. M. Chipperfield of Canton.

Under the terms of the deal made in 1918 McCormick was backing Mr. Kinley in that fight. McCormick set to work to have both Shurtleff and Chipperfield withdraw from the contest, fearing Smith would win if they remained in the race. McCormick induced Lowden to help, and he was successful with Shurtleff.
